general henry lockwood of delaware shipmate of melville co builder of the naval academy civil war commander depicts the fascinating and accomplished life of nineteenth century delaware son brig gen henry lockwood excerpt for a leave of absence to fight as a union general during the civil war lockwood was a u s navy professor of mathematics from 1841 1876 serving on the uss united states in the pacific at the asylum naval school at the u s naval academy and the u s naval observatory lockwood sailed aboard the u s navy frigate united states participating in commodore thomas catesby jones s seizure of monterey from mexico and figuring importantly in shipmate herman melville s novel white jacket later he was a co builder of the u s naval academy at annapolis during the civil war lockwood pacified the slavery bound delmarva peninsula and commanded a brigade at gettysburg the maryland heights at harper s ferry the middle department 8th corps and a division at cold harbor all these accomplishments occurred in the face of lockwood s tendency to stutter which afflicted him throughout his life this book also takes note of family members such as his son lieut james lockwood who died of starvation during the greely polar expedition after having reached the furthest point north of any human brother navy surgeon john lockwood whose essays in conjunction with melville s white jacket were major factors in outlawing punitive flogging in the navy and son in law adam charles sigsbee who was in command of the uss maine when it blew up in havana harbor several pivotal events in lockwood s life have unjustly led to his historical neglect here matthews finally gives lockwood his due

## **7 Years AILET Solved Papers (2021 - 2015) 2nd Edition 2014-04-04**

until world war ii the four corners region where new mexico colorado utah and arizona meet was a collection of isolated rural towns in the postwar baby boom era however small communities like farmington new mexico became bustling municipalities with rapidly expanding economies in quest for the golden circle arthur gomez traces the development of the four corners two industries mining and tourism to discover how each contributed to the economic and urban transformation of this region during the 1950s and 1960s focusing on four cities durango colorado moab utah flagstaff arizona and farmington new mexico gomez chronicles how these towns played key roles in the west s dramatic postwar expansion cities such as denver albuquerque phoenix tucson el paso and salt lake city all grew through use of the abundant petroleum uranium natural gas timber and other natural resources extracted from the four corners region but the energy boom in these towns was not to last with the arrival of foreign oil bringing economic growth to a halt in the early 1970s town leaders turned again to the land to stimulate their economy this time the resource was a seemingly inexhaustible one tourism gomez examines how business minded citizens marketed the area s scenic wonders and established the entire region as a tourist destination their efforts were further assisted by the selection of stunning federal lands mesa verde grand canyon and arches national parks as treasures protected and promoted by the national park service both mining and tourism however were beset by complex new problems and issues extensive highways for instance were planned to bisect a navajo reservation as gomez illustrates the growing cities in the four corners region felt tremendous competing pressures between outside business powers and local needs as their extractive economy boomed and busted and as they then struggled to attract tourism dollars in addition he highlights the prominent roles played by federal agencies like the atomic energy commission and the national park service in shaping regional destiny an outstanding analysis of the complexities of postwar development quest for the golden circle successfully illuminates the history of one region within the larger story of the modern american west

## Quest for the Golden Circle 2024-03-07

during the late summer of 1915 captain aidan liddell s gallant exploits filled many newspaper columns and he was feted as a national hero already decorated for bravery while serving with the argyll and sutherland highlanders he transferred to the royal flying corps and it was as a pilot that he attracted national acclaim badly wounded over enemy occupied belgium liddell lost consciousness as his two seater re5 aircraft was raked by machine gun fire and plunged out of control towards the ground despite terrible injuries and the extensive damage to his machine he somehow recovered from an inverted dive and flew on for a further half an hour to the safety of the allied lines so saving his observer and a valuable aircraft for this action he was awarded the victoria cross but did not live to receive britain s highest gallantry award and succumbed to his wounds a month later with a smile and a wave provides a vivid picture of the squalor and danger of war the backbreaking hardship of trench life and of the challenges of pioneer air fighting it draws extensively on captain liddell s own letters and diaries and exposes the character and courage of the man in his own often compelling and moving words but it is a story not just of war but of growing up in a devout and prosperous family of a jesuit education at stonyhurst college and of edwardian oxford before the great war it portrays the privileged lifestyle of the english country gentleman and describes how a very close knit and patriotic family dealt with the adversity of war

## ***Diversity of Non-Chordates & Economic Zoology (English Edition) (Zoology Book) Paper-I 1839***

most accounts of post 1950s political history tell the story of of the war on drugs as part of a racial system of social control of urban minority populations an extension of the federal war on black street crime and the foundation for the new jim crow of mass incarceration as key characteristics of the u s in this period but as the nixon white house understood and as the carter and reagan administrations also learned there were not nearly enough urban heroin addicts in america to sustain a national war on drugs this book argues that the long war on drugs has reflected both the bipartisan mandate for urban crime control and the balancing act required to resolve an impossible public policy the criminalization of the social practices and consumer choices of tens of millions of white middle class americans constantly categorized as otherwise law abiding citizens that is the white middle class was just as much a target as minority populations the criminalization of marijuana the white middleclass drug problem moved to the epicenter of the national war on drugs during the nixon era white middle class youth by the millions were both the primary victims of the organized drug trade and excessive drug war enforcement but policymakers also remained committed to deterring their illegal drug use controlling their subculture and coercing them into rehabilitation through criminal law only with the emergence of crack cocaine epidemic of the mid 1980s did this use of state power move out of suburbs and remgaged more dramatically in urban and minority areas this book tells a history of how state institutions mass media and grassroots political movements long constructed the wars on drugs crime and delinquency through the lens of suburban crisis while repeatedly launching bipartisan nonpartisan crusades to protect white middle class victims from perceived and actual threats both internal and external the book works on a national regional and local level with deep case studies of major areas like san francisco la washington and new york this history uses the lens of the suburban drug war to examine the consequences when affluent white suburban families serve as the nation s heroes and victims all at the same time in politics policy and popular culture

## **IAS Mains Paper 3 Technology Economic Development Bio Diversity Environment, Security & Disaster Management 2021 2019-09-25**

cavalry units from midwestern states remain largely absent from civil war literature and what little has been written largely overlooks the individual men who served the fifth illinois cavalry has thus remained obscure despite participating in some of the most important campaigns in arkansas and mississippi in this pioneering examination of that understudied regiment rhonda m kohl offers the only modern comprehensive analysis of a southern illinois regiment during the civil war and combines well documented military history with a cultural analysis of the men who served in the fifth illinois the regiment s history unfolds around major events in the western theater from 1861 to september 1865 including campaigns at helena vicksburg jackson and meridian as well as numerous little known

skirmishes although they were led almost exclusively by northern born republicans the majority of the soldiers in the fifth illinois remained democrats as kohl demonstrates politics economics education social values and racism separated the line officers from the common soldiers and the internal friction caused by these cultural disparities led to poor leadership low morale disciplinary problems and rampant alcoholism the narrative pulls the fifth illinois out of historical oblivion elucidating the highs and lows of the soldiers service as well as their changing attitudes toward war goals religion liberty commanding generals copperheads and alcoholism by reconstructing the cultural context of fifth illinois soldiers prairie boys go to war reveals how social and economic traditions can shape the wartime experience
