form of an essay and works closely with the novel the gunny sack i e the individual examples per topic are supported by text excerpts excerpt from an essay that deals with the topic of traveling memory and history in his novel the gunny sack m g vassanji depicts the family history of salim whose family is in constant movement as they move from one place to another constantly accompanied by historical events this essay seeks to investigate the theme of travel memory and history through a series of examples the novel focuses on the impact of history and how history affects the present in the gunny sack the narrator salim juma unpacks his family history and thus he uncovers the past with all its attendant features be it the political history of east africa or the riddles of memories it can thus be assumed that family history serves as an extension of political history furthermore memory as a narrative device also builds a bridge between the past present and future as salim emphasizes that history must not repeat itself and fervently hopes that he will be the last migrant from his family however the past which is largely in the gunny sack should never be forgotten in addition vassanji tends to preserve collective memory and present it through the experiences of individuals the gunny sack contains many mementos each of which tells a chapter of his family s history the gunny sack is both a story about the arrival and life of an extended family in east africa and a repository for the collective memory and life stories of many other asian africans
