what exactly could someone not like about the pizza savory dough topped with a bucket load of cheese and tomato sauce for any picky eater in your home pizza is the best and ultimate dish for children pizza is often counted as one of their favorite foods while for adults it is counted as one of the most convenient meals around from the ability to add the toppings you like there is rarely a type of pizza that at least one person doesn t love italy is known for its gift of pizza to the culinary world italian pizzas are considered authentic with a range of healthy topping options italians also have their unique technique of preparing pizzas i sincerely believe that pizza is a healthy food except for gluten right call me crazy but i never feel bad after eating pizza i usually can stay fit and trim when eating pizza two times per week think about what the main ingredients consist of you ve got the flour water yeast and tomatoes with a touch of olive oil here and there and no if you think that the fast food chain restaurant pizza is just as healthy it s most likely not they probably add artificial ingredients and dough conditioners to make the dough incredibly soft after it s baked i believe that a pizza is healthy because it isn t fried in oil like french fries that sit in boiling oil which can cause a myriad of health problems it is baked in an oven baked items are usually always healthier than deep fried fresh pizza made daily usually doesn t have dough conditioners if they make the dough by hand since it s not a pre made pizza crust that you buy in the store the only thing that i can think of that as healthier is if you could find a gluten free pizza shop there are not that many of them but they re out there so try a slice one day at one of these places if they sell it by the piece if not try a small pie to see if you like it gluten is known to cause health issues in many people so you may want to lay off the real stuff and try some gluten free pizza one of these days i tasted it fresh once and it was delicious if you love pizza and have always wanted to make pizza within the comfort of your own home then you have certainly come to the right place inside this in depth pizza cookbook you will learn every aspect of pizza making from making the dough correctly to rising the dough preparing the sauce to even pairing the pizza with the perfect toppings italian pizzas are the most famous and traditional pizzas around the world various chefs belonging to other countries try to imitate the recipe of an italian pizza to amaze the world with their expertise in pizza making this book

containing the top pizza recipes of italian history will guide you on how to create italian masterpieces in your kitchen by the end of this book and with the help of the pizza recipes you will become a pizza making pro in no time

pizza a simple inexpensive food on the go a definition applicable to this generation and to the ancient civilization where it originated from oh yes for all you know it might be cleopatra s favorite too although their pizzas were probably a lot healthier back then loaded with herbs spices and oils anyway the flattened round piece of dough with cheese and tomato sauce had served the need for a cheap and easy to eat meal and was sold on the streets of naples italy as far back as the 1700s its reputation eventually changed from being the food of the impoverished to a famous royalty favorite

when baker rafaelle esposito impressed the italian king umberto and his queen margherita by serving them the very first neapolitan pizza it was topped with tomatoes basil and mozzarella cheese with colors similar to the flag of italy news traveled and soon enough pizza has become so popular and the recipe has evolved to so many varieties all over the world that s what we are going to give you through this cookbook an insight on how pizzas evolved and yet the core remained untouched inspired by the ancient tradition but are very much keeping up with the need of the modern world we are giving you quick and easy to make cheap and utterly delicious pizzas of various flavors sizes and yes even shapes
