Become a Successful Virtual Assistant

2018-01-22

are you ready to change your life and your lifestyle by becoming a virtual assistant you might have seen ads or heard of someone who was working as a va and wondered if you could do the same you can i wrote this book to teach you all you need to know to start your own va business by sharing my own experiences and insights you will save months or even years trying to figure everything out on your own i first became a virtual assistant while working remotely for my employer after only a few months of being a va my employer sent out new contracts for the year i had to make a decision then for the upcoming year suddenly my lifelong philosophy of i will never own my own business didn't seem like such a bad idea if i could do what i was doing for my employer couldn't i do it for myself with little thought no business plan no knowledge of how to run a business and crazy enough no fear i sent the contract back to my employer unsigned i told my employer i felt this was my opportunity and i had to take it it was now or never he understood and was supportive i finished out my contract and then i was officially on my own there was one big problem where do i find my clients the question virtual assistants ask the most second only to how do i get rid of this client sadly not all vas make it through the first year and some are never able to do more than keep it as a side gig ultimately working two jobs throughout this book i will answer the most asked questions including the questions you don't know you need to ask i will take you from where you are now to owning a successful virtual assistant business in the least amount of time spending the least amount of money and get you to your first client quickly you'll learn how to grow scale and reach elite va status generating income through several different sources all without being chained to a desk i never had a problem getting a job in my life somehow i thought gaining clients would be as simple i would prove myself wrong that one problem led to so many others questions that i couldn't answer and i quickly realized no one could help me all the mentors coaches and guides didn't understand where i was coming from they had never been an administrative professional they were not familiar with the mindset of an admin so they didn't know how to transition my skills to the virtual assistance world through trial and error i learned to weave business principles into the mindset and service based world of virtual assistance i figured out how to do what i do best how to get paid what i'm worth and how to enjoy the life of being a business owner i ditched the traditional 9 to 5 job and made my own rules being a va isn't simply about doing the work of an assistant it is understanding the business side of business consider this book your roadmap i wish someone had given me one this roadmap will provide you a foundation on which to build your va business you will be able to take the principles and guides in this book and personalize them to your own business while the process won't be linear each step will reveal another opportunity i'll share what others won't tell you they can't they don't know i have the unique perspective of matching clients with vas and consulting others answering all their questions listening to what they are looking for and what makes a good virtual assistant any va can make the minimum you'll learn how to get the premium clients how to work with the best of the best ultimately you'll be able to live out your wildest dreams buy the book now i've even included a complimentary workbook to help you through the steps don't wait another moment let's get started now

Loda: Learning Object Design Assistant

2003-11-01

this book will help teaching assistants get to grips with the main issues to do with psychology and its role in the processes of teaching and learning susan bentham provides informative yet down to earth commentary on the basic principles underlying children's development and addresses issues such as how to support learning what are the basic learning styles teaching children with special educational needs how to help children with their self esteem and independence chapters are complemented throughout with lively case studies and guidance on using reflection in the classroom to help readers critically review their own professional practice this book covers the relevant knowledge base requirements at both nvq svq level 2 and 3 which relates to psychology and education as outlined in the national occupational standards it will also be an invaluable aid for all teaching assistants in schools

long remembered chiefly for its modernist exhibitions on the south bank in london the 1951 festival of britain also showcased british artistic creativity in all its forms in tonic to the nation nathaniel g lew tells the story of the english classical music and opera composed and revived for the festival and explores how these long overlooked components of the festival helped define english music in the post war period drawing on a wealth of archival material lew looks closely at the work of the newly chartered arts council of great britain for whom the festival of britain provided the first chance to assert its authority over british culture the arts council devised many musical programs for the festival including commissions of new concert works a vast london season of almost 200 concerts highlighting seven centuries of english musical creativity and several schemes to commission and perform new operas these projects were not merely directed at bringing audiences to hear new and old national music but to share broader goals of framing the national repertory negotiating between the conflicting demands of conservative and progressive tastes and using music to forge new national definitions in a changed post war world
