## **The Hillsong Movement Examined 2017-11-02**

this interdisciplinary volume brings together leading writers and thinkers to provide a critique of a broad range of topics related to hillsong church hillsong is one of the most influential visible and in some circles controversial religious organizations movements of the past thirty years although it has received significant attention from both the academy and the popular press the vast majority of the scholarship lacks the scope and nuance necessary to understand the complexity of the movement or its implications for the social cultural political spiritual and religious milieus it inhabits this volume begins to redress this by filling important gaps in knowledge as well as introducing different audiences to new perspectives in doing so it enriches our understanding of one of the most influential christian organizations of the late 20th and early 21st centuries

## **Handbook of Global Contemporary Christianity 2016-04-26**

the handbook of global contemporary christianity movements institutions allegiance traces how the largest religion in the world is increasingly expressed in energetic global forms leading to fresh modes of organisation belonging believing and traditional and syncretic movements

## **Women in Pentecostal and Charismatic Ministry 2016-11-01**

women in pentecostal and charismatic ministry informing a dialogue on gender church and ministry co edited by de alminana and olena offers missing and or silent voices in the pentecostal charismatic movement an important corrective and a way forward to shape gender focused discussions

## **Modern Chinese Theologies 2023-10-31**

the majority of christians in china over the course of the last century have worshipped not in missionary founded churches or in congregations affiliated with the contemporary three self patriotic movement or chinese catholic patriotic association but in independent and unregistered churches often labeled house churches from the pentecostal and charismatic movements within the mission church landscape of the early twentieth century to the calvinist reformed movement in the present day protestant church the vibrant faith life and extraordinary church growth of this sector of chinese christianity offer a fascinating witness and lesson to the world church yet despite the size of their congregations and the spread of their teachings the theologies of these independent and unregistered churches have drawn much less academic attention than those of mission church or state church theologians this volume presents a selection of new studies on house church theologians and theologies these begin in the early twentieth century with studies of the spiritual gifts movement in shandong and the nature of pentecostalism in hong kong and arrive in the present with essays on the changing role of women s leadership in the church given the spread of reformed thought and the theological implications of westminsterian neo calvinism in china the second section of the volume is devoted to the theological writings and lives of the two most prominent independent church figures of the twentieth century wang mingdao and ni

tuosheng watchman nee these chapters include studies of spiritual theology of ni s doctrine of humanity his views on salvation and his prison letters and of wang mingdao s life and moral thought his confucian beliefs and his understanding of the relationship of christians to the state the third section of the volume foregrounds church voices like the fundamentalist samuel lamb and the mediating figure yang shaotang and considers local developments in roman catholicism in light of vatican reforms

### **P.S. I'm Single 2011**

this book offers a welcome alternative to anyone who is looking for something different from the generic brand of books on singleness based on the personal and professional perspectives of five single persons ranging in age from late 20s to mid 50s this book discusses the subject of singleness from biblical theological pastoral and socio economical perspectives with astute wit and lived realism the authors explore the hard questions about being a single person in today s society and offer a refreshing new view on the single experience

### ***Sisters, Mothers, Daughters: Pentecostal Perspectives on Violence against Women* 2022-06-13**

this volume explores issues and themes related to violence against women the contributing authors approach the topic from a pentecostal perspective both in the way they assess the pervasiveness and urgency of the problem and in the solutions they propose

### ***Happy: LGBTQ+ Experiences of Australian Pentecostal-Charismatic Christianity* 2023-01-01**

this book relates the unique experiences of lesbian gay bisexual transgender and queer questioning lgbtq people in australian pentecostal charismatic christian churches grounded in the theoretical contributions of michel foucault judith butler lewis coser and others the book exposes the discursive battleground over the truth of sex which underlies the participants stories these rich and complex narratives reveal the stakes of this conflict manifested in the line a barrier restricting out lgbtq people from full participation in ministry and service although some participants related stories of supportive if typically conservative congregations where they felt able to live out an authentic integrated faith others found they could only leave their formerly close and supportive communities behind counter rejecting the churches and often the faith that they felt had rejected them

## **Asia Pacific Pentecostalism 2019-07-01**

asia pacific pentecostalism edited by denise a austin jacqueline grey and paul w lewis yields previously untold stories and interdisciplinary analysis of pioneer foundations denominational growth leadership training contextualisation and community development across east asia southeast asia and oceania

## **Effective and attractive communication signals in social, cultural, and business contexts 2023-06-30**

in the contemporary biblical studies climate proposals regarding the theological interpretation of scripture are contested particularly but not only because they privilege encourage and foster ecclesial or other forms of normative commitments as part and parcel of the hermeneutical horizon through which scriptural texts are read and understood within this context confessional approaches have been emerging including some from within the nascent pentecostal theological tradition this volume builds on the author s previous work in theological method to suggest a pentecostal perspective on theological interpretation that is rooted in the conviction that all christian reading of sacred scripture is post pentecost meaning after the day of pentecost outpouring of the spirit on all flesh in anticipation of the coming reign of god in that respect such a pentecostal interpretative perspective is not parochially for those within the modern day movement bearing that name but is arguably apostolic in following after the scriptural imagination of the earliest disciples of jesus the messiah and therefore has ecumenical and missional purchase across space and time the hermeneutical spirit thus provides close readings of various texts across the scriptural canon as a model for christian theological interpretation of scripture suitable for the twenty first century global context

## **The Hermeneutical Spirit 2017-11-06**

this collection of essays was first presented at the 37th annual meeting of the society for pentecostal studies held jointly with the wesleyan theological society at duke university in march 2008 under the conference theme signs sighs and significance pentecostal and wesleyan explorations of science and creation along with a companion volume of wesleyan essays published also by pickwick publications the twelve chapters here represent both pentecostal reflections responses to the science religion discussion and pentecostal contributions to the ongoing exchange by biblical studies specialists historians and theologians among those trained in other disciplines together the essayists model an actual dialogue in which pentecostal scholarly reflection is impacted by science religion discourses on the one hand while pentecostals reach deep into their own tradition to explore how their pre understandings and commitments might enable them to speak with their own voice into pre existing conversations on the other hand this volume thus represents one of the first hopefully the first of many in which pentecostals register their perspectives on a major issue of our time in a world dominated by science and at a time when theologies of creation that encourage and require care for creation and the environment are proliferating the spirit renews the face of the earth provides a set of pentecostal perspectives on these important matters

## **The Spirit Renews the Face of the Earth 2009-04-01**

religion in today's democratic republic of Congo has many faces from the overflowing seminaries and Marian shrines of the Catholic Church to the Islamic brotherhoods from the healers of Kimban Guism to the televangelism of the booming Pentecostal churches in the great cities from the Orthodox communities of Kasai to the invisible Mai Mai warriors in the brousse of Kivu during the colonial period religion was no less central to people's lives than it is today more surprisingly behind the seemingly smooth facade of missions linked closely to imperial power faith and worship were already marked by diversity and dynamism tying the Congo into broader African and global movements the contributions in this book provide insight into the multifaceted history of the interaction between religion and colonization the authors outline the institutional political framework and focus on the challenge that old and new forms of slavery entailed for the missions the atrocities committed at the time of the Congo Free State became an existential question for young Christian communities in the Belgian Congo after 1908 more structural forms of colonial violence remained a key issue marking religious experiences and yet religion also acted as a bridge the authors emphasize the role intermediaries such as catechists or medical assistants played in the African appropriation of Christianity they examine the complex interaction with indigenous religious beliefs and practices and zoom in on the part religions played in the independence movement as well as on their reaction to independence itself coming at a moment when Belgium confronts its colonial past this volume provides a timely reassessment of religion as a key factor

## **Religion, Colonization and Decolonization in Congo, 1885-1960. Religion, colonisation et décolonisation au Congo, 1885-1960 2020-10-30**

this book develops an ecclesiological method used to describe and analyse the transitions in culture and structure of Australian Pentecostal churches during the course of the twentieth century these changes provide a case study of global developments in Pentecostalism

## ***Pentecostal Churches in Transition 2009-05-20***

the five volume Oxford History of Protestant Dissenting Traditions series is governed by a motif of migration out of England it first traces organized church traditions that arose in Britain and Ireland as dissenters distanced themselves from a state church defined by diocesan episcopacy the book of common prayer the thirty-nine articles and royal supremacy but then follows those traditions as they spread beyond Britain and Ireland and also analyses newer traditions that emerged downstream in other parts of the world from earlier forms of dissent secondly it does the same for the doctrines church practices stances toward state and society attitudes toward scripture and characteristic patterns of organization that also originated in earlier British and Irish dissent but that have often defined a trajectory of influence independent of ecclesiastical organizations the Oxford History of Protestant Dissenting Traditions volume V follows the spatial cultural and intellectual changes in dissenting identity and practice in the twentieth century as these once European traditions globalized while in Europe dissent was often against the religious state dissent in a globalizing world could redefine itself against colonialism or other secular and

religious monopolies the contributors trace the encounters of dissenting protestant traditions with modernity and globalization changing imperial politics challenges to biblical denominational and pastoral authority local cultures and languages and some of the century's major themes such as race and gender new technologies and organizational change in so doing they identify a vast array of local and globalizing illustrations which will enliven conversations about the role of religion and in particular christianity

### ***The Oxford History of Protestant Dissenting Traditions, Volume V 2018-11***

pentecostals are often portrayed as emotional people who are driven largely by experience in christ centered menzies argues that this caricature misses the fact that pentecostals are fundamentally people of the book although pentecostals encourage spiritual experience they do so with a constant eye to scripture the bible and particularly the book of acts fosters and shapes pentecostal experience additionally pentecostals are defined by their emphasis on a personal relationship with jesus christ at its heart the pentecostal movement is not spirit centered but rather christ centered the work of the spirit as pentecostals understand it centers on exalting and bearing witness to the lordship of christ menzies develops these themes by examining the origins biblical foundations and missional orientation of the modern pentecostal movement he concludes that in spite of contradictory messages from some in fundamentalist pews and the pentecostal academy pentecostals are and have always been solidly evangelical

### ***Christ-Centered 2020-10-05***

three's a crowd brings together the three dialogue partners of pentecostalism hermeneutics and the old testament previous attempts by pentecostal academics to define a distinctive pentecostal hermeneutic have focused on issues and application to the new testament consequently estranging the old testament from the conversation this book engages the hermeneutical practices of pentecostal and charismatic groups in reading the old testament in ways that are representative while critical of their movement's ideological bases and visions while the issue of understanding and developing a viable pentecostal hermeneutic has continued to be debated within the academic journals of the community for over a decade most discussion has focused on the prescription of ideals rather than on the actual practice of the contemporary community by examining the reading practices of the pentecostal and charismatic community this book suggests a unique and rounded reading method that maintains the strengths of pentecostal reading practices while addressing their inherent weaknesses in this way the voices of the three dialogue partners emerge in a mutual fellowship that engages both the needs of the pentecostal community and informs the wider ecumenical dialogue

### ***Three's a Crowd 2011-06-13***

the pentecostal movement emerged at the turn of the twentieth century emphasizing the need for christians to have a powerful experience of the holy spirit it advocated the return to a pristine early spirituality in which empowerment by the spirit was essential recently pentecostal and charismatic movements are playing down the classic expressions and moving towards more

mainline approaches as church movements develop they become more structured less spontaneous and more routine but is this always inevitable the author explores a contemporary pentecostal movement to discover whether a radical spirituality still can effectively interface with a complex twenty first century world this insightful research finds a pentecostal spirituality that is flexible adaptive and innovative and despite humble origins now is making inroads into the middle class while tensions over charismatic freedom remain the developing organizational structure is facilitating significant growth valuable lessons for christians of all persuasions are found and some creative theological developments are suggested for church structure and for expanding traditional understandings of baptism in the holy spirit

### ***Spirit, Freedom and Power 2016-07-21***

experienced practitioners theologians and academics reflect on the christian voice as it engages in education today at a time of national uncertainty for re questions about faith based schools and the place of religious belief in the public arena this volume is a resource for school and university teachers head teachers chaplains governors diocesan officers concerned parents educationalists it offers a frank discussion about the tensions in bringing faith into the open in current educational contexts theological reflection of christian engagement in the public place a creative exploration of the future for christian engagement in education it also considers the tensions inherent in practising christian faith within a secular context and in multi faith contexts it aims to generate new confidence that will encourage the practice and contribution of faith based thinking in schools

### ***APS Observer 1995***

this book is a pneumatological reflection on the use and abuse of the spirit in light of the abuse of religion within south african pentecostalism both emerging and well established scholars of south african pentecostalism are brought together to reflect on pneumatology from various approaches which includes among others historical biblical migration commercialisation of religion discernment of spirits and human flourishing from a broader understanding of the function of the holy spirit in different streams of pentecostalism the argument is that this function has changed with the emergence of the new prophetic churches in south africa this is a fascinating insight into one of the major emerging worldwide religious movements as such it will be of great interest to academics in pentecostal studies christian studies theology and religious studies as well as african studies and the sociology of religion

### ***Being Christian in Education 2015-10-30***

this book draws on the belief statements and official publications of elim and aog denominations in new zealand from 1990 to 2008 in order to test the extent to which this conviction was adhered to a statement that in order to reach new zealand our methods need to change but not our message provides a framing device inviting the reader to explore their responsiveness to aspects of social change within new zealand before gauging interest in new methodologies known to have impacted pentecostal churches in new zealand during this period actual changes to evangelistic methodology and salvation terminology is presented

from the findings of a quantitative study before the salvation message is re examined it will be evident that not only were new methodologies embraced but views on salvation broadened becoming increasingly holistic dynamic and relational

## **The Use and Abuse of the Spirit in Pentecostalism 2020-11-29**

the growth of spirit empowered christianity has been nothing short of phenomenal from a handful of believers in the early twentieth century to a global movement today numbering over 600 million people in almost every culture and denomination those who embrace the holy spirit and his gifts are now the fastest growing religious group in the world

## ***A Full-er Gospel?: Pentecostal Proclamation in New Zealand 1990-2008 2015***

making mice blends scientific biography institutional history and cultural history to show how genetically standardized mice came to play a central role in contemporary american biomedical research karen rader introduces us to mouse fanciers who bred mice for different characteristics to scientific entrepreneurs like geneticist c c little and to the emerging structures of modern biomedical research centered around the national institutes of health throughout making mice rader explains how the story of mouse research illuminates our understanding of key issues in the history of science such as the role of model organisms in furthering scientific thought ultimately genetically standardized mice became icons of standardization in biomedicine by successfully negotiating the tension between the natural and the man made in experimental practice this book will become a landmark work for its understanding of the cultural and institutional origins of modern biomedical research it will appeal not only to historians of science but also to biologists and medical researchers

## **Global Renewal Christianity 2015-05-15**

using rich ethnographic data and first hand experience ball presents a detailed account of australia s attempts to incorporate behavioural insights into its public policy ball identifies three competing interpretations of behavioural public policy and how these interpretations have influenced the use of this approach in practice the first sees the process as an opportunity to introduce more rigorous evidence the second interpretation focuses on increasing compliance cost savings and cutting red tape the last focuses on the opportunity to better involve citizens in policy design these interpretations demonstrate different solutions to a series of dilemmas that the australian public service and others have confronted in the last 50 years including growing politicisation technocracy and a disconnect from the needs of citizens ball offers a detailed account of how these priorities have shaped how behavioural insights have been implemented in policy making as well as reflecting on the challenges facing policy work more broadly an essential read for practitioners and scholars of policy making especially in australia

## **Making Mice 2018-06-05**

published with the association for coaching diversity in coaching explores the impact and implication of difference in coaching the book looks at how coaches can respond to issues of gender generational cultural national and racial difference understanding how diversity impacts upon coaching is a crucial element to coaching effectively in today s diverse society and can give coaches the edge when responding to their coachees need written by an international team of coaching professionals the book provides guidance on understanding diversity and how coaches can adapt coaching styles and techniques to meet individual needs local demands and cultural preferences it explores the impact and implication of difference in coaching providing practical information to help coaches respond effectively to issues of diversity

## **Behavioural Public Policy in Australia 2022-09-14**

the definitive biography of the brilliant charismatic and very human physicist and innovator enrico fermi in 1942 a team at the university of chicago achieved what no one had before a nuclear chain reaction at the forefront of this breakthrough stood enrico fermi straddling the ages of classical physics and quantum mechanics equally at ease with theory and experiment fermi truly was the last man who knew everything at least about physics but he was also a complex figure who was a part of both the italian fascist party and the manhattan project and a less than ideal father and husband who nevertheless remained one of history s greatest mentors based on new archival material and exclusive interviews the last man who knew everything lays bare the enigmatic life of a colossus of twentieth century physics

## **Diversity in Coaching 2013-05-03**

science and its offshoot technology enter into the very fabric of our society in so many ways that we cannot imagine life without them we are surrounded by crises and debates over climate change stem cell research aids evolutionary theory and intelligent design the use of dna in solving crimes and many other issues society is virtually forced to follow our natural tendency which is to give great weight to the opinions of scientific experts how is it that these experts have come to acquire such authority and just how far does their authority reach does specialized knowledge entitle scientists to moral authority as well how does scientific authority actually function in our society and what are the countervailing social forces including those deriving from law politics and religion with which it has to contend theodore brown seeks to answer such questions in this magisterial work of synthesis about the role of science in society in part i he elucidates the concept of authority and its relation to autonomy and then traces the historical growth of scientific authority and its place in contemporary american society in part ii he analyzes how scientific authority plays out in relation to other social domains such as law religion government and the public sphere

## The Last Man Who Knew Everything 2017-12-05

there has been a tendency amongst scholars to view switzerland as a unique case and comparative scholarship on the radical right has therefore shown little interest in the country yet as the author convincingly argues there is little justification for maintaining the notion of swiss exceptionalism and excluding the swiss radical right from cross national research his book presents the first comprehensive study of the development of the radical right in switzerland since the end of the second world war and therefore fills a significant gap in our knowledge it examines the role that parties and political entrepreneurs of the populist right intellectuals and publications of the new right as well as propagandists and militant groups of the extreme right assume in swiss politics and society the author shows that post war switzerland has had an electorally and discursively important radical right since the 1960s that has exhibited continuity and persistence in its organizations and activities recently this has resulted in the consolidation of a diverse swiss radical right that is now established at various levels within the political and public arena

## Imperfect Oracle 2015-08-26

the real story of global oil over the past twenty five years is not about the spillover effects of palestinians fighting israelis or terrorist attacks on u s forces in saudi arabia and yemen or iraq s stormy relationship with kuwait it is not even about periodic small and large scale u s attacks on iraq rather the real story is about longer term developments that have changed the international relations of the middle east politics at the global level and world oil markets these developments have increased oil stability from the introduction thirty years after oapec shattered world markets for oil the western world remains profoundly dependent on foreign particularly middle eastern sources of petroleum u s political rhetoric is suffused with claims about the vulnerability caused by this dependence hence many political analysts assume that a search for stability of petroleum supplies is an important element of contemporary american foreign policy steve a yetiv argues that common assumptions about oil markets are wrong although prices remain volatile yetiv s account portrays a world market in petroleum products far more benign and predictable than the one to which we are accustomed in crude awakenings he identifies and analyzes real and potential threats to the global energy supply including wars revolutions coups dangerous alliances oil embargoes islamic radicalism and transnational terrorism however he also shows how some of these threats have been mitigated and how global oil security has been reinforced
