

Reading free A history of the holocaust yehuda bauer [PDF]

in this volume yehudi bauer describes the efforts made to aid european victims of world war ii by the new york based american jewish joint distribution committee american jewry s chief representative abroad drawing on the mass of unpublished material in the jdc archives and other repositories as well as on his thorough knowledge of recent and continuing research into the holocaust he focuses alternately on the personalities and institutional decisions in new york and their effects on the jdc workers and their rescue efforts in europe he balances personal stories with a country by country account of the fate of jews through ought the war years the grim statistics of millions deported and killed are set in the context of the hopes and frustrations of the heroic individuals and small groups who actively worked to prevent the nazis final solution this study is essential reading for anyone who seeks to understand the american jewish response to european events from 1939 to 1945 bauer confronts the tremendous moral and historical questions arising from jdc s activities how great was the danger who should be saved first was it justified to use illegal or extralegal means what country would accept jewish refugees his analysis also raises an issue which perhaps can never be answered could american jews have done more if they had grasped the reality of the holocaust the author traces the roots of anti semitism that burgeoned through the ages and provides a comprehensive description of how and why the holocaust occurred examining jewish resistance in the holocaust dismisses the view that the jews went to their deaths like sheep to the slaughter in the early stages of the holocaust resistance was passive mainly a struggle for physical survival in the ghettos in later stages jews took to armed resistance uprisings in ghettos partisan warfare etc dwells on the role of the judenräte in the struggle for survival and the dilemmas with which jewish leaders were confronted a revised version of two courses of lectures delivered as part of the broadcast university series of israel army radio discusses the struggle of jews for survival under nazi rule and attempts at aid and rescue by jews in the western democracies and palestine by foreign governments and by righteous gentiles emphasizes that the nazis decided to murder all the jews only in autumn 1940 until then no one could have foreseen the holocaust to come when the first reports of mass murder were received they met with disbelief on the part of most jews as well as non jews this lack of awareness explains why the potential victims were slow to escape or resist and in conjunction with the prevalence of antisemitism and the political impotence of world and palestinian jewry it also explains the failure of the outside world to come to their rescue among the topics covered are the search for countries of asylum the transfer agreement illegal immigration to palestine the ghettos and the judenräte the resistance groups and armed uprisings in the ghettos jewish partisans underground rescue groups negotiations with ss functionaries for jewish lives and the british foreign office s blocking of rescue proposals drawing on research from various historians the author offers opinions on how to define and explain the holocaust comparison to other genocides and the connection between the holocaust and the establishment of israel yehuda bauer was director of the international centre for holocaust studies in yad vashem 1996 2000 he is professor emeritus of holocaust studies at the avraham harman institute of contemporary jewry at the hebrew university of jerusalem and was a visiting professor at brandeis university yale university richard stockton college and clark university he is honorary chair of ihra international holocaust remembrance alliance with its 35 member governments member of the israel academy of sciences and academic adviser to yad vashem in 1998 he was awarded the israel prize and in 2016 the emet prize the highest academic award given by israel for the last fifty years i have been studying the genocide of the jews which we call the holocaust for the last thirty years i have been studying antisemitism and for the last fifteen years genocide generally and ways to prevent it that is the prism through which i view jewish history past and present i prefer to look at it from a contemporary point of view that is also the way i view human history in general it is quite possible that this view from the present to the past is decisively influenced by the fact that my professional life is determined by the most tragic and serious issues that any historian and most certainly a jewish one can deal with the holocaust antisemitism and genocide yehuda bauer series lit premium subject sociology jewish studies history the world has recently learned of oskar schindler s efforts to save the lives of jewish workers in his factory in poland by bribing nazi officials not as well known however are many other equally dramatic attempts to negotiate with the nazis for the release of jews in exchange for money goods or political benefits in this riveting book a leading holocaust scholar examines these

attempts describing the cast of characters the motives of the participants the frustrations and few successes and the moral issues raised by the negotiations drawing on a wealth of previously unexamined sources yehuda bauer deals with the fact that before the war hitler himself was willing to permit the total emigration of jews from germany in order to be rid of them in the end however there were not enough funds for the jews to buy their way out there was no welcome for them abroad and there was too little time before war began bauer then concentrates on the negotiations that took place between 1942 and 1945 as himmler tried to keep open options for a separate peace with the western powers in fascinating detail bauer portrays the dramatic intrigues that took place a group of jewish leaders bribed a nazi official to stop the deportation of slovakian jews a czech jew known as dogwood tried to create an alliance between american leaders and conservative german anti nazis adolf eichmann s famous trucks for blood proposal to exchange one million jews for trucks to use against the soviets failed because of western reluctance and much more tormenting questions arise throughout bauer s discussion if the nazis were actually willing to surrender more jews should the allies have acted on the offer did the efforts to exchange lives for money constitute collaboration with the enemy or heroism in answering these questions bauer s book engrossing profound and deeply moving adds a new dimension to holocaust studies out of the ashes is a unique account of the contribution of american jews to the continued survival of the remnant of european jewry the she erit hapletah in the aftermath of the nazi holocaust as the second world war drew to a close and the full extent of the holocaust was revealed the immediate american jewish reaction of shocked silence and disbelief was soon transformed into pragmatic action jewish agencies throughout the us were mobilized to help the survivors and their communities to begin to rebuild shattered lives paramount among these organizations was the american jewish joint distribution committee jdc which since its formation in 1914 had established itself as the foremost american jewish agency for helping fellow jews overseas the jdc was joined by other organizations including the well established hias hebrew sheltering and immigrant aid society and ort organization for rehabilitation and training based on a variety of sources including the jdc archives and oral interviews the book examines the politics and mechanics of the american jewish intervention and assesses its extent and effect on the fate of european jewry both in europe and elsewhere in the years immediately after 1945 in this remarkable volume the author himself a holocaust survivor masterfully places the holocaust into a broader historical perspective he draws analogies between the oppression of egypt and that of the third reich and unearths pearls of instruction and wisdom from the ashes of history s greatest tragedies beautifully designed large format this examination of in group identity issues and the essence and unique development of germans national identity has direct relevance for those who seek an answer to the following question why were the germans perpetrators of the holocaust the answer lies in a triangle of the fateful encounter of germans and their problematic historical development nazi race theory and the success of german jewry the book now in paperback focuses on weaknesses in german identity which led to the attraction of a blood based race theory as a national ethos a narrative of german racial superiority which was invalidated by the very presence and prominence of jews in german culture and society eliminating this affront was an existential issue for germans that impelled a judenrein europe whether by expulsion or extermination such a linkage has been overlooked because scholars have concentrated on the holocaust as a jewish experience not a german one in elucidating fundamental differences the author recounts the destruction of small jewish towns in poland and russia at the hands of the nazis in 1941 1942 in deutschland erschienen ganze bibliotheken über den holocaust selten wird die jüdische reaktion behandelt fast immer ganz am rande es muß erscheinen als ob die juden nur ein objekt der verfolgungen und des genozids gewesen wären das ist nach yehuda bauer nur die eine seite des geschehens und deshalb ist diese sicht falsch juden waren nicht nur opfer objekte sondern auch subjekt gemeinschaften die reagierten sie versuchten sich zu retten nicht nur als einzelne sondern auch als kollektive ob durch flucht widerstand unbewaffneter oder bewaffneter sie versuchten es durch verhandlungen und appelle an die gegen deutschland kämpfenden großmächte daß gegen alle realistischen chancen jüdischer widerstand eine geschichtliche tatsache ist behandelt dieses buch es ist ein versuch eine ausgewogenere beschreibung und analyse des völkermordes an den juden anzuregen contains three essays the first two were delivered as lectures at the university of toronto in october 1975 showing the process of gradual emergence of the jewish people from total political powerlessness in the late 19th 20th centuries the nazi holocaust and its immediate after effects are central to the understanding of this process contents this is the story of one family s struggle to survive in the squalor of the warsaw ghetto during the onset of the holocaust yossel yurek is a thirteen year old jew whose ingenuity in smuggling goods

in and out of his community saved the lives of those dear to him as well as his own it is the story of his mother golda who courageously escaped from treblinka it is the true story of a family forever torn asunder by war by january 1943 everyone in warsaw knew that the deportations of the ghetto residents meant the death of the ghetto inhabitants after yurek s older sister was deported yurek attempted to find a hiding place for himself and his younger sister hannah while his mother golda remained at home to earn money in order to pay the polish family who hid her two children with the power of description that only actual experience can endow yehuda elberg relates the birth death and resurrection of a dynasty a selection of some of israel s finest writers in this remarkable never before told account of the ovitz family seven of whose ten members were dwarves readers bear witness to the best and worst of humanity and to the terrible irony of the ovitz s fate being burdened with dwarfism helped them endure the holocaust israeli authors yehuda koren and eilat negev weave the tale of a beloved and successful family of performers who were famous entertainers in central europe until the nazis deported them to auschwitz in may 1944 descending into the hell of the concentration camp from the transport train the ovitz family known widely as the lilliput troupe was separated from other jewish victims dr josef mengele was notified of their arrival and they were assigned better quarters and provided more nutritious food than other inmates the authors chronicle mengele s experiments upon the ovitz s and the creepy fondness he developed for these small people even the songs he composed and sang to this family of singers dancers and klezmerim finally liberated by russian troops the family returned to their deserted village in transylvania and eventually found their way to a new home in israel they resumed their careers overcame their handicaps and became wealthy and successful performers the story of six years in the life of a polish jewish boy who along with his mother and sister survived world war ii through cunning and guile chronicles yehuda nir s harrowing flight from occupied poland in 1941 during which he was forced to don an aryan disguise to elude capture a collection of working papers and addresses discussed at the international interfaith conference remembering for the future the impact of the holocaust and genocide on jews and christians this three volume work representing the current state of holocaust research is an invaluable source for those involved in researching and teaching this and related subjects the papers focus on two main themes jews and christians during and after the holocaust and the impact of the holocaust on the contemporary world and represent the views of scholars from all over the world it is intended that these volumes will be productive of new perspectives new research expanded sensitivity to fears and dangers experienced by many people and greater awareness in our cultures religious faiths scientific thinking and technological managerial decision making of actions that may have genocidal consequences documents the mass movement of 300 000 jewish survivors of the holocaust out of eastern europe and their eventual resettlement in palestine cet ouvrage retranscrit l analyse historique et la réflexion morale de y bauer qui pense que si le travail de l historien est correctement mené il peut avoir une fonction d éducation et donc de prévention contre le racisme et la volonté d éliminer des peuples entiers survival romance and revenge the scope of the holocaust guerrillas blowing up trains and the russian army s blitzkrieg drive across eastern europe to the baltic sea are the backdrop for yehuda s true adventure of survival romance and revenge the story of yehuda adelman makes it possible to look at a frightening world with new eyes for his is a saga of innocence ensnarement unimaginable suffering and then a joyous re emergence into the light based on the actual experiences of a man who may be said to have lived several lifetimes yehuda s revenge is relentless as it crisscrosses the entire geography of the human mind and heart step into the heat of the holocaust as i outrun death while everything i love is murdered my culture my family and friends you will also experience the satisfaction of revenge yehuda in this groundbreaking book leading arab and jewish intellectuals examine how and why the holocaust and the nakba are interlinked without blurring fundamental differences between them while these two foundational tragedies are often discussed separately and in abstraction from the constitutive historical global contexts of nationalism and colonialism the holocaust and the nakba explores the historical political and cultural intersections between them the majority of the contributors argue that these intersections are embedded in cultural imaginations colonial and asymmetrical power relations realities and structures focusing on them paves the way for a new political historical and moral grammar that enables a joint arab jewish dwelling and supports historical reconciliation in israel palestine this book does not seek to draw a parallel or comparison between the holocaust and nakba or to merely inaugurate a dialogue between them instead it searches for a new historical and political grammar for relating and narrating their complicated intersections the book features prominent international contributors including a foreword by lebanese novelist elias khoury on the centrality of the

holocaust and nakba in the essential struggle of humanity against racism and an afterword by literary scholar jacqueline rose on the challenges and contributions of the linkage between the holocaust and nakba for power to shift and a world of justice and equality to be created between the two peoples the holocaust and the nakba is the first extended and collective scholarly treatment in english of these two constitutive traumas together this book brings together a wide range of leading historians social scientists and literary scholars to explore the controversy surrounding the legacy of the holocaust jeffrey alexander s essay traces how the holocaust gradually became the dominant representation of evil and what the consequences have been for the development of its moral relevance for all nations and peoples his inquiry is joined by essays from martin jay nathan glazer elihu and ruth katz michael rothberg robert manne and bernhard giesen who further debate the geopolitical national and cultural limits and dangers of extending the tragic lessons of the holocaust the holocaust s atrocities and losses are foremost in most people s minds but this volume highlights the jews who summoned the courage to stand up and fight this compelling volume gives a history leading up to holocaust and the terror inflicted by the nazis during world war ii captivating text teaches readers how these courageous people young and old used every available resource and risked their own lives for a chance to save the lives of their families friends and fellow jews photographs and gripping quotes from primary source documents further emphasize the important work of these awe inspiring individuals this edition is the first of its kind to offer a basic collection of facsimile english language historical articles on all aspects of the extermination of the european jews a total of 300 articles from 84 journals and collections allows the reader to gain an overview of this field the edition both provides access to the immense rich array of scholarly articles published after 1960 on the history of the holocaust and encourages critical assessment of conflicting interpretations of these horrifying events the series traces nazi persecution of jews before the implementation of the final solution demonstrates how the germans coordinated anti jewish activities in conquered territories and sheds light on the victims in concentration camps ending with the liberation of the concentration camp victims and articles on the trials of war criminals the publications covered originate from the years 1950 to 1987 included are authors such as jakob katz saul friedländer eberhard jäckel bruno bettelheim and herbert a strauss how did the ultraorthodox haredi community chart a new path for its future after it lost the core of its future leaders teachers and rabbis in the holocaust how did the revival of this group come into being in the new zionist state of israel in holocaust memory in ultraorthodox society in israel michal shaul highlights the special role that holocaust survivors played as they rebuilt and consolidated ultraorthodox society although many haredi were initially theologically opposed to the creation of israel they have become a significant force in the contemporary life and politics of the country looking at personal and public experiences of ultraorthodox survivors in the first years of emigration from liberated europe and breaking down how their memories entered the public domain shaul documents how they were incorporated into the collective memories of the ultraorthodox in israel holocaust memory in ultraorthodox society in israel offers a rare mix of empathy and scholarly rigor to understandings of the role that the community s collective memories and survivor mentality have played in creating israel s national identity sixty seven essays edited by rittner holocaust studies richard stockton college of new jersey confront christian antisemitism and various churches responses during and after the holocaust includes a shoah chronology reflection questions bandw photos a videography and online resources published in conjunction with the beth shalom holocaust memorial centre uk and yad vashem international school for holocaust studies jerusalem c book news inc describes six years in the life of a daring and resourceful polish jewish boy and his family who survived the holocaust by using false papers and posing as catholics in essays written specifically for this volume distinguished contributors assess highly charged and fundamental questions about the holocaust is it unique how can it be compared with other instances of genocide what constitutes genocide and how should the international community respond on one side of the dispute are those who fear that if the holocaust is seen as the worst case of genocide ever its character will diminish the sufferings of other persecuted groups on the other side are those who argue that unless the holocaust s uniqueness is established the inevitable tendency will be to diminish its abiding significance the editor s introductions provide the contextual considerations for understanding this multidimensional dispute and suggest that there are universal lessons to be learned from studying the holocaust the third edition brings this volume up to date and includes new readings on the cambodian and rwandan genocides common themes in genocide ideologies and iran s reaction to the holocaust in a world where genocide persists and the global community continues to struggle with the implications of

international crime prosecution justice atonement reparation and healing the issues addressed in this book are as relevant as ever this volume brings together some important and stimulating contributions to our understanding of nazi genocide these readings have been selected for the purpose of acquainting students with a variety of views some of classic stature others very recent after an introduction that contains a brief historical overview of the holocaust the book explores problems of definition and origins and then looks at the motivation of holocaust perpetrators next it compares conflicting views about the victims survival strategies and women s experience of the camps and examines charges that the victims failed to put up any significant resistance to their tormentors the book then inquires into the attitudes and actions of bystanders while the victims were being murdered and finally considers the possibilities that some jews might have been saved from the gas chambers through military action or intercession by outside forces pref

American Jewry and the Holocaust

2017-12-01

in this volume yehudi bauer describes the efforts made to aid european victims of world war ii by the new york based american jewish joint distribution committee american jewry s chief representative abroad drawing on the mass of unpublished material in the jdc archives and other repositories as well as on his thorough knowledge of recent and continuing research into the holocaust he focuses alternately on the personalities and institutional decisions in new york and their effects on the jdc workers and their rescue efforts in europe he balances personal stories with a country by country account of the fate of jews through ought the war years the grim statistics of millions deported and killed are set in the context of the hopes and frustrations of the heroic individuals and small groups who actively worked to prevent the nazis final solution this study is essential reading for anyone who seeks to understand the american jewish response to european events from 1939 to 1945 bauer confronts the tremendous moral and historical questions arising from jdc s activities how great was the danger who should be saved first was it justified to use illegal or extralegal means what country would accept jewish refugees his analysis also raises an issue which perhaps can never be answered could american jews have done more if they had grasped the reality of the holocaust

A History of the Holocaust

2001-01-01

the author traces the roots of anti semitism that burgeoned through the ages and provides a comprehensive description of how and why the holocaust occurred

They Chose Life

1973

examining jewish resistance in the holocaust dismisses the view that the jews went to their deaths like sheep to the slaughter in the early stages of the holocaust resistance was passive mainly a struggle for physical survival in the ghettos in later stages jews took to armed resistance uprisings in ghettos partisan warfare etc dwells on the role of the judenräte in the struggle for survival and the dilemmas with which jewish leaders were confronted

Jewish Reactions to the Holocaust

1989

a revised version of two courses of lectures delivered as part of the broadcast university series of israel army radio discusses the struggle of jews for survival under nazi rule and attempts at aid and rescue by jews in the western democracies and palestine by foreign governments and by righteous gentiles emphasizes that the nazis decided to murder all the jews only in autumn 1940 until then no one could have foreseen the holocaust to come when the first reports of mass murder were received they met with disbelief on the part of most jews as

The Holocaust in Historical Perspective

1978-10-01

this edition is the first of its kind to offer a basic collection of facsimile english language historical articles on all aspects of the extermination of the european jews a total of 300 articles from 84 journals and collections allows the reader to gain an overview of this field the edition both provides access to the immense rich array of scholarly articles published after 1960 on the history of the holocaust and encourages critical assessment of conflicting interpretations of these horrifying events the series traces nazi persecution of jews before the implementation of the final solution demonstrates how the germans coordinated anti jewish activities in conquered territories and sheds light on the victims in concentration camps ending with the liberation of the concentration camp victims and articles on the trials of war criminals the publications covered originate from the years 1950 to 1987 included are authors such as jakob katz saul friedländer eberhard jäckel bruno bettelheim and herbert a strauss

Flight and Rescue: Brichah

1970

how did the ultraorthodox haredi community chart a new path for its future after it lost the core of its future leaders teachers and rabbis in the holocaust how did the revival of this group come into being in the new zionist state of israel in holocaust memory in ultraorthodox society in israel michal shaul highlights the special role that holocaust survivors played as they rebuilt and consolidated ultraorthodox society although many haredi were initially theologically opposed to the creation of israel they have become a significant force in the contemporary life and politics of the country looking at personal and public experiences of ultraorthodox survivors in the first years of emigration from liberated europe and breaking down how their memories entered the public domain shaul documents how they were incorporated into the collective memories of the ultraorthodox in israel holocaust memory in ultraorthodox society in israel offers a rare mix of empathy and scholarly rigor to understandings of the role that the community s collective memories and survivor mentality have played in creating israel s national identity

2014

describes six years in the life of a daring and resourceful polish jewish boy and his family who survived the holocaust by using false papers and posing as catholics

The Holocaust and the Nakba

2018-11-13

in essays written specifically for this volume distinguished contributors assess highly charged and fundamental questions about the holocaust is it unique how can it be compared with other instances of genocide what constitutes genocide and how should the international community respond on one side of the dispute are those who fear that if the holocaust is seen as the worst case of genocide ever its character will diminish the sufferings of other persecuted groups on the other side are those who argue that unless the holocaust s uniqueness is established the inevitable tendency will be to diminish its abiding significance the editor s introductions provide the contextual considerations for understanding this multidimensional dispute and suggest that there are universal lessons to be learned from studying the holocaust the third edition brings this volume up to date and includes new readings on the cambodian and rwandan genocides common themes in genocide ideologies and iran s reaction to the holocaust in a world where genocide persists and the global community continues to struggle with the implications of international crime prosecution justice atonement reparation and healing the issues addressed in this book are as relevant as ever

Remembering the Holocaust

2009-07-27

this volume brings together some important and stimulating contributions to our understanding of nazi genocide these readings have been selected for the purpose of acquainting students with a variety of views some of classic stature others very recent after an introduction that contains a brief historical overview of the holocaust the book explores problems of definition and origins and then looks at the motivation of holocaust perpetrators next it compares conflicting views about the victims survival strategies and women s experience of the camps and examines charges that the victims failed to put up any significant resistance to their tormentors the book then inquires into the attitudes and actions of bystanders while the victims were being murdered and finally considers the possibilities that some jews might have been saved from the gas chambers through military action or intercession by outside forces pref
