~~nuclear regime first rule of finding yourself in a hole stop digging too bad shinji can't seem to take~~  
that advice not as long as he s in debt to the kaji detective agency while doing all the work of its lazy  
proprietors and shinji s situation just keeps getting worse as he discovers a rivalry he didn t know he  
had not to mention a past he had thought was gone years ago mysterious invaders are threatening earth so  
recruit a group of elite schoolkids to play videogames that secretly train them for the real fight that  
lies ahead does this plan sound familiar well they d better get a new plan because the elite schoolkids  
are shinji rei asuka and kaworu and they re too busy playing games to ever get in the fricking robot book  
two introduces mana kirishima the mysterious transfer student who might be more capable than even rei and  
asuka and who s definitely more capable when it comes to making moves on shinji the four of them will get  
a chance to show their elders what they can do and hopefully not kill each other in the process when yui  
takes them all on a field trip to a facility run by her greatest rival from school to see japan s newest
