The Six Day War 1967 2012-08-20 in may 1967 egypt expelled the united nations peacekeeping forces stationed in the sinai desert and deployed its army along its border with israel its moves coordinated with those of jordan and syria by june israel realized that the international community would not act and so it launched a pre emptive strike against the combined arab forces the ensuing six day war was a crushing defeat for the arab world one that tripled the area controlled by israel and which sowed the seeds for the yom kippur war of 1973 and the continuing strife in the region written by the author of osprey s yom kippur war this volume covers the background to the war and the campaign against the egyptians in the sinai peninsula including the initial devastating air assault that showed the world how vital air supremacy was in modern combat

Anticipation and Medicine 2016-10-22 in this book practicing physicians and experts in anticipation present arguments for a new understanding of medicine their contributions make it clear that medicine is the decisive test for anticipation the reader is presented with a provocative hypothesis if medicine will align itself with the anticipatory condition of life it can prompt the most important revolution in our time to this end all stakeholders medical practitioners patients scientists and technology developers will have to engage in the conversation the book makes the case for the transition from expensive and only marginally effective reactive treatment through spare parts joint replacements organ transplants and reliance on pharmaceuticals antibiotics opiates to anticipation informed healthcare readers will understand why the current premise of treating various behavioral conditions attention deficit disorder hyperactivity schizophrenia through drugs has to be re evaluated from the perspective of anticipation in the manner practiced today medicine generates dependence and long lasting damage to those it is paid to help as we better understand the nature of the living the proactive view of healthcare within which the science and art of healing fuse becomes a social and political mandate

Religion of White Rage 2020-09-21 critically analyses the historical cultural and political dimensions of white religious rage in america past and present this book sheds light on the phenomenon of white rage and maps out the uneasy relationship between white anxiety religious fervour american identity

and perceived black racial progress contributors to the volume examine the sociological construct of the white labourer whose concerns and beliefs can be understood as religious in foundation and uncover that white religious fervor correlates to notions of perceived white loss and perceived black progress in discussions ranging from the constitution to the charlottesville riots to the evangelical community's uncritical support for trump the authors of this collection argue that it is not economics but religion and race that stand as the primary motivating factors for the rise of white rage and white supremacist sentiment in the united states

Agonistic Mourning 2017-05-18 drawing on a range of philosophical anthropological and political theories athena athanasiou offers a new way of thinking about agonistic performativity with its critical connections to national and gender politics and alongside the political intricacies of affectivity courage and justice through an ethnographic account of the urban feminist and antinationalist movement women in black of belgrade during the yugoslav wars she shows that we might understand their dissident politics of mourning as a means to refigure political life beyond sovereign accounts of subjectivity and agency

Carceral Capitalism 2018-02-23 essays on the contemporary continuum of incarceration the biopolitics of juvenile delinquency predatory policing the political economy of fees and fines and algorithmic policing what we see happening in ferguson and other cities around the country is not the creation of livable spaces but the creation of living hells when people are trapped in a cycle of debt it also can affect their subjectivity and how they temporally inhabit the world by making it difficult for them to imagine and plan for the future what psychic toll does this have on residents how does it feel to be routinely dehumanized and exploited by the police from carceral capitalism in this collection of essays in semiotexte's intervention series jackie wang examines the contemporary incarceration techniques that have emerged since the 1990s the essays illustrate various aspects of the carceral continuum including the biopolitics of juvenile delinquency predatory policing the political economy of fees and fines cybernetic governance and algorithmic policing included in this volume is wang's influential critique of liberal anti-racist politics against innocence as well as essays on robocop techno-policing and the aesthetic problem of making invisible forms of power legible wang shows that the new racial capitalism begins with parasitic governance and predatory lending that extends credit only to dispossess later predatory lending has a decidedly spatial character and exists in many forms including subprime mortgage loans student loans for sham for-profit colleges car loans rent-to-own scams payday loans and bail bond loans parasitic governance wang argues operates through five primary techniques financial states of exception automation extraction and looting confinement and gratuitous violence while these techniques of governance often involve physical confinement and the state-sanctioned execution of black americans new carceral modes have blurred the distinction between the inside and outside of prison as technologies of control are perfected carcerality tends to bleed into society
