History of the Counter-revolution in England, for the Establishment of Popery, Under Charles II. and James II. 2008

Companies and Their Brands 1997 competition policy encompassing cartels monopolies mergers and state aid is a hallmark of the european union eu in recent decades the eu s competition policy has evolved under pressures

from globalization the eu in turn has been a key actor driving the globalization of the world economy through its increasingly active competition policy this volume identifies and explores the major transformations that eu competition policy has undergone in the last decade in response to various pressures related to globalization in particular economic interdependence the proliferation of national and regional competition regimes and the financial and economic crisis the individual chapters written by specialists of eu competition policy from both sides of the atlantic and from the perspectives of political science management and public policy investigate how the eu has responded to these challenges in each area of competition policy and demonstrate that it has on balance been quite successful in responding to them with some exceptions in the areas of state aid and mergers this book was published as a special issue of the journal of european integration
