can you repair your own car? if you're a DIY enthusiast, you might be wondering if you can repair your own car. The answer is yes, but it depends on the type of repair and your skill level. For simple tasks like oil changes, tire rotations, and brake pads, you can definitely do it yourself. For more complex repairs like engine work, transmission, or suspension, it's best to consult a professional mechanic. However, if you're up for the challenge and have the right tools, you can save a lot of money by doing it yourself.
