1984-10-15

this provocative three volume encyclopedia is a valuable resource for readers seeking an understanding of how movies have both reflected and helped engender america s political economic and social history movies in american history an encyclopedia is a reference text focused on the relationship between american society and movies and filmmaking in the united states from the late 19th century through the present beyond discussing many important american films ranging from birth of a nation to star wars to the harry potter film series the essays included in the volumes explore sensitive issues in cinema related to race class and gender authored by international scholars who provide unique perspectives on american cinema and history written by a diverse group of distinguished scholars with backgrounds in history film studies culture studies science religion and politics this reference guide will appeal to readers new to cinema studies as well as film experts each encyclopedic entry provides data about the film an explanation of the film s cultural significance and influence information about significant individuals involved with that work and resources for further study

New York Magazine

2003

this book explores the role of music in the some five hundred feature length films on the middle ages produced between the late 1890s and the present day haines focuses on the tension in these films between the surviving evidence for medieval music and the idiomatic tradition of cinematic music the latter is taken broadly as any musical sound occurring in a film from the clang of a bell off screen to a minstrel singing his song medieval film music must be considered in the broader historical context of pre cinematic medievalisms and of medievalist cinema s main development in the course of the twentieth century as an american appropriation of european culture the book treats six pervasive moments that define the genre of medieval film the church tower bell the trumpet fanfare or horn call the music of banquets and courts the singing minstrel performances of gregorian chant and the music that accompanies horse riding knights with each chapter visiting representative films as case studies these six signal musical moments that create a fundamental visual aural core central to making a film feel medieval to modern audiences originate in medievalist works predating cinema by some three centuries

An Introduction to Film Studies

2011-06-17

throughout cinematic history the buildings characters inhabit whether stately rural mansions or inner city apartment blocks have taken on extra dimensions often featuring as well developed characters themselves nowhere is this truer than in the horror film where familiar spaces from chaotic kitchens to forgotten attics to overgrown greenhouses become settings for diabolical acts or supernatural visitations showing readers through a selection of prime movie real estate this book explores how homes come to life in horror with an analysis of more than sixty films including interviews and insights from filmmakers and scholars along with many rare stills from the gruesome murder in the hallway of the house by the cemetery 1981 to the malevolent haunting in the nursery of eel marsh house in the woman in black 2012 no door is left unopened

Dungeons and Dragons 4th Edition For Dummies

1977

from william dickson s rip van winkle films 1896 to baz luhrmann s big budget production of the great gatsby 2013 and beyond cinematic adaptations of american literature participate in a rich and fascinating history unlike previous studies of american literature and film which emphasize particular authors like edith wharton and nathaniel hawthorne particular texts like moby dick particular literary periods like the american renaissance or particular genres like the novel this volume considers the multiple functions of filmed american literature as a cinematic genre in its own right one that reflects the specific political and aesthetic priorities of different national and historical cinemas even as it plays a decisive role in defining american literature for a global audience

The Bicentennial of the United States of America

1997

while the viewer s eyes are trained on the actors the production design sets the mood for the film the design also subtly comments on the action and the characters moves the plot forward and adds to its symbolic content the production design of 23 films of the 1980s and 1990s is analyzed here the films are divided into five areas realistic films set in the present day stylized films including horror set in the present day period films period films that move through several decades and science fiction and fantasy films among the movies analyzed are the silence of the lambs she s gotta have it the fisher king ragtime barton fink goodfellas and alien the quality of the designs is assessed by a careful reading of the mise en scene often the designers own words are used to describe the effects and the process involved in achieving them

Ubu Films

1990-02-26

examining european art films of the 1950s and 1960s mark betz argues that it is time for film analysis to move beyond prevailing new wave historiography mired in outdated notions of nationalism and dragged down by decades of auteurist criticism focusing on the cinemas of france and italy betz reveals how the flowering of european art films in the postwar era is inseparable from the complex historical and political frameworks of the time
