Options Trading for Beginners

2019-07-20

are you looking to learn about investing are there too many sources are there too many books that are full of technical jargon that nobody understands no idea where to get started if your answer is yes then this book is the 1 guide to get you started maybe you have money sitting in the bank that s not growing maybe inflation is eating it out faster than your dog would eat through a fried chicken maybe you made some bad investments in the past and are weary about the future the answer to all the above concerns is knowledge and putting that knowledge to the test the benefit of this book is that it explains the concepts of options in layman s terms there is a section on technical terms which explains each of them clearly you can learn why options trading is better than most investments out there while there are a 100 different ways to invest your money there are very few ways to help reduce your downside risk options trading if done right can help hedge against bad stock performance however options trading is very confusing with lots of methods long definitions and puzzling contracts the media also tends to simplify the stock market by talking about stocks and bonds only as a result most people do not bother looking into options heck a lot of people haven t even heard of options trading but i assure you options trading can be significantly profitable and a great complement to your existing investment portfolio here s what s included in this book how options can be superior to stocks and how you can use this knowledge to maximize your profits 5 of the very best brokerages to get you started investing in options why the strike price is the a very important part of an options chain and other common definitions the one method used by options traders to generate passive income in a recession why a put option is safer than a short in a recession with several examples the best indicator to determine if you are in a bear or bull market 5 advanced options strategies to take your income to the next level many traders avoid options because of the myth that options are risky difficult to understand and that a good number of options expire worthlessly however this is not true after reading this book your mindset will change completely and you will start seeing options trading differently
