Campbell's Urology is the leading comprehensive resource in the field of urology. The book is encyclopedic in scope and organized into mini textbooks that provide coverage on every topic in adult and pediatric urology. The 8th edition package includes the multi-volume text and the CD-ROM which includes the text, study guide, and illustrations. The CD-ROM that accompanies the eighth edition of Campbell's Urology will include: the text, study guide, Medline abstracts, a pathology/imaging atlas, a radiology/imaging atlas, and selected videos of surgical procedures.

Brady Urology Manual

2019-07-16

The 5 Minute Urology Consult, Second Edition, is a comprehensive, easily accessible reference guide for any practitioner encountering urologic symptoms or disease. Using the famous two-page layout and outline format of the 5 Minute Consult series, the book provides instant access to clinically oriented, must-have information on all urogenital problems in adults and in pediatric patients. This edition has a new international editorial board, contains many new entries, and includes a new section of algorithms for the most common or problematic diagnoses. The book has been reorganized so that all standard 2-page entries appear in alphabetical order, and pages are tabbed for quicker access. The short entries appear in alphabetical order in their own section after the standard entries. A companion website features additional content, an image bank, and information on all current drugs, herbal medications, and alternative therapies.
