15 more than half of the  
world s farmers are women they are the majority of the poor  
the uneducated and are the first to suffer from drought and  
famine yet their subordination is reinforced by well meaning  
development policies that perpetuate social inequalities  
during the 1975 85 united nations decade for the  
advancement of women their position actually worsened this  
book analyses three decades of policies towards third world  
women focusing on global economic and political crises debt  
famine militarization fundamentalism the authors show how  
women s moves to organize effective strategies for basic  
survival are central to an understanding of the development
