## Criminal Sentencing as Practical Wisdom

2017-06-01

how do judges sentence in particular how important is judicial discretion in sentencing sentencing guidelines are often said to promote consistency but is consistency in sentencing achievable or even desirable whilst the passing of a sentence is arguably the most public stage of the criminal justice process there have been few attempts to examine judicial perceptions of and attitudes towards the sentencing process through interviews with scottish judges and by presenting a comprehensive review and analysis of recent scholarship on sentencing including a comparative study of uk irish and commonwealth sentencing jurisprudence this

book explores these issues to present a systematic theory of sentencing through an integration of the concept of equity as particularised justice the aristotelian concept of phronesis or practical wisdom the concept of value pluralism and the focus of appellate courts throughout the commonwealth on sentencing by way of instinctive synthesis it is argued that judicial sentencing methodology is best viewed in terms of a phronetic synthesis of the relevant facts and circumstances of the particular case the author concludes that sentencing is best conceptualised as a form of case orientated concrete and intuitive decision making one that seeks individualisation through judicial recognition of the profoundly contextualised nature of the process

## A Practical Guide to the Insurance Act 2015

2017-09-22

the insurance act 2015 the act is the first comprehensive statutory reform of the insurance law of the united kingdom since the marine insurance act 1906 it introduces thorough and in some cases fairly drastic reform of some of the core tenets of uk insurance law including the insured s pre contractual duty to the insurer and remedies for its breach the knowledge of the insured and the insurer for the purposes of the pre contractual duty the effect of insurance warranties and other terms tending to reduce the risk of loss fraudulent claims and damages for failure to pay an insurance claim in a reasonable time this book is a thorough introduction to the act it focuses primarily on the impact of the act on english law as applied to non consumer insurance and reinsurance of assistance not only to insurance lawyers and members of the judiciary but also underwriters claims handlers brokers and buyers of non consumer insurance policies this book covers each of the core changes brought about by the act it also analyses the particular ways in which the act differs from existing law by reference to the marine insurance act 1906 and cases decided under the old law
