e recognising the multi faceted nature of this scots law francis mcmanus and eleanor russell have produced this all encompassing guide to delict with numerous case studies and questions for discussion after each chapter this is essential reading for all students encountering delict for the first time as well as practitioners who require a ready reference for their practice the scots law of delict encompasses a vast array of legal sources and contradictions many elements are modern and highly developed while others remain ancient and obscure the majority of delictual principles are case law driven yet increasingly legislation plays a part further although the concept of delict is limited to the scottish jurisdiction private international law cannot be ignored e

American Economist 1898

human rights and peace issues and concerns have come about at a critical time the world has recently witnessed a plethora of turning points that speak of the hopes and vulnerabilities which are inherent in being human and demonstrate that change in the service of human rights and peace is possible at the same time however other events indicate that wherever there is life there is vulnerability in a world characterized by instability and endemic human suffering on top of all this the collapse of the

global financial system and the serious rapid destruction of the environment have brought the world to a precarious state of vulnerability activating human rights and peace is therefore a project that is always in progress and is never finally achieved this enlightening collection of well thought through cases is aimed at academics and students of human rights political science law and justice peace and conflict studies and sociology

Congressional Record 2008-01-30

working women literary ladies explores the simultaneous entry of working class women in the united states into wage earning factory labor and into opportunities for mental and literary development it is the first book to examine the fascinating exchange between the work and literary spheres for laboring women in the rapidly industrializing america of the nineteenth and early twentieth centuries as women entered the public sphere as workers their opportunities for intellectual growth expanded even as those same opportunities were often tightly circumscribed by the factory owners who were providing them these developments both institutional and personal opened up a range of new possibilities for working class women that profoundly affected women of all classes and the larger social fabric cook examines the extraordinary and diverse literary productions of these working women ranging from their first new england magazine of belles lettres the lowell offering to emma goldman s periodical mother earth from lucy larcom s epic poem of female factory life an idyl of work to theresa malkiel s fictional account of sweatshop workers in new york the diary of a shirtwaist striker this vital new book traces the hopes and tensions generated by the expectations of working class women as they created a wholly new way of being alive in the world

No Way but to Fight 2011-02-21

this book argues that putin s strategy for rebuilding the state was fundamentally flawed taylor demonstrates that a disregard for the way state officials behave toward citizens state quality had a negative impact on what the state could do state capacity focusing on those organizations that control state coercion what russians call the power ministries taylor shows that many of the weaknesses of the russian state that existed under boris yeltsin persisted under putin drawing on extensive field research and interviews as well as a wide range of comparative data the book reveals the practices and norms that guide the behavior of russian power ministry officials the so called siloviki especially law enforcement personnel by examining siloviki behavior from the kremlin down to the street level state building in putin s russia uncovers the who where and how of russian state building after communism
