*Law and Practice of the United Nations* 2016 this book expounds the theory of international arbitration law it explains in easily accessible terms all the fundamentals of arbitration from separability of the arbitration agreement to competence competence over procedural autonomy finality of the award and

many other concepts it does so with a focus on international arbitration law and jurisprudence in switzerland a global leader in the field with a broader reach than a commentary of chapter 12 of the swiss private international law act the discussion contains numerous references to comparative law and its developments in addition to an extensive review of the practice of international tribunals written by two well known specialists professor kaufmann kohler being one of the leading arbitrators worldwide and professor rigozzi one of the foremost experts in sports arbitration the work reflects many years of experience in managing arbitral proceedings involving commercial investment and sports disputes this expertise is the basis for the solutions proposed to resolve the many practical issues that may arise in the course of an arbitration it also informs the discussion of the arbitration rules addressed in the book from the icc arbitration rules to the swiss rules of international arbitration the cas code and the uncitral rules while the book covers commercial and sports arbitrations primarily it also applies to investment arbitrations conducted under rules other than the icsid framework

*Deliberative Democracy between Theory and Practice* 2015-11-19  
This book explores the relationship between theory and practice in deliberative democracy. It begins by examining the theoretical foundations of deliberative democracy, including the work of Jürgen Habermas and other key theorists. The book then moves to a detailed analysis of the practical challenges of implementing deliberative democracy in various contexts, such as local government, national politics, and international relations. It discusses the role of institutions, the importance of civic education, and the need for a supportive legal and social environment. The author argues that while there are significant obstacles, deliberative democracy offers a promising path towards more inclusive and effective governance. The book concludes with a series of recommendations for how to overcome these challenges and realize the potential of deliberative democracy.
