shall endeavour to comply with your request and to give you in this letter a few reasons for my rejection of the anglo israelite theory i can sincerely say that i am not a man delighting in controversy and i only consent to your wish because i believe that you like many other simple minded christians are perplexed and imposed upon by the plausibilities of the supposed identifications and are not able to detect the fallacies and perversions of scripture and history upon which they are based the theory is that the english or british are the descendants of the lost israelites who were carried captives by the assyrians under sargon who it is presumed are identical with the saxae or scythians who appear as a conquering host there about the same time or to quote a succinct summary of anglo israel assertions from a standard work the supposed historical connection of the ancestors of the english with the lost ten tribes is deduced as follows the ten tribes were transferred to assyria about 720 b c and simultaneously according to herodotus the scythians including the tribe of the saccae or saxae appeared in the same district the progenitors of the saxons afterward passed over into denmark the mark or country of the tribe of dan and thence to england another branch of the tribe of dan which remained in ships judges v 17 made its appearance in ireland under the title of tuatha da danan tephí a descendant of the royal house of david arrived in ireland according to the native legends in 580 b c from her was descended feargus more king of argyll an ancestor of queen victoria who thus fulfilled the prophecy that the line of david shall rule for ever and ever 2 chron xiii 5 xxi 7 the irish branch of the danites brought with them jacob s stone which has always been used as the coronation stone of the kings of scotland and england and is now preserved in westminster abbey somewhat inconsistently the prophecy that the canaanites should trouble israel numbers xxxiii 55 josh xxiii 13 is applied to the irish the land of arzaresh to which the israelites were transplanted 2 esd xiii 45 is identified with ireland by dividing the former name into two parts the former of which iserez or land the later ar or ire

are the tribes of israel really lost or were they hidden as prophesied in psalms 83 the bible seems to indicate a multi national conspiracy to hide israel and wipe out the memory of who they really are if this is true then history as we know it has been hijacked and it is only through searching that we will find the truth in this book you ll find the answers to the following questions just to name a few why does a 1747 english map place the tribe of judah on the slave coast of africa why do slave ledgers show slaves being registered with hebrew names fresh off of the ships why did slaves sing songs in hebrew and call out to yah for help why did christ mention the slavery of israel as a sign of the end of the age are the times of the gentiles coming to an end if you are 100 honest with yourself as you find the answers to these questions your eyes will be opened if you re ready to start this eye opening adventure through scripture then keep reading israel is still a nation to god and always will be thus saith the lord which giveth the sun for a light by day and the ordinances of the moon and of the stars for a light by night which divideth the sea when the waves thereof roar the lord of hosts is his name if those ordinances depart from before me saith the lord then the seed of israel also shall cease from being a nation before me for ever thus saith the lord if heaven above can be measured and the foundations of the earth searched out beneath i will also cast off all the seed of israel for all that they have done saith the lord jeremiah 31 35 37

includes pictures includes biblical passages and assyrian accounts of the deportation of the israelites includes a bibliography for further reading i counted as spoil 27 280 people together with their chariots and gods in whom they trusted i formed a unit with 200 of their chariots for my royal force i settled the rest of them in the midst of assyria i repopulated samaria more than before i brought into it people from countries conquered by my hands i appointed my commissioner as governor over them and i counted them as assyrians sargon ii assyrian king in the 8th century bce one of the most important provinces within the assyrian empire was samaria also known as israel samaria repeatedly rebelled against their assyrian overlords but in 722 the assyrians overran samaria once and for all killing countless numbers and

sending most of the rest of its inhabitants into forced exile the events of samaria s fall were chronicled in the assyrian annals from the reign of sargon ii and the old testament and although the two sources present the event from different perspectives they corroborate each other for the most part and together present a reliable account of the situation the end result was that 30 000 israelites were forcibly deported from the region a tactic the assyrians found so effective that they would continue to use it against other conquered enemies until the fall of their own empire the assyrians forced exile of the israelites was not the only time such a fate had befallen them as made clear by babylonian accounts and the biblical account of the exodus out of egypt but it was that exile that permanently scattered most of the legendary 12 tribes of israel and the fate of the 10 lost tribes has interested people ever since the patriarchal stories in genesis explain the following about the origin of the tribes of israel the patriarch jacob whose name was later changed to israel gen 32 28 was himself the son of isaac and the grandson of abraham he had 12 sons who are the eponymous ancestors of the 12 tribes of israel genesis lists the 12 sons according to their mothers jacob had five sons with his first wife reuben simeon levi judah and issachar leah s maid zilpah bore another two sons to jacob gad and asher his second wife rachel also bore only two sons joseph and benjamin as did her maid bilhah dan and naphtali the simple version of the ten lost tribes is that modern jewish communities are composed of the descendants of two of these 12 tribes because cyrus the great allowed these tribes to return to judah from their captivity in babylon however the location and fate of the remaining 10 tribes deported by the assyrians from the northern kingdom of israel two centuries earlier remains a mystery and it is this mystery that lies at the heart of the search for the ten lost tribes the ten lost tribes looks at what is known and unknown about the missing tribes of israel and speculation as to their fate along with pictures of important people places and events you will learn about the lost tribes of israel like never before in no time at all
