s eighth edition of the best selling home improvement book in north america for more than a decade now completely updated to conform to 2020 2023 national electrical code project mustang is a complete guide to restoring america s favorite muscle car written by auto restoration guru larry lyles a regular contributor to auto restorer magazine in this detailed 23 chapter volume lyles walks the car owner from the in depth inspection of the vehicle and the beginning of the teardown to re covering the seats and replacing the frame rail and every step in between the car restored for the project in the book is a 1968 california special mustang the chapter titles themselves speak for what a straightforward diy manual lyles has written as he details the step by step procedure of bringing a very cool rod back to life beginning the teardown exterior and interior repairing the sheet metal door and deck up removing the major parts driveshaft engine transmission front suspension steering system etc removing old point and replacing rust floors no weld rust repair perfecting the metal working with plastic body filler priming and sanding refinishing the components and underside the door interior trunk and body wiring the car and installing the doors applying the coatings rebuilding the suspension and installing the brake lines installing the vinyl top cover the headliner and the glass rebuilding and installing the engine installing the front sheet metal emblems bumpers stripes carpet and console re covering the seats and replacing the frame rails each step in every chapter is photographed as the author progresses along with captions to spell out exactly what has to happen the book offers helpful advice about choice of tools and tips to make even beginners feel confident about tackling the many steps involved with nearly forty years experience in repairing rebuilding and restoring classic cars and lots of non classic ones lyles emphasizes the reader s need to organize his or her project by determining the course of the project researching suppliers making lists of parts and their conditions creating spreadsheets of estimated and actual costs and photographing each component as a reference for later in case the restoration goes off track each chapter ends with a notes page for the reader to record his or her progress making this manual a practical workbook as well when the reader gets to the final pages of the book and reads the sections start the engine and test drive the car there will be a true sense of accomplishment an appendix of part suppliers and an index complete the book the high water mark of the muscle car era is usually credited as 1970 and for good reason chevrolet was now stuffing high powered 454 engines into chevelles adding a larger displacement above the still available 396 402 offered buyers the option to order the most powerful production car of that era the 1970 1972 chevelles remain the most collectible of the model to this day author and historian dale mcintosh pairs with restoration expert rick nelson to provide this bible of authenticity on the legendary 1970 1971 and 1972 chevelle models everything about restoring your chevelle back to bone stock is covered meticulously including step by step instructions for chassis and interior restoration understanding date variances on parts applicable to the build date of your chevelle is vital to a factory correct restoration and including them in this book provides a depth of coverage on these cars that is unequalled restoring a 1970 1972 chevelle back to concours correct takes a certain amount of expertise thankfully rick and dale have done a lot of the heavy lifting on the research side with this authenticity guide you can be confident that you have all the correct components and options accurately and expertly represented for your stock restoration these fine details put the chevelle restoration and authenticity guide 1970 1972 a cut above the rest popular mechanics inspires instructs and influences readers to help them master the modern world whether it s practical diy home
