Accounts and Papers of the House of Commons

1846

a gripping and masterful account of the moment one of america s founding cities turned on itself giving the nation a preview of the civil war to come america is in a state of deep unrest grappling with xenophobia racial and ethnic tension a national scale that feels singular to our time but it also echoes the earliest anti immigrant sentiments of the country in 1844 philadelphia was set aflame by a group of protestant ideologues avowed nativists who were seeking social and political power rallied by charisma and fear of the immigrant menace for these men it was irish catholics they claimed would upend morality and murder their neighbors steal their jobs and overturn democracy the nativists burned catholic churches chased and beat people through the streets and exchanged shots with a militia seeking to reinstate order in the aftermath the public debated both the militia s use of force and the actions of the mob some of the most prominent nativists continued their rise to political power for a time even reaching congress but they did not attempt to stoke mob violence again today in an america beset by polarization and riven over questions of identity and law enforcement the 1844 philadelphia riots and the circumstances that caused them demand new investigation at a time many envision america in flames the fires of philadelphia shows us a city one that embodies the founding of our country that descended into open warfare and found its way out again

devoted followers called him a prophet his enemies called him a public menace and worse historians acknowledge he left an indelible mark on american culture and religion believer or nonbeliever one thing is certain joseph smith was murdered in cold blood jenkins reveals an invaluable light on one of america s most influential citizens and the blemishes left by some of his contemporaries lamentable national scars that our culture must never forget

Journal of the ... Annual Convention, Diocese of Western New York

1843

reprint of the original first published in 1874 the publishing house anatiposi publishes historical books as reprints due to their age these books may have missing pages or inferior quality our aim is to preserve these books and make them available to the public so that they do not get lost
