

**Conspirators' Hierarchy** 1997 can you imagine an all powerful group that knows no national boundaries above the laws of all countries one that controls every aspect of politics religion commerce and industry banking insurance mining the drug trade the petroleum industry a group answerable to no one but its members to the vast majority of us such a group would appear to be beyond the realms of possibilities and capabilities of any given organization if that is what you believe then you are in the majority the conception of a secret elite group exercising control of every aspect of our lives is beyond our comprehension americans are prone to say it can t happen here our constitution forbids it that there is such a body called the committee of 300 is graphically told in this book when most people attempt to address our problems they speak or write about them this book tells precisely who they are and what they have planned for our future how they have been at war with the american nation for 50 years a war which we are on the brink of losing what methods they use and exactly how they have brainwashed us if you are puzzled and perplexed as to why things are occurring that we as a nation don t like yet seem powerless to prevent why it is that the united states always seems to back the wrong horse why the united states is in a depression from which it will not emerge why our former social and moral values have been turned aside and seemingly buried if you are confused by the many conspiracy theories the conspirators hierarchy the committee of 300 will clearly establish that these conditions have been deliberately created to bring us to our knees once you have read the applying truths contained in this book understanding past and present political economic social and religious events will no longer be a problem this powerful account of the forces ranged against the united states and indeed the entire free world cannot be ignored

**Conspirators' Hierarchy** 1992 this work argues for the existence of a committee of 300 an elite body which controls every aspect of politics religion commerce and industry answerable to no one except itself it maintains that the confusion of social and moral values in the free world has been deliberately created

**300** [2005-10-27](#) in order to begin to understand world events it is necessary for us to realize that the many tragic and explosive events of the 20th century did not just happen by

themselves but that they were planned according to a well laid out blueprint who were the planners and creators of significant events the creators of these often violent and revolutionary events belong in the main to secret societies that infest our world just as they have always done mostly these secret societies are based upon the occult and occult practices but as with all secret societies to make up secret governments they are controlled by the committee of 300 those poorly informed persons who believe that devil worship demons and witchcraft have vanished from modern society are misinformed today occult based secret societies along with luciferianism black magic and voodoo are flourishing and appear to be far more widespread than was originally thought it is the tolerating of these secret societies in our midst many of whose principals pose as christians added to our permissible attitude toward these organizations and their leaders who are the cause of our problems national and international every unrest revolution and war can inevitably be traced back to one or another or a combination of several secret societies

2013 this is a true and accurate account of treasonous conduct by the british and american governments an account of how their citizens are deceived by policies provoking actions that are totally detrimental to the well being of their citizens thoroughly researched the book provides a great deal of hitherto unpublished information and throws new light on such diverse operations as the gulf war and the bolshevik revolution the chapter on covert actions throws new light on the murder of martin luther king pope john paul 1 and other notables marked for elimination the bloodshed that resulted from the creation of an artificial saudi arabia the foreign policy making role of the petroleum industry the rape of mexico by british and american oil barons the revolutions they ignited which cost thousands upon thousands of lives british conquest of india the pernicious indian apartheid caste system these are some of the subjects dealt with in this historic expose of how our governments deceive us under the color of diplomacy diplomacy by deception tells us that the united nations is a war making body not a peace keeping organization and how the rockefellers and alger hiss aided by the top illuminati duffles family got the united states involved with the united nations there is a masterly analysis of constitutional roadblocks barring u s membership of the united nations that will come as a surprise and leave no doubt that we are not now nor can we ever be a member of the united nations diplomacy by deception will forever alter your perception of the two leading governments in western civilization this is an excellent companion book to the committee of 300 by the same author

2001-12-10 dr john coleman auteur van the committee of 300 vertelt het verhaal van hoe mayer amschel de oprichter van de red shield dynastie zijn eerste fortuin verwierf dit staat ver af van de mythen en legenden die nog steeds rondgaan over de man die begon als een lompenhandelaar en pandjesbaas werkend vanuit een klein huis in de judenstrasse in frankfurt am main duitsland waar hij woonde met zijn vrouw en gezin historische gebeurtenissen worden vaak veroorzaakt door een verborgen hand die achter de schermen aan de touwtjes trekt van koningen prinsen en machthebbers dit fenomeen wordt uitgelegd en de legendes die rond de rothschilds zijn ontstaan worden geanalyseerd in dit boek dat ook onthult hoe rothschild

intriges napoleon en tsaar alexander ii van rusland ten val brachten volgens de legende werden de genialiteit en financiële vaardigheden van mayer amschel rothschild geërfd door zijn zonen maar de waarheid is heel anders zoals dr coleman overduidelijk maakt in dit goed onderzochte verslag dat veel verder gaat dan de bekendste legendes die het ware karakter van de beroemde familie verhullen het is fascinerend om te lezen over het geluk van mayer amschel rothschild en de stappen die hij nam om van zijn familie de virtuele heersers van heel europa te maken dit uitzonderlijke boek behandelt niet alleen het verleden maar ook het heden en de toekomst het zal helpen om veel van de gebeurtenissen te verklaren die gewone mensen verbijsteren zoals de oorlog in irak en de oorlogsdreigingen tegen iran
