Boredom *2011-01-01*

in the first book to argue for the benefits of boredom peter toohey dispels the myth that it s simply a childish emotion or an existential malaise like jean paul sartre s nausea he shows how boredom is in fact one of our most common and constructive emotions and is an essential part of the human experience this informative and entertaining investigation of boredom what it is and what it isn t its uses and its dangers spans more than 3 000 years of history and takes readers through fascinating neurological and psychological theories of emotion as well as recent scientific investigations to illustrate its role in our lives there are australian aboriginals and bored romans jeffrey archer and caged cockatoos camus and the early christians durer and degas toohey also explores the important role that boredom plays in popular and highbrow culture and how over the centuries it has proven to be a stimulus for art and literature toohey shows that boredom is a universal emotion experienced by humans throughout history and he explains its place and value in today s world boredom a lively history is vital reading for anyone interested in what goes on when supposedly nothing happens

The Lively Experiment Continued 1987

dismissed by some as the last of the anti darwinians his fame as a rigorous biologist even tainted by an alleged link to national socialist ideology it is undeniable that jakob von uexküll 1864 1944 was eagerly read by many philosophers across the spectrum of philosophical schools from scheler to merleau ponty and deleuze and from heidegger to blumenberg and agamben what has then allowed his name to survive the misery of history as well as the usually fatal gap between science and humanities this collection of essays attempts for the first time to do justice to uexküll s theoretical impact on western culture by highlighting his importance for philosophy the book aims to contribute to the general interpretation of the relationship between biology and philosophy in the last century and explore the often neglected connection between continental philosophy and the sciences of life thanks to the exploration of uexküll s conceptual legacy the origins of cybernetics the overcoming of metaphysical dualisms and a refined understanding of organisms appear variedly interconnected uexküll s background and his relevance in current debates are thoroughly examined as to appeal to undergraduate and postgraduate students as well as postdoctoral researchers in fields such as history of the life sciences philosophy of biology critical animal studies philosophical anthropology biosemiotics and biopolitics

Jakob von Uexküll and Philosophy *2019-12-09*

if you thought you knew who you were think again did you know that half your dna isn t human that somebody somewhere has exactly the same face or that most of your memories are fiction what about the fact that you are as hairy as a chimpanzee various parts of your body don t belong to you or that you can read other people s minds do you really know why you blush yawn and cry why 90 per cent of laughter has nothing to do with humour or what will happen to your mind after you die you belong to a unique fascinating and often misunderstood species how to be human is your guide to making the most of it

How to Be Human 2017-09-21

cutting across literature film art and philosophy art of the ordinary is a trailblazing cross disciplinary engagement with the ordinary and the everyday because writes richard deming the ordinary is always at hand it is in fact too familiar for us to perceive it and become fully aware of it the ordinary he argues is what most needs to be discovered and yet is something that can never be approached since to do so is to immediately change it art of the ordinary explores how philosophical questions can be revealed in surprising places as in a stand up comic s routine for instance or a brillo box or a hollywood movie from negotiations with the primary materials of culture and community ways of reading self and other are made available deepening one s ability to respond to ethical social and political dilemmas deming picks out key figures such as the philosophers stanley cavell arthur danto and richard wollheim poet john ashbery artist andy warhol and comedian steven wright to showcase the foundational concepts of language ethics and society deming interrogates how acts of the imagination by these people and others become the means for transforming the alienated ordinary into a presence of the everyday that constantly and continually creates opportunities of investment in its calls on interpretive faculties in art of the ordinary deming brings together the arts philosophy and psychology in new and compelling ways so as to offer generative provocative insights into how we think and represent the world to others as well as to ourselves

Art of the Ordinary 2018-05-15

a thoughtful gleeful encyclopedia of emotions both broad and outrageously specific from throughout history and around the world how do you feel today is your heart fluttering in anticipation your stomach tight with nerves are you falling in love feeling a bit miffed do you have the heebie jeebies are you antsy with iktsuarpok or filled with nakhes recent research suggests there are only six basic emotions but if that makes you feel uneasy suspicious and maybe even a little bereft the book of human emotions is for you in this unique book you ll get to travel across the world and through time learning how different cultures have articulated the human experience and picking up some fascinating new knowledge about yourself along the way from the familiar anger to the foreign zal each entertaining and informative alphabetical entry reveals the surprising connections and fascinating facts behind our emotional lives whether you re in search of the perfect word to sum up that cozy feeling you get from being inside on a cold winter s night surrounded by friends and good food what the dutch call gezelligheid or wondering how nostalgia evolved from a fatal illness to enjoyable self indulgence tiffany watt smith draws on history anthropology science art literature music and popular culture to find the answers in reading the book of human emotions you ll discover feelings you never knew you had like basorexia the sudden urge to kiss someone and gain unexpected insights into why you feel the way you do besides aren t you curious what nginyiwarrarringu means

The Book of Human Emotions *2016-06-07*

the striking actuality of walter benjamin s work does not rest on a supposed usefulness of his philosophy for current concerns but rather on the high legibility to which his oeuvre has come in the present indeed this legibility is a function of critique which unearths the truth content of a work in a constellation of reading with the present and assures thereby that the work lives on following this methodological tenet this book approaches benjamin s work with two foci the actuality of his critique of violence a central and unavoidable topic in the contemporary political philosophical debate and the actuality of his critique of experience which perhaps is not as conspicuous as that of his critique of violence but constitutes nonetheless the bedrock upon which his whole philosophy rests

Walter Benjamin and the Actuality of Critique *2021-07-28*

in this widely hailed book npr correspondent tom gjelten fuses the story of the bacardi family and their famous rum business with cuba s tumultuous experience over the last 150 years to produce a deeply entertaining historical narrative the company facundo bacardi launched in cuba in 1862 brought worldwide fame to the island and in the decades that followed his bacardi descendants participated in every aspect of cuban life with his intimate account of their struggles and adventures across five generations gjelten brings to life the larger story of cuba s fight for freedom its tortured relationship with america the rise of fidel castro and the violent division of the cuban nation

Bacardi and the Long Fight for Cuba *2008-09-04*

poetry has long been thought of as a genre devoted to grand subjects timeless themes and sublime beauty why then have contemporary poets turned with such intensity to documenting and capturing the everyday and mundane drawing on insights about the nature of everyday life from philosophy history and critical theory andrew epstein traces the modern history of this preoccupation and considers why it is so much with us today attention equals life argues that a potent hunger for everyday life explodes in the post 1945 period as a reaction to the rapid unsettling transformations of this epoch which have resulted in a culture of perilous distraction epstein demonstrates that poetry is an important and perhaps unlikely cultural form that has mounted a response and even a mode of resistance to a culture suffering from an acute crisis of attention in this timely and engaging study epstein examines why a compulsion to represent the everyday becomes predominant in the decades after modernism and why it has so often sparked genre bending formal experimentation with chapters devoted to illuminating readings of a diverse group of writers including poets associated with influential movements like the new york school language poetry and conceptual writing the book considers the variety of forms contemporary poetry of everyday life has taken and analyzes how gender race and political forces all profoundly inflect the experience and the representation of the quotidian by exploring the rise of experimental realism as a poetic mode and the turn to rule governed everyday life projects attention equals life offers a new way of understanding a vital strain at the heart of twentieth and twenty first century literature it not only charts the evolution of a significant concept in cultural theory and poetry but also reminds

readers that the quest to pay attention to the everyday within today's frenetic world of smartphones and social media is an urgent and unending task

Attention Equals Life *2016-06-10*

the seventies witnessed economic decline in america coupled with a series of foreign policy failures events that created an air of unease and uncertainty this volume examines the ways in which americans responded to a changing world and sought to redefine themselves

America in the Seventies *2004*

war is often characterised as one percent terror 99 per cent boredom whilst much ink has been spilt on the one per cent relatively little work has been directed toward the other 99 per cent of a soldier's time as such this book will be welcomed by those seeking a fuller understanding of what makes soldiers endure war and how they cope with prolonged periods of inaction it explores the issue of military boredom and investigates how soldiers spent their time when not engaged in battle work or training through a study of their creative imaginative and intellectual lives it examines the efforts of military authorities to provide solutions to military boredom and the problem of discipline and morale through the provisioning of entertainment and education but more importantly explores the ways in which soldiers responded to such efforts arguing that soldiers used entertainment and education in ways that suited them the focus in the book is on australians and their experiences primarily during the first world war but with subsequent chapters taking the story through the second world war to the vietnam war this focus on a single national group allows questions to be raised about what might or might not be exceptional about the experiences of a particular national group and the ways national identity can shape an individual's relationship and engagement with education and entertainment it can also suggest the continuities and changes in these experiences through the course of three wars the story of australians at war illuminates a much broader story of the experience of war and people's responses to war in the twentieth century

'Boredom is the Enemy' *2013-07-28*

beginning with the legacy of roger williams who in 1633 founded the first colony not restricted to people of one faith the lively experiment chronicles how americans have continually demolished traditional prejudices while at the same time erecting new walls between belief systems the chapters gathered here reveal how americans are sensitively attuned to irony and contradiction to unanticipated eruptions of bigotry and unheralded acts of decency and to the disruption caused by new movements and the reassurance supplied by old divisions the authors examine the way ethnicity race and imperialism have been woven into the fabric of interreligious relations and highlight how currents of tolerance and intolerance have rippled in multiple directions nearly four hundred years after roger williams rhode island

colony the lively experiment of religious tolerance remains a core tenet of the american way of life this volume honors this boisterous tradition by offering the first comprehensive account of america s vibrant and often tumultuous history of interreligious relations

The Lively Experiment 2015-03-19

unlike collections of essays which focus on a single century or whose authors are drawn from a single discipline this collection reflects the myriad performance options available to london audiences offering readers a composite portrait of the music drama and dance productions that characterized this rich period just as the performing arts were deeply interrelated the essays presented here by scholars from a range of fields engage in dialogue with others in the volume the opening section examines a famous series of 1701 performances based on the competition between composers to set william congreve s masque the judgment of paris to music the essays in the central section the mainpiece showcase performers and productions on the london stage from a variety of perspectives including english tastes in art and music the use of dance the depiction of madness and masculinity in both spoken and musical performances and genres and modes in the context of contemporary criticism and theatrical practice a brief afterpiece looks at comic pieces in relation to satire parody and homage by bringing together work by scholars of music dance and drama this cross disciplinary collection illuminates the interconnecting strands that shaped a vibrant theatrical world

The Lively Arts of the London Stage, 1675–1725 2016-12-05

this book discusses slow cinema a contemporary global production trend that has recently gained momentum in film theory and criticism slow films dispense with narrative progression in favour of a contemplative mood which is stretched out to the extreme in order to impel viewers to confront cinematic temporality in all its undivided glory despite its critical reputation as an oblique mode of film practice slow cinema continues to attract challenge and provoke audiences focusing on filmmakers béla tarr tsai ming liang and nuri bilge ceylan this book identifies nostalgia absurd humour and boredom as intrinsic dimensions of slow cinema and explores the ways in which these directors negotiate local filmmaking conventions with the demands of a global cinephile niche as the first study to treat slow cinema both as an aesthetic style and as an institutional discourse poetics of slow cinema offers an illuminating perspective on the tradition s historical genealogy and envisions it with a janus faced disposition in the age of digital technologies lamenting at once the passing of difficult ambiguous modernist film and capitalizing on the yearning for its absence

***Poetics of Slow Cinema* 2018-10-12**

in typical academic circles texts must be critiqued mined for the obfuscated meanings they hide and shown to reveal larger broader meanings than what are initially evident to engage in this type of writing

is to perform an authentic version of scholarship but what if a scholar chooses instead to write without critique what if they write about travelling their children food grocery shopping frozen garlic bread sandwiches condiments falafel yoga and moments that normally wouldn't be considered scholarly can the writing still be scholarly can scholarly writing be authentic if its topics comprise the everyday in authentic writing jeff rice uses this question to trace a position regarding critique the role of the scholar the role of the personal in scholarship the banal as subject matter and the idea of authenticity he explores authenticity as a writing issue a rhetorical issue a consumption issue a culture issue and an ideological issue rather than arguing for a more authentic state or practice rice examines the rhetorical features of authenticity in order to expand the focus of scholarship

Authentic Writing 2021-04-20

this comprehensive five volume set contains readable essays that describe and interpret the most important global events since the european renaissance some accompanied by related document excerpts and primary source materials what were the effects of the age of exploration on today's ethnic groups and social structure how did the development of moveable type pave the way for facebook and twitter why is the reformation so critical for understanding today's religious controversies this set will help readers answer these questions by exploring the most significant historical events of the modern world this five volume set covers times from the renaissance to the present each volume focuses on a specific historic period and examines 12 events within those time frames that changed the world each entry provides an introduction that lays out factual material in a chronological manner an in depth essay interpreting the event's significance and an annotated bibliography of the most important current works on the topic select entries are followed by primary sources pertaining to the event under consideration such as diary entries targeted to both general readers as well as entry level university students this book also directly supports high school and undergraduate curricula allowing students to identify and contextualize events in order to think critically about their causes aftermath and legacy

The Eighth Lively Art *2000-06*

imperial boredom offers a radical reconsideration of the british empire during its heyday in the nineteenth century challenging the long established view that the empire was about adventure and excitement with heroic men and intrepid women eagerly spreading commerce and civilization around the globe this thoroughly researched engagingly written and lavishly illustrated account suggests instead that boredom was central to the experience of empire combining individual stories of pain and perseverance with broader analysis professor auerbach considers what it was actually like to sail to australia to serve as a soldier in south africa or to accompany a colonial official to the hill stations of india he reveals that for numerous men and women from explorers to governors tourists to settlers the victorian empire was dull and disappointing drawing on diaries letters memoirs and travelogues imperial boredom demonstrates that all across the empire men and women found the landscapes monotonous the physical and psychological distance from home debilitating the routines of everyday life wearisome and their work tedious and unfulfilling the empires early years may have been about wonder and marvel but the victorian empire was a far less exciting project many books about the british empire focus on what happened this book concentrates on how people felt

Imperial Boredom *2018-10-04*

emotions especially those of impoverished migrant families have long been underrepresented in german social and cultural studies that sinking feeling raises the visibility of the emotional dimensions of exclusion processes and locates students in current social transformations drawing from a year of ethnographic fieldwork with grade ten students stefan wellgraf s study on an array of both classic emotions and affectively charged phenomena reveals a culture of devaluation and self assertion of the youthful post migrant urban underclass in neoliberal times

That Sinking Feeling *2023-08-11*

witold gombrowicz 1904 1969 was born and lived in poland for the first half of his life but spent twenty four years as an émigré in argentina before returning to europe to live in west berlin and finally france his works have always been of interest to those studying polish or argentinean or latin american literature but in recent years the trend toward a transnational perspective in scholarship has brought his work to increasing prominence indeed the complicated web of transnational contact zones where polish argentinean french and german cultures intersect to influence his work is now seen as the appropriate lens through which his creativity ought to be examined this volume contributes to the transnational interpretation of gombrowicz by bringing together a distinguished group of north american latin american and european scholars to offer new analyses in three distinct themes of study that have not as yet been greatly explored translation affect and politics how does one translate not only gombrowicz s words into various languages but the often cultural laden meaning and the particular style and tone of his writing what is it that passes between author and reader that causes an affect how did gombrowicz s negotiation of the turbulent political worlds of poland and argentina shape his writing the three divisions of this collection address these questions from multiple perspectives thereby

adding significantly to little known aspects of his work

Gombrowicz in Transnational Context *2019-06-12*

the first book to challenge modern philosophy's case against idleness revealing why the idle state is one of true freedom for millennia idleness and laziness have been regarded as vices we're all expected to work to survive and get ahead and devoting energy to anything but labor and self improvement can seem like a luxury or a moral failure far from questioning this conventional wisdom modern philosophers have worked hard to develop new reasons to denigrate idleness in idleness the first book to challenge modern philosophy's portrayal of inactivity brian o connor argues that the case against an indifference to work and effort is flawed and that idle aimlessness may instead allow for the highest form of freedom idleness explores how some of the most influential modern philosophers drew a direct connection between making the most of our humanity and avoiding laziness idleness was dismissed as contrary to the need people have to become autonomous and make whole integrated beings of themselves kant to be useful kant and hegel to accept communal norms hegel to contribute to the social good by working marx and to avoid boredom schopenhauer and de beauvoir o connor throws doubt on all these arguments presenting a sympathetic vision of the inactive and unserious that draws on more productive ideas about idleness from ancient greece through robert burton's anatomy of melancholy schiller and marcus's thoughts about the importance of play and recent critiques of the cult of work a thought provoking reconsideration of productivity for the twenty first century idleness shows that from now on no theory of what it means to have a free mind can exclude idleness from the conversation

Idleness *2018-06-12*

ever since his creation sherlock holmes has enthralled readers our perception of him and his faithful companion dr watson has been shaped by a long line of film tv and theatre adaptations this richly illustrated book compiled by alex werner head of history collections at the museum of london is an essential guide to the great fictional detective and his world using the museum's unrivalled collections of photographs paintings and original artefacts it illuminates the capital city that inspired the sherlock holmes stories in particular its fogs hansom cabs criminal underworld famous landmarks and streets accompanying the landmark exhibition at the museum of london the first since 1951 this book explores how arthur conan doyle's creation of sherlock holmes has transcended literature and continues to attract audiences to this day authoritatively written by leading experts headed by sir david cannadine this thought provoking companion sheds new light on the famous sleuth and reveals the truth behind the fiction over 125 years after the first sherlock holmes story was written

Sherlock Holmes 2014-10-23

this collection of essays strikes new ground in our understanding of kierkegaard s either or and his authorship as a whole

Kierkegaard's Either/Or 2023-11-30

metaphors of confinement the prison in fact fiction and fantasy offers a historical survey of imaginings of the prison as expressed in carceral metaphors in a range of texts about imprisonment from antiquity to the present as well as non penal situations described as confining or restrictive these imaginings coalesce into a carceral imaginary that determines the way we think about prisons just as social debates about punishment and criminals feed into the way carceral imaginary develops over time examining not only english language prose fiction but also poetry and drama from the middle ages to postcolonial particularly african literature the book juxtaposes literary and non literary contexts and contrasts fictional and nonfictional representations of im prison ment and discussions about the prison as institution and experiential reality it comments on present day trends of punitivity and foregrounds the ethical dimensions of penal punishment the main argument concerns the continuity of carceral metaphors through the centuries despite historical developments that included major shifts in policy such as the invention of the penitentiary the study looks at selected carceral metaphors often from two complementary perspectives such as the home as prison or the prison as home or the factory as prison and the prison as factory the case studies present particularly relevant genres and texts that employ these metaphors often from a historical perspective that analyses development through different periods

Metaphors of Confinement 2019-08-13

we all wait in traffic jams passport offices school meal queues for better weather an end to fighting peace time spent waiting produces hope boredom anxiety doubt or uncertainty ethnographies of waiting explores the social phenomenon of waiting and its centrality in human society using waiting as a central analytical category the book investigates how waiting is negotiated in myriad ways examining the politics and poetics of waiting ethnographies of waiting offers fresh perspectives on waiting as the uncertain interplay between doubting and hoping and asks when is time worth the wait waiting thus conceived is intrinsic to the ethnographic method at the heart of the anthropological enterprise featuring detailed ethnographies from japan georgia england ghana norway russia and the united states a foreword by craig jeffrey and an afterword by ghassan hage this is a vital contribution to the field of anthropology of time and essential reading for students and scholars in anthropology sociology and philosophy

Ethnographies of Waiting *2018-02-08*

the story of one of the boston area s most famous attractions the mount auburn cemetery and how its founders and residents have influenced american culture when mount auburn cemetery was founded in 1831 it revolutionized the way americans mourned the dead by offering a peaceful space for contemplation this cemetery located not far from harvard university was also a place that reflected and instilled an imperative to preserve and protect nature in a rapidly industrializing culture lessons that would influence the creation of central park the cemetery at gettysburg and the national parks system even today this urban wildlife habitat and nationally recognized hotspot for migratory songbirds continues to connect visitors with nature and serves as a model for sustainable landscape practices beyond mount auburn s prescient focus on conservation it also reflects the impact of transcendentalism and the progressive spirit in american life seen in advances in science art and religion and in social reform movements in the lively place stephen kendrick celebrates this vital piece of our nation s history as he tells the story of mount auburn s founding its legacy and the many influential americans interred there from religious leaders to abolitionists poets and reformers from the trade paperback edition

The Lively Place *2016-04-05*

recognition is often considered a means to de escalate conflicts and promote peaceful social interactions this volume explores the forms that social recognition and its withholding may take in asymmetric armed conflicts examining the risks and opportunities that arise when local state and transnational actors recognise misrecognise or deny recognition of armed non state actors by studying key asymmetric conflicts through the prism of recognition it offers an innovative perspective on the interactions between armed non state actors and state actors in what contexts does granting recognition to armed non state actors foster conflict transformation what happens when governments withhold recognition or label armed non state actors in ways they perceive as misrecognition the authors examine the ambivalence of recognition processes in violent conflicts and their sometimes unintended consequences the volume shows that while non recognition prevents conflict transformation the recognition of armed non state actors may produce counterproductive precedents and new modes of exclusion in intra state and transnational politics

The Just and the Lively *2002*

the rough guide to beijing is the ultimate insider s guide to china s fascinating capital with the extravagant 2008 olympics having served as its coming out party the city has matured as well as fantastic historic sites that testify to its thousands of years at the heart of the chinese empire the city now offers world beating hotels super fashionable restaurants and the coolest clubs all the major and off beat sights are covered from the avant garde architectural projects such as the new cctv tower to hip bar district nanluogu xiang and the achingly cool arts districts of 798 and caochangdi brushing aside the hype the guide also reveals the best places to try every kind of cuisine including of course beijing duck and the best places to stay from charming youth hostels tucked down alleyways and courtyard

boutique hotels to the most luxurious business behemoths when the pace of the city gets too frenetic there s all you need to know for great daytrips from the magnificent temples of chengde to the grandest and most secluded stretches of the great wall easy to read maps are provided throughout the guide plus there s a handy colour subway map and the pinyin and chinese characters are given for all destinations originally published in print in 2011 now available in epub format

The Rough Guide to Beijing 2013-10-31

a journey through unexplored spaces that foreground new ways of inhabiting the urban one of the fundamental dimensions of urbanization is its radical transformation of nature today domestic animals make up more than twice the biomass of people on the planet and cities are replete with nonhuman life yet current accounts of the urban remain resolutely anthropocentric lively cities departs from conventions of urban studies to argue that cities are lived achievements forged by a multitude of entities drawing attention to a suite of beings human and nonhuman that make up the material politics of city making from macaques and cattle in delhi to the invasive parakeet colonies in london maan barua examines the rhythms paths and agency of nonhumans across the city he reconceptualizes several key themes in urban thought including infrastructure the built environment design habitation and everyday practices of dwelling and provides a critical intervention in animal and urban studies generating fresh conversations between posthumanism postcolonialism and political economy barua reveals how human and nonhuman actors shape integrate subsume and relate to urban space in fascinating ways through novel combinations of ethnography and ethology and focusing on interlocutors that are not the usual suspects animating urban theory barua s work considers nonhuman lifeworlds and the differences they make in understanding urbanicity lively cities is an agenda setting intervention ultimately proposing a new grammar of urban life

Lively Cities 2023-05-16

the third edition of this highly regarded core textbook offers an accessible and impressively comprehensive account of western political thought over the last two millennia structured in four main parts the chapters are organised around a wide range of key themes covering everything from absolute government and revolutionary political thought to politics and freedom and theories of civil disobedience this new edition concludes with an epilogue that considers the challenges posed to the history of western political thought by the perspectives of post colonialism and post modernism the use of boxes throughout the book to explain key thinkers in more detail as well as the author s ability to express complex ideas in clear and jargon free language makes this the perfect text for helping students to understand the key debates issues and continuities in the long history of political ideas for undergraduate and postgraduate students studying courses on the history of political thought and theory this is an indispensable guide new to this edition expanded material on the history of international relations thinking race consciousness diversity and gender politics a completely new epilogue which focuses on a discussion of post colonialism and post modernism in relation to political theory additional thinker boxes alongside revised and updated suggestions for further reading

History of Western Political Thought *2019-04-27*

in this lucid and learned book one of america s outstanding historians shows the development of the thought and institutional life which characterize christianity in america he explains this religious development in terms of the emergence of religious freedom and the physical fact of the frontier as he enlarges upon many aspects of his main theme dr mead traces the parallel growth and creative tension of christianity and democracy dr mead discusses the american people from coercion to persuasion american protestantism during the revolutionary epoch thomas jefferson s fair experiment abraham lincoln s last best hope of earth when wise men hoped denominationalism american protestantism since the civil war i from denominationalism to americanism american protestantism since the civil war ii from americanism to christianity the lively experiment is an unusually interesting and timely study that will appeal to every reader concerned with the religious social intellectual and cultural history of america
