based on extensive reasoning acquisition research this volume provides theoretical and empirical considerations of the reasoning that occurs during the course of everyday personal and professional activities of particular interest is the text's focus on the question of how such reasoning takes place during school activities and how students acquire reasoning skills

Instructional Film Research Reports (rapid Mass Learning). 1953

an important contribution to the study of eu copyright law it provides a good overview of different aspects of copyright law in the european union and comprises a prevailing guide which undoubtedly will be of great use to both academics and practitioners ghufan sukkaryeh european intellectual property review estelle derclaye's book is indeed a handbook on eu copyright law since practically every aspect of copyright law is examined through the lens of eu law by foremost european specialists but it goes further than providing an understanding of what has been and ought to be happening in eu copyright law each chapter can touch a raw nerve in the copyright law of any country in the world rarely has it been so obvious that eu copyright law can be considered a laboratory for copyright law in general ysolde gendreau universit  de montr al canada it has been over fifteen years since the eu started harmonising copyright law this original handbook takes stock and questions what the future of eu copyright should be what went wrong with the harmonisation acquis what did the directives do well should copyright be further harmonised each of the 25 recognised copyright experts from different european countries gives a critical account of the eu harmonisation carried out on several aspects of copyright law subject matter originality duration rights defences etc and asks whether further harmonisation is desirable or not this way the handbook not only gives guidance to european institutions as to what remains to be done or needs to be remedied but is also the first overall picture of current and future eu copyright law this handbook will be of great interest to academics and intellectual property lawyers as well as

general commercial lawyers across europe because it reviews european directives in the field of copyright and also the relationships between copyright and other laws policymakers will also find much to interest them in the discussions regarding the future of eu copyright law and the proposed amendments to the existing legal framework

A.I.D. Research and Development Abstracts 1976

in recent years branded content and entertainment have become standard practice for brands advertising agencies and production companies this volume analyzes branded content through a theoretical and empirical study to examine the factors that have led to exponential growth and the adaptation of creative advertising processes in the creation of branded content the book debates the suitability and acceptability of branded entertainment as an advertising practice the different degrees of involvement of the brand in creating content and the brands mastery of entertainment it explores the implications that may underpin the practice and discusses the necessary creative elements involved in their successful execution as well as the effects it has on consumers and audiences this insightful book will be a valuable guide for academics and upper level students across marketing disciplines including advertising brand management and communications as well as screenwriting

A2 Film Studies 2010-12-14

a couple of generations ago the movie industry ran on gut instinct film schools audience research departments and seminars on screenwriting were not yet de rigueur today the standard is the analytical approach intended to demystify filmmaking and guarantee success or at least minimize failure the trouble with this method is that nobody knows how to do it they just think they do and films are made based on models of predictability rather than the merits of the script this insider's look at the craft and business of screenwriting explodes some of the popular myths demonstrating how little relevance the rules have to actual filmmaking with long experience in film and television the author provides insightful how not to analyses with commentary by such veterans as josh sapan ceo of amc networks bestselling author adriana trigiani and oscar nominated screenwriter nicholas pileggi goodfellas

An International Study of Film Museums 2020-12-29

inventing film studies offers original and provocative insights into the institutional and intellectual foundations of cinema studies many scholars have linked the origins of the discipline to late 1960s developments in the academy such as structuralist theory and student protest yet this collection reveals the broader material and institutional forces both inside and outside of the university that have long shaped the field beginning with the first investigations of cinema in the early twentieth century this volume provides detailed examinations of the varied social political and intellectual milieus in which knowledge of cinema has been generated the contributors explain how multiple instantiations of film study have had a tremendous influence on the methodologies curricula modes of publication and professional organizations that now constitute the university based discipline extending the historical insights into the present contributors also consider the directions film study might take in changing technological and cultural environments inventing film studies shows how the study of cinema has developed in relation to a constellation of institutions technologies practices individuals films books government agencies pedagogies and theories contributors illuminate the connections between early cinema and the social sciences between film programs and nation building efforts and between universities and u s avant garde filmmakers they analyze the evolution of film studies in relation to the museum of modern art the american film council movement of the 1940s and 1950s the british film institute influential journals cinephilia and technological innovations past and present taken together the essays in this collection reveal the rich history and contemporary vitality of film studies contributors charles r acland mark lynn anderson mark betz zoë druck lee grieveson stephen groening haden guest amelie hastie lynne joyrich laura mulvey dana polan d n rodowick philip rosen alison trope haidee wasson patricia white sharon willis peter wollen michael zryd

Document Retrieval Index 1976

volume 2 movies and methods volume ii captures the developments that have given history and genre studies imaginative new models and indicates how feminist structuralist and psychoanalytic approaches to film have achieved fresh valuable insights in his thoughtful introduction nichols provides a context for the paradoxes that confront film studies today he shows how shared methods and approaches continue to stimulate much of the best writing about film points to common problems most critics and theorists have tried to resolve and describes the internal contradictions that have restricted the usefulness of post structuralism mini introductions place each essay in a larger context and suggest its linkages with other essays in the volume a great variety of approaches and methods characterize film writing today and the final part conveys their diversity from statistical style analysis to phenomenology and from gay criticisms to neoformalism this concluding part also shows how the rigorous use of a broad range of approaches has helped remove post structuralist criticism from its position of dominance through most of the seventies and early eighties publisher description

The Filmmaker's Eye 2022-05-27
