I Want to Be a Ballet Dancer

2008-07-15

aspiring young dancers will learn about the grace strength and determination it takes to become a ballet dancer in this exciting book

So You Want to be a Scientist?

2009-08-27

what does it take to be a scientist equally important what does it take to be happy as a scientist drawing on thirty years of experience philip schwartzkroin offers the budding scientist an invaluable glimpse into the day to day life of the researcher filling a huge hole in the education of most would be scientists whether undergraduates or high school seniors as schwartzkroin points out many of the most important things researchers learn as they hone their craft are not written down anywhere and many of these insights come as a surprise to the naïve and well meaning student who somehow believes that doing research is an occupation that is substantially different from doing a job in the real world this book looks at the job of science starting with suggestions about how to decide whether you d want to pursue such a career and if so how to get started the book works through some of the obvious topics relevant to a research profession how to write a paper give a talk construct a grant proposal it also examines less obvious topics that are generally incorporated into a research education only by trial and error thinking like a scientist negotiating scientific politics dealing with research ethics and understanding social interactions and the book includes many real life situations that may confront the young scientist along with the author s advice on how to solve these problems based on the author s long career in the laboratory and his rich experience mentoring trainees so you want to be a scientist provides information and insights that will help the young scientist make better decisions and choices it will also be useful to teachers counselors and parents for its realistic look at the demands and requirements for success in a research career

I Want To Be Your Wife

2020-04-10

five years ago his sister died in a car accident and yu an appeared out of thin air claiming to be the unmarried brother in law to deal with yu an jiang wenshu was a man who didn t have the guts to think about it he had never dared to hope for such a thing he never expected that one day he would actually wait for fu yuan to personally confess to her but when the illusion came true she shrank back

So You Want to Be a Teacher?

2013-11-11

so you want to be a teacher is a bit of light reading in a troubled world today i left names by the wayside and emphasized actions especially innovative behavior the students i enjoyed were full of mischief but for the most part it was simply that mischief very few of the students i taught in my forty years were bad they just needed a bit of love and understanding who cares what socrates said when you are a student who had no supper the night before i try to be a stepping stone not a stumbling block

Destiny (You can become what you want to be)

1997

this book contains a message to the people of god delivered through his humble servant deborah nyembo and her ministry life is full of challenges and every creation that is bone and flesh is bound to encounter them in different forms and sizes it is therefore very important that as christians we allow the holy spirit to dwell in us and enable god to accomplish his purpose in our lives what is very important for you to be able to overcome is to believe in yourself with honesty and humility you need to frequently say things like i am somebody special i know i can make a difference i can make an impact in this amazing and beautiful world see
