A Casebook on the Beat

1968

roman contract law has profoundly influenced subsequent legal systems throughout the world but is inarguably an important subject in its own right this casebook introduces students to the rich body of roman law concerning

contracts between private individuals in order to bring out the intricacy of roman contract law the casebook employs the case law method actual roman texts drawn from justinian s digest and other sources are presented both in latin and english along with introductions and discussions that fill out the background of the cases and explore related legal issues this method reflects the casuistic practices of the jurists themselves concentrating on the fact rich environment in which contracts are made and enforced while never losing sight of the broader principles upon which the jurists constructed the law the casebook concentrates especially on stipulation and sale which are particularly well represented in surviving sources beyond these and other standard contracts the book also has chapters on the capacity to contract the creation of third party rights and duties and the main forms of unjustified enrichment what students can hope to learn from this casebook is not only the general outlines and details of roman contract law but also how the jurists developed such law out of rudimentary civil procedures an online teacher s manual is available for instructors to access it see page xxi of the casebook

A Casebook on the Beat

1961

all the leading cases illuminated by horsey rackley s trademark clear and lively commentary the essential companion for undergraduate tort law students providing a comprehensive portable library of leading tort cases horsey rackley bring together a range of carefully edited extracts combined with insightful commentary and annotated cases to help students identify and analyse the key elements key features the only text of its kind to provide a comprehensive collection of the leading tort law cases for undergraduates simple to navigate pulling all key case law together into one

communication paper example

this casebook is designed to introduce the roman law concerning delicts private wrongs which broadly resemble torts in anglo american law the roman law of delict is unusually interesting since many basic roman principles of delict are still prominent in modern legal systems while other roman principles offer sharp and important contrasts with modern ideas the influence of roman law has been especially strong in the civil law systems of continental europe and its former dependencies since these systems derive many basic principles from roman law but roman influence on anglo american law has also been appreciable in some areas although not usually in tort a casebook relies on direct use of primary sources in order to convey a clear understanding of what legal sources are like and how lawyers work for roman law the primary sources are above all the writings of the early imperial roman jurists almost all their writings date to the classical period of roman law approximately 30 b c to a d 235 the 171 cases in this book all derive from the writings of pre classical and classical jurists

Kidner's Casebook on Torts
