Nation of Rebels

2004-12-14

in this wide ranging and perceptive work of cultural criticism joseph heath and andrew potter shatter the most important myth that dominates much of radical political economic and cultural thinking the idea of a counterculture a world outside of the consumer dominated world that encompasses us pervades everything from the antiglobalization movement to feminism and environmentalism and the idea that mocking or simply hoping the system will collapse the authors argue is not only counterproductive but has helped to create the very consumer society radicals oppose in a lively blend of pop culture history and philosophical analysis heath and potter offer a startlingly clear picture of what a concern for social justice might look like without the confusion of the counterculture obsession with being different

Culture Wars

2015-03-17

the term culture wars refers to the political and sociological polarisation that has characterised american society the past several decades this new edition provides an enlightening and comprehensive a to z ready reference now with supporting primary documents on major topics of contemporary importance for students teachers and the general reader it aims to promote understanding and clarification on pertinent topics that too often are not adequately explained or discussed in a balanced context with approximately 640 entries plus more than 120 primary documents supporting both sides of key issues this is a unique and defining work indispensable to informed discussions of the most timely and critical issues facing america today

when reporters asked about the bush administration s timing in making their case for the iraq war then chief of staff andrew card responded that from an marketing point of view you don t introduce new products in august while surprising only in its candor this statement signified the extent to which consumer culture has pervaded every aspect of life for those troubled by the long reach of the marketplace resistance can seem futile however a new generation of progressive activists has begun to combat the media supremacy of multinational corporations by using the very tools and techniques employed by their adversaries in ourspace christine harold examines the deployment and limitations of culture jamming by activists these techniques defy repressive corporate culture through parodies hoaxes and pranks among the examples of sabotage she analyzes are the magazine adbusters spoofs of familiar ads and the yes men s impersonations of company spokespersons while these strategies are appealing harold argues that they are severely limited in their ability to challenge capitalism indeed many of these tactics have already been appropriated by corporate marketers to create an aura of authenticity and to sell even more products for harold it is a different type of opposition that offers a genuine alternative to corporate consumerism exploring the revolutionary creative commons movement copyleft and open source technology she advocates a more inclusive approach to intellectual property that invites innovation and wider participation in the creative process from switching the digital voice boxes of barbie dolls and g i joe action figures to inserting the silhouetted image of abu ghraib s iconic hooded and wired victim into apple s ipod ads high profile instances of anticorporate activism over the past decade have challenged but not toppled corporate media domination ourspace makes the case for a provocative new approach by co opting the logic of capitalism itself christine harold is assistant professor of speech communication at the university of georgia

America Is Elsewhere

2014

this study conceives the literary and cinematic category of noir as a way of understanding the defining conflict between authenticity and consumer culture in post world war ii america it analyses works of fiction and film in order to argue that both contribute to a noir tradition that is initiated around the end of world war ii and continues to develop and evolve in the present

The Universe is Indifferent

2016-11-09

centered upon the lives of employees at a manhattan advertising firm the amc television series mad men touches on the advertising world s unique interests in consumerist culture materialistic desire and the role of deception in western capitalism while the subject matters of the chapters in this collection have a decidedly socio historical focus the authors use basic topics as starting points for philosophical religious and theological reflections the authors show how mad men reveals deep truths concerning the social trends of the 1960s and early 1970s in american life and deserves a significant amount of reflection from philosophical religious and theological perspectives some of the chapters go beyond mere reflection and make deeper inquiries into what these trends say about american cultural habits the business world within western capitalism and the rapid social changes gender race and sexuality that occur during this period chapters examine paradigms of masculinity and femininity as well as the presentation of motherhood fatherhood sexuality and childhood this collection shows how social change represents the undercurrent of the interpersonal dramas of the characters on mad men from the staid and conventional early seasons to the war assassinations riots and counterculture of later seasons

Potter's American Monthly

numerous studies on various aspects of the issues of the 1960s have been written over the past 35 years but few have so successfully integrated the many sided components into a coherent synthetic and reliable book that combines good storytelling with sound scholarly analysis

America in White, Black, and Gray

2006-01-01

since the beginning of the new deal american liberals have insisted that the government must do more much more to help the poor to increase economic security to promote social justice and solidarity to reduce inequality and to mitigate the harshness of capitalism nonetheless liberals have never answered or even acknowledged the corresponding question what would be the size and nature of a welfare state that was not contemptibly austere that did not urgently need new programs bigger budgets and a broader mandate even though the federal government s outlays have doubled every eighteen years since 1940 liberal rhetoric is always addressed to a nation trapped in groundhog day where every year is 1932 and none of the existing welfare state programs that spend tens of billions of dollars matter or even exist never enough explores the roots and consequences of liberals aphasia about the welfare state s ultimate size it assesses what liberalism s lack of a limiting principle says about the long running argument between liberals and conservatives and about the policy choices confronting america in a new century never enough argues that the failure to speak clearly and candidly about the welfare state s limits has grave policy consequences the worst result however is the way it has jeopardized the experiment in self government by encouraging americans to regard their government as a vehicle for exploiting their fellow citizens rather than as a compact for respecting one another s rights and safeguarding the opportunities of future generations

Never Enough

2012-10-09

this comprehensive reference covers all aspects of politics and voting from elections and campaigns to major political figures and parties to the role of media and major activist groups as america s population changes so do its political trends this insightful resource captures the evolution of american politics and elections in the 21st century explaining the identities and roles of lobbyists activists politicians and voters featuring contributions from distinguished researchers and academics in the areas of political science social science and journalism this encyclopedia explores the contemporary political landscape offering an opportunity to compare and contrast related decisions events and statistical information from the recent past informative background essays explore all aspects of voting related politics and policy evolving electoral trends and the issues that account for those changes and the impact of the ever changing composition of america s population on polling and elections this work incorporates the results of the 2012 elections thus providing important insights into modern voting trends and their meaning for the future of the united states

this timely necessary collection of essays provides feminist analyses of a recession era media culture characterized by the reemergence and refashioning of familiar gender tropes including crisis masculinity coping women and postfeminist self renewal interpreting media forms as diverse as reality television financial journalism novels lifestyle blogs popular cinema and advertising the contributors reveal gendered narratives that recur across media forms too often considered in isolation from one another they also show how with a few notable exceptions recession era popular culture promotes affective normalcy and transformative individual enterprise under duress while avoiding meaningful critique of the privileged white male or the destructive aspects of western capitalism by acknowledging the contradictions between political rhetoric and popular culture and between diverse screen fantasies and lived realities gendering the recession helps to make sense of our postboom cultural moment contributors sarah banet weiser hamilton carroll hannah hamad anikó imre suzanne leonard isabel molina guzmán sinéad molony elizabeth nathanson diane negra tim snelson yvonne tasker pamelá thoma

Gendering the Recession

2014-03-05

it goes without saying that identity has long been a recurrent topic in studies of american culture the struggle between group sameness and individual uniqueness is a common issue in understanding diversity in the united states on several levels including how our differences have not always resulted in national celebration terms such as hybridity performativity transnationalism and border zones are part of the current theoretical vocabulary and for some deploy a fresh language of possibility one promising to undermine the conformist values of monocultural perspectives to that end culturcide and non identity across american culture explores theories and practices of identity from a broad perspective to grasp how varied diffuse and distorted they can be especially when that identity seems boringly familiar the subjects range from hip hop parodies to punk preppies to pachuco ska thus crossing the lines of genre medium and discipline to blur the borderline dividing the kinds of texts to which these theories can legitimately be applied

Culturcide and Non-Identity across American Culture

popular music has long understood that human rights if attainable at all involve a struggle without end the right to imagine an individual will the right to some form of self determination and the right to self legislation have long been at the forefront of popular music s approach to human rights at a time of such uncertainty and confusion with human rights currently being violated all over the world a new and sustained examination of cultural responses to such issues is warranted in this respect music which is always produced in a social context is an extremely useful medium in its immediacy music has a potency of expression that reaches far and wide

Popular Music and Human Rights: World music

2011

recent work has focused on the politics of consumption and its manifestation in a number of situations this volume extends these debates providing a tighter focus and contributing to a noticeable gap in the field that numerous scholars are beginning to turn towards that is organizations of consumers themselves who have chosen to speak for all consumers and similar such bodies of experts which act on behalf of consumers the volume is fortunate in drawing upon a number of scholars who are about to publish major works on the subject but who are happy to provide summary versions of their work for the volume the book pays particular attention to specific moments in consumer mobilization and expertise capturing the range of types of expert consumers across the twentieth century from ethical consumer groups at the beginning to intellectuals housewives economists and public officials it addresses questions on the nature of consumer organizing which bodies can speak for consumers whether one consumer voice can ever be identified and the relationship between consumption and citizenship overview pieces demonstrate the larger narratives involved in the study of the expert consumer whilst more comparative essays set out the nature of transatlantic exchanges other contributions point to the similarities across seemingly different consumption regimes while case studies of specific organisations and key historical moments draw out the particularities of consumer expertise

The Expert Consumer

drawing upon the philosophical insights of friedrich schlegel walter benjamin theodor w adorno and blixia bargeld this book explores the persistence of a critical deconstructive approach to musical production consumption and reception in the german cultural sphere of the last two centuries

Musical Revolutions in German Culture

2014-10-23

the belief of many in the early sexual liberation movements was that capitalism s investment in the norms of the heterosexual family meant that any challenge to them was invariably anti capitalist in recent years however lesbian and gay subcultures have become increasingly mainstream and commercialized as seen for example in corporate backing for pride events while the initial radicalism of sexual liberation has given way to relatively conservative goals over marriage and adoption rights meanwhile queer theory has critiqued this homonormativity or assimilation as if some act of betrayal had occurred in sex needs and queer culture david alderson seeks to account for these shifts in both queer movements and the wider society and argues powerfully for a distinctive theoretical framework through a critical reassessment of the work of herbert marcuse as well as the cultural theorists raymond williams and alan sinfield alderson asks whether capitalism is progressive for queers evaluates the distinctive radicalism of the counterculture as it has mutated into queer and distinguishes between avant

garde protest and subcultural development in doing so the book offers new directions for thinking about sexuality and its relations to the broader project of human liberation

Sex, Needs and Queer Culture

2016-04-15

the global icon is an omnipresent but poorly understood element of mass culture this book asks why audiences around the world have embraced particular iconic figures how perceptions of these figures have changed and what this tells us about transnational relations since the cold war era prestholdt addresses these questions by examining one type of icon the anti establishment figure as symbols that represent sentiments ideals or something else recognizable to a wide audience icons of dissent have been integrated into diverse political and consumer cultures and global audiences have reinterpreted them over time to illustrate these points the book examines four of the most evocative and controversial figures of the past fifty years che guevara bob marley tupac shakur and osama bin laden each has embodied a convergence of dissent cultural politics and consumerism yet popular perceptions of each reveal the dissonance between shared global references and locally contingent interpretations by examining four very different figures icons of dissent offers new insights into global symbolic idioms the mutability of common references and the commodification of political sentiment in the contemporary world

Icons of Dissent

2019-07-01

comic books and american cultural history is an anthology that examines the ways in which comic books can be used to understand the history of the united states over the last twenty years there has been a proliferation of book length works focusing on the history of comic books but few have investigated how comics can be used as sources for doing american cultural history these original essays illustrate ways in which comic books can be used as resources for scholars and teachers part 1 of the book examines comics and graphic novels that demonstrate the techniques of cultural history the essays in part 2 use comics and graphic novels as cultural artifacts the third part of the book studies the concept of historical identity through the 20th century and the final section focuses on different treatments of contemporary american history discussing topics that range from romance comics and superman to american flagg and ex machina this is a vivid collection that will be useful to anyone studying comic books or teaching american history

Comic Books and American Cultural History

difference and disagreement can be valuable yet they can also spiral out of control and damage liberal democracy advancing a metaphor of citizenship that the author terms role based constitutional fellowship this book offers a solution to this challenge cheng argues that a series of divisions of labor among citizens differently situated can help cultivate the foundational trust required to harness the benefits of disagreement and difference while preventing them from overheating and in turn from leaving liberal democracy vulnerable to the growing influence of autocratic political forces the book recognizes however that it is not always appropriate to attempt to cultivate trust and acknowledges the important role that some forms of confrontation might play in identifying and rectifying undue social hierarchies such as racial ethnic hierarchies hanging together thereby works to pave a middle way between deliberative and realist conceptions of democracy
