**The Power of Words** 2011-05-01 research on small groups is highly diverse because investigators who study such groups vary in their disciplinary identifications theoretical interests and methodological preferences the goal of this volume is to capture that diversity and thereby convey the breadth and excitement of

small group research by acquainting students with work on five fundamental aspects of groups the volume also includes an introductory chapter by the editors which provides an overview of the history of and current state of the art in the field together with introductions to each section discussion questions and suggestions for further reading make the volume ideal reading for senior undergraduate and graduate students interested in group dynamics

Learning Power in Practice 2006-09-14 learning to rival tells the inside story of college and high school writers learning to rival to actively seek rival hypotheses and negotiate alternative perspectives on charged questions it shows how this interdisciplinary literate practice alters with the context of use and how in learning to rival in school and out students must often negotiate conflicts not apparent to instructors this study of the rival hypothesis stance a powerful literate practice claimed by both humanities and science initially posed two questions how does the rival hypothesis stance define itself as a literate practice as we move across the boundaries of disciplines and genres of school and community how do learners crossing these boundaries interpret and use the family of literate practices especially in situations that pose problems of intercultural understanding over the course of this project with urban teenagers and minority college students the rival hypothesis stance emerged as a generative and powerful tool for intercultural inquiry posing in turn a new question how can the practice of rivaling support the difficult and essential art of intercultural interpretation in education the authors present the story of a literate practice that moves across communities as well as the stories of students who are learning to rival across the curriculum learning to rival offers an active strategic approach to multiculturalism addressing how people negotiate and use difference to solve problems in the spirit of john dewey s experimental way of knowing it presents a multifaceted approach to literacy research combining

contemporary research methods to show the complexity of rivaling as a literate practice and the way it is understood and used by a variety of writers as a resource for scholars teachers and administrators in writing across the curriculum studies writing program administration service learning and community based projects as well as literacy rhetoric and composition this volume reveals how learning a new literate practice can force students to encounter and negotiate conflicts it also provides a model of an intercultural inquiry that uses difference to understand a shared problem

**The Study of Groups** 2013-03-07 this accessible guide contains everything you need to get up to speed on the theory and implementation of mimo techniques

**The Faith of Islam** 2013-11-05 the topic of sovereignty is contentious and one of enduring interest in a world of ever increasing economic globalisation the rise of supranational regulation and the interconnected age of information and communication technology among many other developments have challenged the once exclusively held westphalian model of sovereignty the distinction between the internal aspect of sovereignty as expressed in terms of ultimate authority in a constitution and the external aspect involving the relationship between sovereign states has been blurred this has given rise to contemporary debates that explore the theoretical and practical implications of current challenges to established doctrines evidently no book could encompass the entirety of the contemporary debates on sovereignty this is a book of essays focusing on sovereignty by a team of leading writers contributing domestic european and international perspectives the essays have been written at a time of very great testing of the institutional frameworks at every level domestic european international or

global the book illuminates the enduring strength of sovereignty as a foundational concept and the continuing widespread appeal of sovereignty as an idea
