**Intermediate Accounting** 2014-10-22 about the book 2020 has been a year shaped up by coronavirus covid 19 this pandemic has resulted in widespread economic uncertainty and disruption of businesses across the world there have been far reaching implications on financial reporting and this may continue for next couple of years these circumstances potentially present entities with several challenges when preparing their financial statements for year ended 31 march 2021 and subsequent financial results this book covers some of the key financial reporting implications that companies need to consider and also possible approaches that they may consider to dealing with the same keeping in view the business objectives financial covenants and the accounting standards key consideration under covid 19 for financial reporting consist of asset impairment inventory valuations and write downs revenue recognition debt covenants and debt servicing lease rental concessions foreign exchange accounting and losses gains due to extreme volatility litigation resulting from contractual defaults invocation of force majeure clauses and potential exposure insurance claims for losses during shutdown period or loss of lives and going concern the companies shall ensure that they provide sufficient disclosures in the notes to the financial statements with information about the entity that is useful to existing and potential investors creditors lenders and other stakeholders this book highlights the existing financial reporting requirements under companies indian accounting standards rules 2015 and companies accounting standards rules 2006 that should be considered when addressing the financial effects of covid 19 when preparing annual financial statements and possible audit approaches that can be considered relevant the role of auditors at this stage would be under increased scrutiny as the auditors have responsibility to complete the audit work in accordance with professional standards and ethics requirements under the current circumstances auditors must recognize that the manner in which they conducted the audits in the past may need significant modification to address the challenges and uncertainties arising out of the impact of covid 19 additionally irrespective of the challenges and uncertainties there should not be any dilution in the reporting or non compliance with the auditing standards in carrying out the audits this book is an attempt to cover the requirements of the accounting standards and auditing standards with illustrative examples and covid 19 related extracts from published financial statements of companies the readers would find this book very useful key features covering key accounting impact with real life examples and illustrations under ind as and as due to covid 19 key covid 19 considerations under auditing standards with real life examples of kam eom qualifications in audit reports real life practical examples and extracts from companies financial statements results simple and concise summaries of accounting and auditing literature

*Intermediate Accounting: IFRS Edition, 2E WileyPLUS Student Package* 2014-09-22 international financial reporting standards ifrs are now mandatory in many parts of the world including europe australia and china in addition many countries are in the process of ifrs adoption lastly foreign registrants in us companies no longer have to undertake a costly us ifrs reconciliation therefore it is clear that investors analysts and valuers need to understand financial statements produced under ifrs to feed in to their valuations and broader investment decisions written by practitioners for practitioners the book addresses valuation from the viewpoint of the analyst the investor and the

corporate acquirer it starts with valuation theory what is to be discounted and at what discount rate it explains the connection between standard methodologies based on free cash flow and on return on capital and it emphasizes that whichever method is used accurate interpretation of accounting information is critical to the production of sensible valuations the authors argue that forecasts of cash flows imply views on profits and balance sheets and that non cash items contain useful information about future cash flows so profits matter the book then addresses the implications for analysis and valuation of key aspects of ifrs including pensions stock options derivatives provisions leases the text also sets out which countries use gaap as well as the key differences between ifrs and us gaap treatments of these issues in addition to their implications for analysis a detailed case study is used to provide a step by step valuation of an industrial company using both free cash flow and economic profit methodologies the authors then address a range of common valuation problems including cyclical or immature companies as well as the specialist accounting and modelling knowledge required for regulated utilities resource extraction companies banks insurance and real estate companies accounting for mergers and disposals is first explained and then illustrated with a detailed potential acquisition using real companies

*Financial Accounting Using IFRS 2022-10-31* written by craig deegan australia s premier sustainability and social accounting academic an introduction to accounting accountability in organisations and society is the only resource in the market that brings corporate accountability sustainability and social responsibility together to provide a unique offering within the introductory accounting market this text takes a unique approach by embracing from the start the notion of accountability for the environment and sustainability in accounting providing students with an understanding of accounting s pervasive and transformative role as a social practice and organisational driver it shows that environments ideas and values change the interconnectivity of society that the planet must be respected as a resource and that people are affected influenced by the information they receive and the way it is presented the text emphasises that accounting and accountability are key aspects of every person s life and that the practice of accounting while often being seen as very technical in nature has many social implications learning accounting through the lens of sustainability and the environment embeds this perspective in students minds so that in their careers they will actively seek and use accounting information to make decisions that take into consideration accountability for the environment premium online teaching and learning tools are available on the mindtap platform learn more about the online tools au cengage com mindtap
