the automobile finally secured its position as an indispensable component of daily life in britain car ownership more than doubled from approximately one car for every 10 people

in 1960 to one car for every 4 8 people by 1970 consumers no longer asked do we need a car but what car shall we have this well illustrated history analyzes how both domestic

car manufacturers and importers advertised their products in this growing market identifying trends and themes over 180 advertisement illustrations are included
