Transforming the Way We Work 1995 explains how to introduce a more collaborative style of labour relations and human resources management

**Power at Work** 2007-03-29 providing detailed insights into working life mccabe a well known author in the fields of organization studies labour process theory and critical management studies offers a distinctive approach to innovation in the work place in this ethnography of a major us bank he argues that many innovations associated with the new corporation seem to re

**Bioelectric Power and Work in Gastro-intestinal Tissue** 1961 this book traces the history of working people who helped established the foundation of the american empire in the pacific from its origins after the american revolution to its coming of age in the 1840s and 1850s beginning with the expeditions of the columbia and the lady washington lampe argues that the early american pacific can best be considered through the interaction of four major locations connected through the networks of trade the merchant ship the northwest coast honolulu and canton guangzhou in each of these locations the labors of a diverse population of working people was harnessed in the critical labors of empire building including the transportation of goods the central question that the consideration of working people in the pacific economy during this period is lampe argues the role of power applied on these laborers by an international capitalist class emerging alongside the pacific commercial empires lampe also finds that this power was not uncontested and emerged in response to the activities of labor working people on the ship and in the port cities found ways to secure their piece of the profitable trade often through illicit means

Work, Class, and Power in the Borderlands of the Early American Pacific 2013-12-12 this book sheds a very bright light on poverty as a central experience of the people social workers work with research and theories of power politics and values are thoroughly discussed and provide the basis for a sustained commitment to social justice the book is a supportive read as it skilfully appreciates the personal challenges that critical and assertive practice entails it is a book for students professionals and service leads to keep re read and savour dr tillie curran senior lecturer in social work university of the west of england uk by identifying power poverty politics and values as core themes in social work this text offers us a refreshing perspective which will challenge students and practitioners alike to re evaluate their practice in the light of its wider social political and philosophical contexts through an exploration of issues of power and an interrogation of the real meaning of social work ethics and values sheedy motivates and encourages us to reflect on our practice and to ensure that it is truly person centred dr sue taplin university of nottingham uk this book offers a concise and coherent discussion of what should be core themes in thoughtful and careful social work practice it offers a journey towards rethinking and embracing effective critical practice which engages with human rights and social justice as much as with empowerment and with individual and interpersonal change occasional student accounts coupled with use of key points and questions for discussion make for accessibility the book synthesises summarises and critiques ideas about how to understand and resolve social issues enabling readers to question how they might work creatively alongside service users it is a book which invites reflection on policy and practice professor michael preston shoot dean faculty of health and social sciences university of bedfordshire uk this excellent text is essential reading for all social workers and students and a key resource for academics it highlights with concern and conviction the importance of developing an effective critical

practice that challenges enhances and broadens the task of conventional social work in ways that have the potential to improve outcomes for service users it calls for a social work practice based on an understanding of the issues of power politics and ideology and the values and world view held by the worker linked with concerns raised by the people that social workers regularly encounter and work with the issues of poverty and disadvantage and their structural causes run throughout this text issues that have been too long neglected in social work in this text martin sheedy corrects that neglect by outlining in some detail the impact of poverty on people's lives and life chances whilst at the same time describing how critical practice can be used by social workers to promote social justice and empowerment practices dr pamela trevithick visiting professor in social work buckinghamshire new university uk this engaging book introduces the core themes in social work and encourages students and practitioners to connect with the important debates surrounding these themes and challenges them to revisit the direction social work is and should be going in the key contexts of social work are explored using knowledge from the disciplines of social theory politics sociology psychology and ethics the content is enlivened by the voices of students service users and practitioners current and topical content on social work poverty politics power and values a discussion style format to help readers engage with the topics an extensive range of sources of knowledge and theory key summary points at the end of each chapter group discussion questions at the end of each chapter this book will contribute to social work students and practitioners thinking about the world in which they live and operate as professionals

Core Themes In Social Work: Power, Poverty, Politics And Values 2013-01-01 using object relations theory the text portrays man's deep ambivalence about power and uncovers the early sources of our wishes and fears about it it aims to provide a clarification of the essential differences between destructive and creative power and its position in everyday life

The Wish for Power and the Fear of Having It (Master Work Series) 1990-11-01 happy customers passionate employees a highly recognizable brand known for delivering on its promises that's the power of wow from its birth during the dot com boom in 1999 to its acquisition by amazon in 2009 zappos the customer service company that just happens to sell things online continues to turn heads with its disruptively entrepreneurial spirit and radically innovative employees ever unfolding throughout two decades zappos continues to outlive the seemingly inevitable short lifespan of the average corporate company how do they do it in the power of wow the essential follow up to tony hsieh's delivering happiness zapposians from every part of the business share powerful stories and lessons that they have learned in business and life from delivering empathetic customer service in the face of devastating circumstances to creating a self organized organizational structure using market based dynamics and everything in between fast paced and filled with authentic diverse voices the power of wow gives readers an exclusive and immersive understanding of how one company is finding resilience this glimpse inside the world of zappos shows how a self organized company is opening up avenues for passionate individuals to unleash their undiscovered strengths in the workplace and evolve the business from the inside out whether you are a customer an employee a business leader shareholder entrepreneur or just happened to pick up this book the power of wow will ultimately show how leading and infusing humanity into the workplace can change everything in your business your community and your life

The Power of WOW 2019-10-22 there is one major factor that explains business actions that has thus far escaped thorough exploration that factor is clout or as it is more broadly understood power those with clout in the business organizations make the decisions and influence what the business does yet the origins and uses of clout are hidden everyone wants to know more about this inner world as clout is still largely unrecognized in studies of corporate culture with clout the first researched based book on the topic bolland fills this void he systematically analyses the subject and answers the many questions about this aspect of business life including exploring what organization clout is how it has evolved how it is manifested how it is used and how it relates to other aspects of business organizations readers will be able to apply findings to their own career and students will gain a tested framework for understanding the importance of this subject

Clout 2014-08-07 after years of building a fighting organization of welfare recipients domestic workers shoe shiners child care workers security guards unemployed workers and other no and low wage workers the organizers and leaders of people organized to win employment rights power realized that we couldn't answer some basic questions what is the nature of the world's political economy how are our campaigns for racial economic and gender justice impacted by neo liberalism and imperialism what will it take to build a movement in such despondent and challenging times in 2004 the members of power's committee for working class leadership and strategy decided to answer these questions we wanted to make sure that we had the skills necessary to develop strategy for our own organization and to help to develop strategy for the movement this book is the result towards land work power is a book by conscious organizers for conscious organizers rooted in our experiences building a membership organization in san francisco's working class communities towards land work power represents four organizers attempt to assess the racist sexist homophobic and inherently exploitative system of imperialism ending with an alternative vision for san francisco and the world the book attempts to equip us with what we will need to move towards land work and power for all you hold in your hands one of the most important critical analyses of neoliberalism u.s empire and the impact they are having on the urban working poor and people of color but this compact and readable book packs much more than a brilliant critique of the current economic and political crises instead towards land work power offers a strategy a sophisticated anti imperialist strategy that pays attention to race gender culture community immigration and international solidarity veterans of many years of community and labor organizing in the san francisco area the folks at power understand power and what it means to fight back in the belly of the beast this book ought to be mandatory reading for anyone committed to a politics of transformation robin d g kelley

Towards Land, Work and Power 2006 between working men and women which may include free wage earners chattel slaves indentured labourers sharecroppers domestic servants and many others and those employing them there has always been a constant mostly silent but sometimes overt struggle concerning employers discretionary

power and over the interpretation of formal and informal rules there is a constantly shifting frontier of control that is an ongoing struggle for control in the workplace with managers and supervisors trying to increase their power over their subordinates and their subordinates in reaction trying to maintain and increase their relative autonomy the detailed case studies in this volume span three centuries and cover different parts of the world still they speak to each other in many ways highlighting the fact that power at work whether on the shopfloor or beyond results from a wide range of complex interrelations between technological innovations and the ways in which they are actually implemented between the division of labour at the site of production or service provision and changing standards of social segmentation beyond the premises of the company which can be reinforced or weakened by management strategies of utilizing labour power as well as workers reaction to these strategies and finally between politics in production which shape the relations between capital and labour on the shopfloor and state politics of production which cannot be understood without reference to broader developments in economy and society

**Power At Work** 2023-07-04 the national bestseller from the host of cbc radio s white coat black art now in paperback in the high pressure and complex setting of health care a new approach to teamwork is leading to healthier patients happier staff and more efficient operations doctors are learning art appreciation to improve diagnostic skills hospitals are adopting airplane style black boxes in operating rooms to reduce errors and create better teams and lessons from the medical world are helping to build better teamwork outside hospitals through board games like friday night at the er fortune 500 companies and other organizations are learning that running a busy emergency room provides valuable insight that can help anyone who is part of a team or leads one to be more effective although a group is not a team any group can become a team drawing on groundbreaking research including how to leverage the science of team building brian goldman offers teachable strategies and examples from around the world that can make us all work better together
