garuda purana is one of the most sacred mahapuranas for the devout hindus it gains importance because of a single factor it is the only purana which gives a detailed description of the postmortem conditions and rituals as believed by this faith however it is a belief as spread by the dogmatic priestly class the fact is that the garuda purana contains many more details other than these it reveals the consequences of an action in a very graphic and logical way while most of the puranas tell one what to do it also tells us what one should not do

received wisdom has it that buddhism disappeared from india the land of its birth between the thirteenth and fourteenth centuries long forgotten until british colonial scholars re discovered it in the early 1800s its full fledged revival so the story goes only occurred in 1956 when the indian civil rights pioneer dr b r ambedkar converted to buddhism along with half a million of his dalit formerly untouchable followers this however is only part of the story dust on the throne reframes discussions about the place of buddhism in the subcontinent from the early nineteenth century onwards uncovering the integral yet unacknowledged role that indians played in the making of modern global buddhism in the century prior to ambedkar s conversion and the numerous ways that buddhism gave powerful shape to modern indian history through an extensive examination of disparate materials held at archives and temples across south asia douglas ober explores buddhist religious dynamics in an age of expanding colonial empires intra asian connectivity and the histories of buddhism produced

by nineteenth and twentieth century indian thinkers while buddhism in contemporary india is often disparaged as being little more than tattered manuscripts and crumbling ruins this book opens new avenues for understanding its substantial socio political impact and intellectual legacy

one of the country s most eminent sociologists j p s uberoi inaugurated a unique approach in the study of indian sociology and social anthropology he makes a case for a form of independent indian sociology in relation to the principal philosophies and sociological theories of the western world by adopting gandhi s plea for swaraj in thought this volume brings together eighteen papers by uberoi which highlight his pioneering thought originally written between 1968 and 2013 these papers are divided thematically into three groups the first examines the eternal political war of imperialism versus nationalism as it related to the academic pursuit of knowledge in the university the second group begins with questions of social science and philosophy and concludes by discussing the working lives of the industrial worker in the west and the household farmer in the east the third group explores the project of finding grounds for a concept of a plural vernacular indian modernity the volume represents an emphatic statement by the author that the time has come for india to bid for its place in the universal free world of the intellect
