school getting the most from nursing school presents a roadmap to guide talented men and women along their journey from considering nursing as a profession to their first position as a registered nurse this exceptional resource provides the necessary guidance to ensure that students get the most from their education and become excellent care providers policymakers educators and researchers and achieve their goal of improving the health and well being of others getting the most from nursing school is written by a doctorally prepared nurse researcher and professor and can be distinguished by its evidence based information its anecdotes and its empirically grounded recommendations from nurses who have decades of experience in both clinical practice and as educators sample chapters include why become a nurse nursing school is tough getting through the classes surviving and succeeding in clinical preparing for success on the nclex presents brief profiles of over three thousand undergraduate graduate and postdoctoral nursing programs in the u s and canada listing nursing student resources and activities degree programs and full time part time and distance learning options globalisation affects health health care and nursing and has the potential to change the very nature of what we now take for granted in health care and how we obtain it nursing as a profession faces multiple challenges many of them because of globalization nurses have always seen their profession as a passport to the world in the past the mov this book helps new nursing students and those thinking of entering the profession understand what it is to be a nurse in today s rapidly changing healthcare environments the new edition includes a new first chapter on becoming a nursing student with insights from students themselves the book also explains the process of nursing and systems of care delivery which underpin actual practice a chapter on international working is included for those working or studying abroad finally it explores what nursing is really like when you qualify through interviews with registered nurses in each of the main nursing fields of practice this book helps new nursing students and those applying to nursing programmes understand what being a nurse is all about it explores the essential issues processes and theories of nursing practice and is therefore an ideal introductory text as you start your nursing programme or as pre course reading this revised edition includes a new first chapter on being a nursing student with insights from students themselves and explains what will be expected of you in the new all degree programmes interviews with real nurses in each of the fields of practice gives you an important view into the real world of nursing the revised third edition includes a new chapter on being a nursing student with student tips and stories updated with and linked to the new nmc standards and essential skills clusters for degree level education activities case studies and scenarios helps you apply theory to practice particularly suitable for first year students and those applying to pre registration programmes this book is part of the transforming nursing practice series the first series of books designed to help students meet the requirements of the nmc standards and essential skills clusters for the new degree programmes veronica burton s first experience of depression came as a teenager following a ten year remission during which she gained her general nursing qualification and completed her special and intensive nursing of the newborn course work related events precipitated a depressive relapse that has lasted to the present day since her retirement on medical grounds she has campaigned against prejudice by nurses toward other nurses including mental health nurses who need psychological support of any kind this book recounts the author s experiences of major depression hospital admissions and treatments including medication ect and talking treatments it discusses the care given by medical and nursing staff and social and medical prejudices against those with psychiatric illnesses from a medical practitioner s perspective like stumbling on a secret room in a familiar building in illuminating these previously inaccessible corners of her illness experience she forces me to challenge

my own taken for granted version of her history familiar territory seen from another perspective suddenly seems perturbing as psychiatrists too often we are drawn into seeing people through a lens of illness as if this was their only identity a veronica burton s psychiatrist nick rose in his postscript the most authoritative and comprehensive guide available to postgraduate grants and professional funding worldwide for over twenty years the grants register has been the leading source for up to date information on the availability of and eligibility for postgraduate and professional awards with details of over 3 000 awards the grants register is more extensive than any comparable publication each entry has been verified by the awarding bodies concerned ensuring that every piece of information is accurate as an annual publication each edition also provides the most current details available today the grants register provides an ideal reference source for those who need accurate information on postgraduate funding careers advisors university libraries student organisations and public libraries announcements for the following year included in some vols competition science vision monthly magazine is published by pratyogita darpan group in india and is one of the best science monthly magazines available for medical entrance examination students in india well qualified professionals of physics chemistry zoology and botany make contributions to this magazine and craft it with focus on providing complete and to the point study material for aspiring candidates the magazine covers general knowledge science and technology news interviews of toppers of examinations study material of physics chemistry zoology and botany with model papers reasoning test questions facts quiz contest general awareness and mental ability test in every monthly issue announcements for the following year included in some vols
