The Classic Ten

2003-10-28

nancy macdonell smith explores the origins meaning and remarkable staying power of the ten staples of feminine fashion the little black dress the white shirt the cashmere sweater blue jeans the suit high heels pearls lipstick sneakers the trench coat tracing the evolution of each item from inception to icon status she reveals the history and social significance of each from the black dress's associations with danger and death to the status implications of the classic white shirt incorporating sources from history literature magazines and cinema as well as her own witty anecdotes smith has created an engaging informative guide to modern style

Fashion's Favourite

1991

the popular fashion for indian calicos in the seventeenth century and the genesis of the british cotton industry in the eighteenth century reflected new consumer forces at work within britain the east india trade encouraged new patterns of domestic demand in britain patterns which were not eradicated even with the prohibition of most indian fabrics in 1721 parliamentarians and clergy decried the spread of popular fashions that diminished visible social distinctions and undercut traditional manufactures

sweet and clean challenges the widely held beliefs on bathing and cleanliness in the past for over thirty years the work of the french historian george vigarello has been hugely influential on early modern european social history describing an aversion to water and bathing and the use of linen underwear as the sole cleaning agent for the body however these concepts do not apply to early modern england sweet and clean analyses etiquette and medical literature revealing repeated recommendations to wash or bathe in order to clean the skin clean linen was essential for propriety but advice from medical experts was contradictory many doctors were convinced that it prevented the spread of contagious diseases but others recommended flannel for undergarments and a few thought changing a fever patient s linens was dangerous the methodology of material culture helps determine if and how this advice was practiced evidence from inventories household accounts and manuals and surviving linen garments tracks underwear through its life cycle of production making wearing laundering and final recycling although the material culture of washing bodies is much sparser other sources such as the old bailey records paint a more accurate picture of cleanliness in early modern england than has been previously described the contrasting analyses of linen and bodies reveal what histories material culture best serves finally what of the diseases plague smallpox and typhus that cleanliness of body and clothes were thought to prevent did following early modern medical advice protect people from these illnesses

a most persuasive work that repositions the american debates over emancipation where they clearly belong in a broader anglo atlantic context reviews in history while many historians look to internal conflict alone to explain the onset of the american civil war in the problem of emancipation edward bartlett rugemer places the origins of the war in a transatlantic context addressing a huge gap in the historiography of the antebellum united states he explores the impact of britain s abolition of slavery in 1834 on the coming of the war and reveals the strong influence of britain s old atlantic empire on the united states politics he demonstrates how american slaveholders and abolitionists alike borrowed from the antislavery movement developing on the transatlantic stage to fashion contradictory portrayals of abolition that became central to the arguments for and against american slavery richly researched and skillfully argued the problem of emancipation explores a long neglected aspect of american slavery and the history of the atlantic world and bridges a gap in our understanding of the american civil war most discussions about the roots of the american civil war seldom stray beyond the nation s borders but rugemer makes a persuasive case for why that should change charleston sc post and courier a tremendous contribution to the greatest issue and ongoing controversy in pre twentieth century american historiography the causes of the american civil war i was quite unprepared for rugemer s crucial discoveries as he studied the way dozens of southern and northern newspapers responded to the british west indian slave insurrections to the british act of emancipation and to the consequences of this so called mighty experiment few historians have shown such sophistication in analyzing the rapidly changing pre civil war media and the shifts in public opinion david brion davis author of inhuman bondage the rise and fall of slavery in the new world

Sweet and Clean?

2002

in this second edition phillips attempts to 1 demystify the field of fashion sales promotion 2 introduce readers to each piece of the promotions puzzle and 3 demonstrate how these pieces fit together all toward the ultimate goal of giving readers the ability to apply the skills they ve learned the book reflects the latest developments in fashion sales promotion including cd rom technology selling over the internet and the overall increase of supplier and media art support the author conveys concepts in a clear concise writing style designed to be easily accessible to both the student of the fashion industry and the entrepreneur in the field

the idea that home is a special place a separate place a place where we can be our true selves is so obvious to us today that we barely pause to think about it but as judith flanders shows in this revealing book home is a relatively new concept when in 1900 dorothy assured the citizens of oz that there is no place like home she was expressing a view that was a culmination of 300 years of economic physical and emotional change in the making of home flanders traces the evolution of the house across northern europe and america from the sixteenth to the early twentieth century and paints a striking picture of how the homes we know today differ from homes

through history the transformation of houses into homes she argues was not a private matter but an essential ingredient in the rise of capitalism and the birth of the industrial revolution without home the modern world as we know it would not exist and as flanders charts the development of ordinary household objects from cutlery chairs and curtains to fitted kitchens plumbing and windows she also peels back the myths that surround some of our most basic assumptions including our entire notion of what it is that makes a family as full of fascinating detail as her previous bestsellers the making of home is also a book teeming with original and provocative ideas

this epic biography tells the story of the rise of wall street and the growth of goldman sachs from a small commercial paper company to the international banking business we know today at its heart is the story of henry goldman a man who spoke out passionately for his beliefs understood the importance of the bottom line and was known to chuckle draw on his cigar and remind his young protégés just keep in mind money is always in fashion though you will rarely find a mention of him in the official history of goldman sachs it was henry who established many of the practices of modern investment banking he devised the plan that made sears roebuck co the first publicly owned retail operation in the world helped convince woodrow wilson to pass the federal reserve act of 1913 and became a power player in the world of wall street finance at a time when jews were considered outsiders the book traces henry goldman s hard fought and often frustrating career with goldman sachs a company founded by his father marcus and fraught with professional rivalries the tensions between the goldman and sachs families extended outside of the boardroom and into the larger world as the united states went to war henry s steadfast support for germany during world war i would tarnish his reputation and drive him from the firm but his involvement with finance would continue throughout his life as would close friendships with luminaries like albert einstein whom he would later join in outspoken denunciation of hitler s atrocities against european jews here june breton fisher henry goldman s granddaughter tells his whole story for the first time a story that has

shaped contemporary finance and continues to resonate with us today
