Democracy and Its Alternatives 1998

the collapse of communism has created the opportunity for democracy to spread from prague to the baltic and black seas but the alternatives dictatorship or totalitarian rule are more in keeping with the traditions of central europe and for many post communist societies democracy has come to be associated with inflation unemployment crime and corruption is it still true then as winston churchill suggested a half century ago that people will accept democracy with all its faults because it is better than anything else to find out political scientists richard rose william mishler and christian haerpfer examine evidence from post communist societies in eastern europe drawing on data from public opinion and exit polls election results and interviews the authors present testable hypotheses regarding regime change consolidation and prospects for stabilization the authors point out that the abrupt transition to democracy in post communist countries is normal gradual evolution in the anglo american way is the exception to the rule while most recent books on democratization focus on latin america and to some extent asia the present volume offers a unique look at the process currently under way in nine eastern european countries the czech republic hungary slovakia poland slovenia bulgaria romania belarus and ukraine despite the many problems these post communist societies are experiencing in making the transition to a more open and democratic polity the authors conclude that a little democracy is better than no democracy at all

Our Democracy, Its Origins and Its Tasks, by James H. Tufts,... 1917

the eu referendum in the uk and trump s victory in the usa sent shockwaves through our democratic systems in democracy and its crisis a c grayling investigates why the institutions of representative democracy seem unable to hold up against forces they were designed to manage and why it matters first he considers those moments in history when the challenges we face today were first encountered and what solutions were found then he lays bare the specific threats facing democracy today the paperback edition includes new material on the reforms that are needed to make our system truly democratic

The Case for Democracy and Its Meaning for Modern Life 1938

there are few better examples of analysis the critical thinking skill of understanding how an argument is built than robert dahl s democracy and its critics in this work the american political theorist closely analyzes the democratic political system and then evaluates whether the arguments that are in favor of it are in fact rigorous dahl sets out to describe democracy s merits and problems asking if it really is the worthwhile political system we believe it to be knowing that the idea of democracy is now almost universally popular his detailed analysis leads him to look at a number of regimes that claim to be democratic but do not in truth practice democracy but dahl is not only interested in uncovering uncomfortable truths he goes further and creates a set of standards by which we can all decide whether a country really is democratic dahl s analysis of the evidence leads him to conclude that the following criteria must be met for a regime to be considered truly democratic elected officials control policy making there are free and fair elections of officials everyone must have a right to vote everyone has the right to run for office there is freedom of speech alternative information is available and people can form free independent political groups

Democracy and Its Critics 1991

drawing on political legal national post national as well as american and european perspectives this collection of essays offers a diverse and balanced discussion of the current arguments concerning deliberative democracy its contributions focus on discontent provide a critical assessment of the benefits of deliberation and also respond to the strongest criticisms of the idea of democratic deliberation the essays consider the three basic questions of why how and where to deliberate democratically this book will be of value not only to political and democratic theorists but also to legal philosophers and constitutional theorists and all those interested in the legitimacy of decision making in national and post national pluralistic polities

Democracy and Its Crisis 2017-09-07

The New Democracy 1885*

student voice a companion to democracy and its discontents serves two primary purposes first as the title of the volume suggests it serves as a companion text to democracy and its discontents critical literacy across global contexts sense publishers 2015 second the volume features critical dialogues between emerging and established scholars in the field of critical literacy education broadly defined it brings together a collection of essays that speak to the possibilities of taking a critical approach to language and literacy education the contributing authors draw on their life stories and professional experiences to make a strong case for taking a critical approach to education they demonstrate that the act of teaching always involves a grappling with the entanglement of social cultural and political forces in this sense education is always a normative and ethical enterprise the authors featured in this book will encourage readers to re imagine critical education and its emancipatory potential in an age of neo conservative and corporate assaults on education this volume written in a lucid and accessible manner will appeal to a broad readership interested in education it will be an informative and engaging text in graduate and undergraduate courses on language and literacy education teacher education education policy studies and curriculum studies in service teachers teacher educators and school administrators will also find it to be a valuable resource

Democracy and Its Critics 2011

this text provides an insight into the functioning of formal legal and political institutions in the indian democracy it discusses the role and the importance of the rule of law constitutional morality and the opposition in its functioning

Democracy and Its Critics 1989-01-01

over the last several decades many political theorists have touted the banner of radical democracy to view the agonistic that is non coercive struggle against power as the correct way forward for progressive political actors rather than the antagonistic acquisition or use of it the belief that such engagements respect the political equality of all and are thus more democratic lies at the heart of this trend and yet recent developments have shown that events with such agonistic beginnings such as occupy the arab spring and hong kong s umbrella movement have the clear potential of ending antagonistically comparing four historical cases of popular uprising that fluctuated between agonistic and antagonistic moments this book establishes the circumstances under which such agonistic engagements with power can both take off and persist revealing the many limitations that agonistic politics is shown to face radical democracy and its limits makes a needed intervention into contemporary democratic theory and argues that radical democracy should not be held up as a model for those pursuing a more egalitarian future

Democracy 1988

from author of the globe and mail bestseller claws of the panda comes a book quite literally for our times restoring democracy in an age of populists and pestilence is a thoughtful account of how we can save democracies from the despots and populists who provide the easy answers to complicated situations dumbing political discourse down to sandbox antics manthorpe argues that democracy is more resilient than it appears and is capable of overcoming the attacks from within and without that have sapped its vigour since the end of the cold war he begins with a description of the events of 1989 one of the seminal years in modern history this saw the end of the cold war and the apparent conclusive victory of democracy and its civic values but the view of these changes as a triumph of democracy as summed up in francis fukuyama s essay the end of history was short lived russia shorn of its soviet empire and the chinese communist party re examining its survival after the tiananmen square massacre began devising ways to counter attack the west s triumphalism and these met with considerable success internal pressures and contradictions wealth disparity being chief among them threaten the survival of many democratic systems abandoned industrial workers turn to the repeated platitudes designed to recognize those left behind without offering them the ways and means to catch up immigrants refugees and the reformist fixations of isolated liberal elites have provided ammunition for would be despots adding to the pressures building on the political norms of our democracies the covid 19 pandemic has brought the kind of economic and social stand still for which no country is prepared

Democracy and Its Discontents: Reflections on Everyday America 1974

democracy in its essence analyzes hans kelsen s political theory as a pluralist relativist constitutional proceduralist and liberal theory of representative democracy characterized by its strong recall to the values of tolerance responsibility and respect toward the other as well as to the idea of politics as space for compromise

Restoring Democracy 2020

alex zakaras argues that we must develop an ideal of citizenship suitable for mass society to do so he turns to a pair of 19th century philosophers john stuart mill and ralph waldo emerson who were among the first to confront the specific challenge of making mass democracy work

Democracy in Its Essence 2020-10-15
