why draw near to god god makes a promise to us in james 4 8 he says if we will draw near to him that he will draw near to us what an amazing promise god isn't talking about physical proximity of course but a life of personal intimate fellowship with him yet this promise is conditional it requires something on our part we must first draw near to him god seeks this relationship even to the sacrificing of his son romans 5 8 says but god shows his love for us in that while we were still sinners christ died for us so the question is do we desire this close relationship this nearness this study is designed to help us fulfill our part perhaps we should ask what are some of the blessings that are received from a close relationship with god

publisher s introductory back in the eighteen and early nineteen hundreds there were a group of men known as the plymouth brethren these men had many writings and many of them were taken from lectures given in many areas and at different times during this era some were given in different languages and then translated into english i have taken many of these writings and messages and formatted them so they could be read on tablets and phones in other words they are in epub and mobi formats i have set up indexes with headers and have enabled text to speech i then run them through a checker to make sure the ebook format is without errors in doing this i have produced a high quality product for a very low price these are not just scanning of old writings but have been completely redone by hand i started doing this for my own private use i found there were others who wanted them also so after praying about it and contacting publishers who already got permission to use all these writings and lectures i too got permission via email which i have on file i now have over 230 of these writings in ebook format on amazon for the kindle and on google play for the android os hopefully this number will keep increasing as time goes on prefatory note there is no introduction to the epistle to the hebrews and little need for any preface here where christ is the absorbing theme everything must yield to him and explanations are out of place the main themes of the book are the person of christ his priesthood and sacrifice and the place into which he has introduced his people everything is measured by these standards and loyalty to him is the crucial test for all that would claim attention in these closing days of the church s history where there is a strong tendency back into that which apes judaism a carnal religion without divine power and where the person of our lord is lightly esteemed if not

absolutely degraded it is to be hoped that this little book will serve to call back the thoughts of his people to one who is worthy of all their attention allegiance and worship may the lord graciously use it solely to the glory of his own peerless name s ridout
