McLuhan: A Guide for the Perplexed 2010-02-25 marshall
mcluhan was dubbed a media guru when he came to prominence
in the 1960s the woodstock generation found him cool their
parents found him perplexing by 1963 mcluhan was director of the
centre for culture and technology at the university of toronto and
would be a public intellectual on the international stage for more
than a decade then linked forever to his two best known coinages
the global village and the medium is the message taken as a
whole mcluhan s writings reveal a profound coherence and
illuminate his unifying vision for the study of language literature
and culture grounded in the broad understanding of any medium
or technology as an extension of the human body mcluhan a guide
for the perplexed is a close reading of all of his work with a focus
on tracing the systematic development of his thought the
overriding objective is to clarify all of mcluhan s thinking to
consolidate it in a fashion which prevents misreading and to open
the way to advancing his own program ensuring that the world
does not sleepwalk into the twenty first century with nineteenth
century perceptions

government records and that he will only allow them to be unsealed after his death no peace no honor deploys extraordinary documentary bombshells including a complete north vietnamese account of the secret talks to blow the lid off the true story of the peace process neither nixon and kissinger s critics nor their defenders have guessed at the full truth the entire peace negotiation was a sham nixon did not plan to exit vietnam but he knew that in order to continue bombing without a congressional cutoff he would need a fig leaf kissinger negotiated a deal that he and nixon expected the north to violate ironically their long maintained spin on what happened next is partially true only watergate stopped america from sending the bombers back in this revelatory book has many other surprises berman produces new evidence that finally proves a long suspected connection between candidate nixon in 1968 and the south vietnamese government he tells the full story of operation duck hook a large scale offensive planned by nixon as early as 1969 that would have widened the war even to the point of bombing civilian food supplies he reveals transcripts of candidate george mcgovern s attempts to negotiate his own october surprise for 1972 and a seriocomic plan by the cia to overthrow south vietnam s president thieu even as late as 1975 throughout with page turning dialogue provided by official transcriptions and notes berman reveals the step by step betrayal of south vietnam that started with a short circuited negotiations loop and ended with double talk false promises and outright abandonment berman draws on hundreds of declassified documents including the notes of kissinger s aides phone taps of the nixon campaign in 1968 and mcgovern s own transcripts of his negotiations with north vietnam he has been able to double and triple check north vietnamese accounts against american notes of meetings as well as previously released bits of the record he has interviewed many key players including high level south vietnamese officials this definitive account forever and completely rewrites the final chapter of the vietnam war henry kissinger s
