this book analyzes the common set of obstacles to the development and integration of government information and communication technology ict projects and effective e government initiatives in developing countries it draws on the expertise and experience of more developed states in the pacific notably australia and new zealand both highly rated in global rankings for e government and active in a variety of e government development projects across the region there has been a general failure to identify priorities and align projects with local needs in ict e government projects small island developing states or sids present a unique problem in terms of e government not only do they suffer from a common set of barriers to ict development such as their remoteness geographical dispersion moist tropical climates largely rural populations and lack of ict capacity and infrastructure but are also dependent on external agencies for investment and must negotiate with powerful donors who have conflicting agendas e government is widely regarded as transformational increasing efficiency productivity accountability economic growth and citizen involvement but while the governments of sids are committed to harnessing icts for effective government and economic development they face major challenges in establishing successful e government initiatives due to the problems outlined above coupled with a lack of hr capacities and appropriate strategies and policies drawing on the experience of the states mentioned above as well as regional quasi governmental bodies nongovernmental organizations ngos aid agencies and the private sector the book will be of interest to researchers and students in the fields of e government public administration political science communication information science and social media

Authority in Prayer 2006

part of the labour governments 1964 70 series this text concentrates on britain s international policy during harold wilson s labour governments in the 1960s the coverage ranges from defence policy and the government machine to european integration nato and the vietnam war harold wilson and his ministers have often been accused of betraying the sense of promise that greeted their victory in 1964 using recently released archival evidence young argues that a more balanced view of the goverment should recognize the real difficulties that surrounded decision making not only on vietnam but also on aden the nigerian civil war and rhodesia tensions and the need to placate allies all placed limits on what a once great but clearly declining power could achieve frurthermore the government proved of pivotal importance in the history of britain s international role in that it presided over a major shift of focus from positions east of sues to european concerns a focus that has remained until the present day international relations during this exciting period together with the other books in the series on domestic and economic policy it provides a complete picture of the development of britain under the premiership of harold wilson
