for thirty one years a monster terrorized the residents of wichita kansas a bloodthirsty serial killer self named btk for bind them torture them kill them he slaughtered men women and children alike eluding the police for decades while bragging of his grisly exploits to the media the nation was shocked when the fiend who was finally apprehended turned out to be dennis rader a friendly neighbor a devoted husband a helpful boy scout dad the respected president of his church written by four award winning crime reporters who covered the story for more than twenty years bind torture kill is the most intimate and complete account of

the btk nightmare told by the people who were there from the beginning with newly released documents evidence and information and with the full cooperation for the very first time of the wichita police department s btk task force the authors have put all the pieces of the grisly puzzle into place thanks to their unparalleled access to the families of the killer and his victims

how well do you know your neighbors maybe you should get to know them better growing up we are taught that monsters are easy to identify but the truth is very different too often the serial murderer does not stand out otherwise he or she would get caught the contrast between the ordinary seeming lives that provided cover for their cruel secrets is exposed in the serial killer next door the double lives of notorious murderers to their coworkers neighbors and others who knew them they led unremarkable lives they had careers as military pilots police officers landscapers small business owners farmers realtors reporters authors veterinary technicians nurses doctors handymen painters and chefs while they simultaneously stalked city suburbs college campuses trailer parks and red light districts this chilling book looks at the horrifying stories of nearly 30 malevolent killers and hundreds of innocent victims who were mistakenly trusted including genee jones a nurse responsible for the murder of 60 infants and children in her care she s said to be the inspiration for stephen king s iconic character of annie wilkes in misery and her nephew broke into king s home threatening to blow up the writer and his family because of it robert lee yates a helicopter pilot in the army national guard who when caught buried one body outside his bedroom window as his wife slept gary ridgway also known as the green river killer went undetected for 20 years working for 30 years as a painter for a truck company and married for 17 years kathleen folbigg whose three children were at first thought to have died from natural causes she only got caught when her husband found her personal diary joseph james deangelo who worked various jobs including as a police officer and a truck mechanic he went on a decades long crime spree and was finally caught with the help of dna evidence his case was instrumental in the establishment of california s dna database and dozens of other serial killers it s chilling to realize that many serial killers have created second lives that are completely divorced from the brutality and evils they commit it s incomprehensible to think that they are able to flip a switch transforming them from apparently loving ordinary men and women into torturous homicidal slaughterers with more than 120 photos and graphics the serial killer next door is richly illustrated its helpful bibliography and extensive index add to its usefulness we trust our neighbors coworkers and acquaintances of course we do it s ominous to think that we can t

ted bundy is generally regarded to be the third most prolific american serial killer in history those who knew bundy as a young man considered him to be preppy and square they did not detect any dark heart or evil lurking in the body of ted bundy yet this is a man who murdered women and children and bludgeoned victims with pipes and crowbars a man who shot and stabbed people and sexually abused the corpses of his victims this is a man who would leave his victims covered in bite marks and then saw off their heads by any standards this was an evil and ruthless man and yet bundy didn t look like a serial killer at all he seemed alarmingly normal and kind to those who knew him how was bundy able to fool so many people and hide his true nature from them who exactly was ted bundy and why are we still fascinated by his harrowing story

mikita brottman wonders just why is reading so great it s a solitary practice one that takes away from time that could be spent developing important social networking skills reading s not required for health happiness or a loving family and if reading is so important why are catchy slogans like reading changes lives and champions read needed to hammer the point home fearlessly tackling the notion that nonreaders are doomed to lives of despair and mental decay brottman makes the case that the value of reading lies not in its ability to ward off alzheimer s or that it s a pleasant hobby rather she argues that like that other well known solitary vice masturbation reading is ultimately not an act of pleasure but a tool for self exploration one that allows people to see the world through the eyes of others and lets them travel deep into the darkness of the human condition
