Human Relations and Organisational Behaviour 2004

organizational behaviour by buchanan and huczynski is one of the best established books in this field the authors popular blend of social science underpinning challenging assumptions applying theory to practice and using movies to explore topical issues makes this an ideal introduction to the subject this text can be used by undergraduate postgraduate and professional students as it assumes no prior knowledge of the social sciences in general or of organizational behaviour

Organisational Behaviour 2013-10-03

the features include a concise and straightforward approach offering a broad introduction to the discipline new coverage of discourse and post structuralism in organisational analysis updated case studies at the end of each chapter illustrating the main themes of the chapter and allowing students to apply ob in practice questions are found at the end of each case study to test students understanding of the cases further reading at the end of each chapter to provide students with the opportunity to explore further topics of interest in ob and key terms summaries discussion and self test questions to highlight the practical application of ob concepts and encourage students to critically review the material

Organizational Behavior 2019

Brooks offers readers a succinct lively and robust introduction to the subject of organisational behaviour while aiming to encourage and promote the critical examination of the theory of organisational behaviour this book also seeks to enable students to interpret and deal with real organisational problems this new edition has major changes to the text to embrace international contexts and the modern realities of OB it has proved a popular student choice because it combines relative brevity with thorough coverage and plentiful real world examples popular features for today's organisational behaviour course include more prominent organisational theory coverage this key topic has been moved forward to provide students with an overview of the different ways OB can be looked at early on in the book more coverage of modern communications technologies cross cultural management generational change and the gig economy new and updated case studies and 'managerial implications' boxes help to broaden students' knowledge and understanding of OB in real organisations 'illustration in film' boxes illustrate key ideas through famous films such as 12 angry men and the devil wears prada

Organizational Behavior 2006

many companies have been criticised for weaknesses in their business ethics and every year new scandals and ethical breaches hit the media the problem of ethical lapses however is not confined to business and there are few sectors of society that can claim the moral high ground in an increasingly transparent world employee engagement is founded on trust of their boss their department their whole enterprise the tone from the top how behaviour trumps strategy will convince you that the behaviour of leaders and the signals they send are more important than strategy in offering a model for a much more systematic approach and first hand evidence from interviews with the chairmen of a quarter of a trillion pounds of market capitalization ftse200 companies Ian Muir will persuade you that behaviour and signalling have a much greater influence on business performance and ethics than simply communicating a strategy
