Twentieth-Century America 2000-05-18 as this most tumultuous century draws to a close the need for a concise and trustworthy history is clear recent decades have seen the publication of american histories that are either bloated with unnecessary detail or infused with a polemical purpose that undermines their authority intwentieth century america thomas c reeves provides a fluidly written narrative history that combines the rare virtues of compression inclusiveness and balance from progressivism and the new deal right up to the present reeves covers all aspects of american history providing solid coverage of each era without burying readers in needless detail or trivia this approach allows readers to grasp the major developments and continuities of american history and to come away with a cohesive picture of the whole of the twentieth century the volume stresses social and well as political history emphasizing the roles played by all americans including immigrants minorities women and working people and pays special attention to such topics as religion crime public health national prosperity and the media reeves is careful throughout to present both sides of controversial subjects and yet does not leave readers bewildered about which interpretations are most strongly supported or where to explore these issues more thoroughly at the conclusion of each chapter the author cites ten authoritative volumes for further study the bibliographies as well as the text are refreshing in their lack of ideological bent objectivity reeves suggests is an illusive but worthy goal for the historian for anyone wishing to achieve a lucid historical overview of the past 100 years twentieth century america is the best place to start

Sixteenth Century North America 1975 the customary division of latin american history into colonial and modern periods has come into question recently this new book demonstrates that there was a middle period in latin america s historical evolution since the european conquest one no longer colonial but not yet modern which has left a legacy in its own right for contemporary latin america this volume is a narrative text on latin america s long nineteenth century from the period of imperial reforms in the late eighteenth century up to the great depression incorporating local and regional studies from the last three decades which have profoundly broadened and altered customary views about latin america the book is a synthesis of this middle period latin america in the middle period re evaluates the relation between subsistence and market production in the post independence economy stressing regional diversity it also re evaluates the mechanics of politics which customarily have been seen as liberal conservative caudillo oligarchy region nation and merchant landowner industrialist the text discusses the acceleration of the forces of modernization the rise of industrial capitalism and the beginnings of a national ordering of life in the late nineteenth and early twentieth centuries which eroded the fabric of middle period society a process consummated in the aftermath of world depression in the 1930s ushering in modern latin america this new volume is an excellent resource for courses in nineteenth century latin american history and the second half of latin american history survey

America in the Twentieth Century 2002-10 excerpt from the twentieth century american being a comparative study of the peoples of the two great anglo saxon nations the commercial power of the united states british workmanship tin tacks and conservatism a prophetic frenchman imperialism in trade the anglo saxon spirit about chaperons insist upon thyself english and american banks dealing in futures dog eat dog two letters commercial octopods trusts in america and england the standard oil company and solicitors legal chaperons the sanctity of stamped paper conclusions do honest traders exist about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

The American Century 1998 this volume represents the first transnational and hemispheric analysis of nineteenth century intersections between cartographic expeditions and visual material in the americas and features the multi disciplinary perspective of historians geographers and art historians

The Twentieth Century American 2018-01-12 the foreign observer in america is at once struck by the fact that the average of intelligence as that intelligence manifests itself in the spirit of inquiry in the interest taken in a great variety of things and in alertness of judgment is much higher among the masses in the united states than anywhere else this is certainly not owing to any superiority of the public school system in this country or if such superiority exists not to that alone but rather to the fact that in the united states the individual is constantly brought into interested contact with a greater variety of things and is admitted to active participation in the exercise of functions which in other countries are left to the care of a superior authority i have frequently been struck by the remarkable expansion of the horizon effected by a few years of american life in the minds of immigrants who had come from somewhat benighted

Cartographic Expeditions and Visual Culture in the Nineteenth-Century Americas 2022-08 excerpt from french memories of eighteenth century america if the reader be not pleased with the following sketch of early american customs he should blame a certain ancient sofa and not the author for it was the said sofa that caused these lines to be written and it came about in this way among some old furniture handed down in our family is an unusually long mahogany sofa upon which says tradition general lafayette frequently sat when he came to take tea tradition further alleged that in the memoirs of some frenchman name not given this fact was set forth at length curiosity to read what this unknown had to say upon the subject led through such pleasant literary country that soon the original purpose of the quest gave way to a constantly growing interest in these memoirs and records of the last quarter of the eighteenth century from the battle of lexington till the transfer of the federal government to the city of washington about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
