What's Wrong With the IMF and How to Fix It 2017-11-27 the imf stands at a crossroad derided as increasingly irrelevant in the first decade of the new millennium the fund has had its power and prestige restored by the fallout from the 2008 global financial crisis but will the resurgent imf assert a more just and sustainable macroeconomic model and provide a voice for poor and marginalized people around the globe or will enduring weaknesses within the imf mean it fails to address these issues in this book bessma momani and mark r hibben dissect the variables and institutional dynamics at play in imf governance surveillance lending and capacity development to expose the fundamental barriers to change identifying four areas that could fix the imf they show how these genuine and workable solutions can give the imf the effectiveness and legitimacy it needs to positively shape twenty first century global governance and push back against volatile and regressive forces in the international political economy

SCADA Security - What's broken and how to fix it 2019-03 modern attacks routinely breach scada networks that are defended to it standards this is unacceptable defense in depth has failed us in scada security

ginter describes this failure and describes an alternative strong scada security is possible practical and cheaper than failed it centric defense in depth while nothing can be completely secure we decide how high to set the bar for our attackers for important scada systems effective attacks should always be ruinously expensive and difficult we can and should defend our scada systems so thoroughly that even our most resourceful enemies tear their hair out and curse the names of our scada systems designers

Year Book of Surgery 2016, 2016-08-02 the year book of surgery brings you abstracts of the articles that reported the year s breakthrough developments in general surgery carefully selected from more than 500 journals worldwide expert commentaries evaluate the clinical importance of each article and discuss its application to your practice the year book of surgery is published annually in june and includes topics such as general surgery trauma burns critical care transplantation surgical infections wound healing oncology vascular surgery and general thoracic surgery

What's Wrong with the United Nations and How to Fix It 2016-09-01 seven decades after its establishment the united nations and its system of related organizations and programs are perpetually in crisis while the twentieth century s world wars gave rise to ground breaking efforts at international organization in 1919 and 1945 today s un is ill equipped to deal with contemporary challenges to world order neither the end of the cold war nor the aftermath of 9 11 has led to the next generation of multilateral institutions but what exactly is wrong with the un that makes it incapable of confronting contemporary global challenges and more importantly can we fix it in this revised and updated third edition of his popular text leading scholar of global governance thomas g weiss takes a diagnose and cure approach to the world organization s inherent difficulties in the first half of the book he considers the problems of international leadership and decision making in a world of self interested states the diplomatic complications caused by the artificial divisions between the industrialized north and the global south the structural problems of managing the un s many overlapping jurisdictions agencies and bodies and the challenges of bureaucracy and leadership the second half shows how to mitigate these maladies and points the way to a world in which the un s institutional ills might be cured weiss s remedies are not based on pious hopes of a miracle cure for the un but rather on specific and encouraging examples that could be replicated with considered optimism and in contrast to received wisdom he contends that substantial change is both plausible and possible

U.S. Education is in Trouble, Let's Fix It! 2023-07-17 changes to improve schools is a book about educational reform richard garrett has spent ten years researching the u s k 12 system to find things in need of improvements the book has 17 chapters that cover a wide range of topics such as the performance of american students classroom discipline and apprehensions younger graduates face when deciding to pursue educational fields

Fix-It and Forget-It New Cookbook 2015-01-27 over the past ten years fan fiction has outgrown its perceived taboo as made by the public and has evolved into a legitimate form of writing and self expression academics too have recognized the potential for fan fiction studies through the lens of the humanities psychology sociology and gender and queer studies what makes fix it fics challenging the status quo through fanfiction unique is in its specific focus on the fan fiction subgenre fix it fics also known in fan fiction communities as the fix it fans writing in this subgenre are motivated by fixing what they believe the original creators did not get right the first time more significantly fix it fic writers generally use their prose to fix the unaddressed biases that are perpetuated on their favorite character or plot lines by either the original creator or other fans the fix it fic has existed for some time however it was after j k rowling s degrading remarks about the transgender community that fix it fic writers clearly saw themselves as the only ones who could challenge the prejudices associated with their fandoms the essay featured in this book reflects on the fix it fic as an outlet for self advocacy and community activism through the written word chapters in this book focus on fandoms including but not limited to supernatural harry potter wentworth stranger things game of thrones hannibal star trek and batman while also addressing topics such as the omegaverse healing trauma and creating community archives fix it fics challenging the status quo through fanfiction will appeal to popular culture sociology and gender and queer studies scholars who are invested in the larger academic conversation and offers an array of essays that any college professor teaching popular culture will surely benefit from including in their courses

Fix-It Fics: Challenging the Status Quo through Fan Fiction 2010-12 why is the country in a state of disarray why do our systems not work in the world is stupid you can t fix it author claude roessiger examines the major issues plaguing the united states today and proposes solutions to some of the ills from the origins of man s society to windmills and boorish manners roessiger discusses a wide range of public policy issues social democracy drug alcohol and sexual policies education economics technology government spending and government size his inquiry ranges far cuts incisively and gives no quarter in the world is stupid you can t fix it he delves into a range of questions does the populace understand that a major portion of public spending is waste is anyone truly incensed was the spirit of 76 no more than a fl ash in the pan can men preserve liberty was man made for liberty roessiger admits that the questions are difficult to ask and the answers even more difficult to discern but they are important to discuss because for free people to remain free they must be capable of rational argumentation and dialogue

The World Is Stupid-You Can't Fix It! 2018-01-19 the newest addition to the new york times bestselling

fix it and forget it series the beloved fix it and forget it series has sold nearly 11 million copies giving home cooks around the world exactly what they crave recipes for delicious satisfying meals that anyone can make with simple ingredients and minimal preparation time who doesn't love being able to serve their family a wholesome dinner and dessert without spending hours in the kitchen or a fortune on groceries now new york times bestselling author phyllis good presents a collection that gives cooks even more this three cookbook set of phyllis good's classic slow cooker cookbooks features more than 1 300 recipes this set includes three of good's favorite titles fix it and forget it slow cooker magic fix it and forget it new cookbook fix it and forget it cooking light for slow cookers each section is packed with easy to follow carefully tested recipes no one has enough time these days with a slow cooker anyone can prepare a fantastic meal in minutes the recipes use ingredients most people already have in their cupboards no searching high and low for exotic foods that will break the bank this favorite guide to quick and easy to prepare slow cooker food has it all food from your slow cooker that is scrumptious and convenient to make

Fix-It and Forget-It New Slow Cooker Magic Box Set 2013-02-04 change the way you think about work and life by focusing on results and only results why managing sucks and how to fix it shows how the results only work environment rowe mindset can make you or your organization more entrepreneurial more connected with the broader trends in your industry and more willing to take smart risks it explains how to set clear expectations and focus on the endpoint as opposed to managing the process that gets you there with eyes set on getting rid of distractions long meetings and unnecessary updates this book offers quick everyday strategies to experience huge increases in productivity without adding resources and dramatic drops in turnover authors resseller and thompson began their work together at best buy where they are credited with revolutionizing the workplace reframes thinking away from counting on general availability where's bob to creating clear expectations does bob know exactly what's expected of him explains how to reduce the number of meetings while increasing their quality shows how to eliminate scheduled events in order to increase critical thinking and improve communication rowe is a bold cultural transformation that permeates the attitudes and operating style of an entire workplace leveling the playing field and giving people complete autonomy to manage their measurable results using adult common sense

Why Managing Sucks and How to Fix It 2021-11-01 the leading cause of death on planet earth is metabolic syndrome some 40 of all earthlings now suffer from this condition which covers the gamut of heart disease cancer neurodegeneration liver disease and pcos what is worth knowing is that all of these and related conditions start with fatigue known in scientific circles as energy deficiency 40 of the earth's population has a formal clinical diagnosis that their mitochondria cannot make adequate levels of energy cure fatigue is a book devoted to educating the masses and their doctors exactly how and why this is happening our mitochondria make energy by a series of enzymes to work synergistically to create atp the cellular currency of energy these mitochondrial enzyme reactions rely on minerals that are easily lost to stress this book explains these concepts how these challenges can be overcome and introduces the reader

to a simple proven root cause protocol that is designed to generate more energy and end fatigue this book is designed for those seeking the truth in human metabolism and those wanting to take back control of their health it is one part textbook and one part user s guide based on a decade of research and client experience
