vampires don't fall in love except i did not the best decision of my long life i definitely cracked an unspoken line but ariana trounced me as far as line crossing went very few acts constitute crimes in vampire circles hers was the worst i fled to the old country to buy myself thinking time i still loved her but what she'd done was so vile i couldn't set it aside the world is a very different place from when i went into stasis i woke to wars on every side vampires are scarcely strangers to battle no one's ever accepted us but they've mostly let us be it's different this time very different mortals won't rest until they've wiped out magic normally their efforts would be laughable but they've coopted help from mages ones they've imprisoned and systematically stripped of power until the poor sods would agree to anything in exchange for their freedom and their magic we face huge problems but i'm tackling them one by one i'll return to ariana's side but perhaps only as her comrade in arms time will tell if we can be more to each other time and circumstances in a world without magic vampires will wither along with every other magic wielder i cannot let that happen
