## **Lemon-Aid New Cars and Trucks 2012 2013-07-02**

a good read for anyone who wants to understand what actually determines whether a developing economy will succeed bill gates top 5 books of the year an economist best book of the year from a reporter who has spent two decades in the region and who the financial times said should be named chief myth buster for asian business in how asia works joe studwell distills his extensive research into the economies of nine countries japan south korea taiwan indonesia malaysia thailand the philippines vietnam and china into an accessible readable narrative that debunks western misconceptions shows what really happened in asia and why and for once makes clear why some countries

have boomed while others have languished studwell s in depth analysis focuses on three main areas land policy manufacturing and finance land reform has been essential to the success of asian economies giving a kick start to development by utilizing a large workforce and providing capital for growth with manufacturing industrial development alone is not sufficient studwell argues instead countries need export discipline a government that forces companies to compete on the global scale and in finance effective regulation is essential for fostering and sustaining growth to explore all of these subjects studwell journeys far and wide drawing on fascinating examples from a philippine sugar baron s stifling of reform to the explosive growth at a korean steel mill provocative how asia works is a striking and enlightening book a lively mix of scholarship reporting and polemic the economist
