Equity Crowdfunding

raise money without a bank or a vc through the crowd for many startups and growing companies gaining marketing exposure and raising external funding from investors are 1 and 2 on their

priority list but until recently they were always separate activities first you would raise the money and then you would spend it on marketing the advent of equity crowdfunding means these two critical tasks can be done at the same time this is a game changer equity crowdfunding a hybrid of venture capital and kickstarter unlike venture capital the company founders get to set their own offer terms retain their company culture and bring on dozens or even hundreds of shareholders rather than just a tiny handful and gain all the promotional benefits that come with this and unlike the crowdfunding offered by sites like kickstarter and indiegogo equity crowdfunding allows a company to offer shares in itself instead of a pre ordered product this means equity crowdfunding can be used by far more types of businesses and typically attracts a lot more money companies regularly raise hundreds of thousands or even millions of dollars through equity crowdfunding this book will show you how equity crowdfunding offers amazing potential for startups and growing companies but it is also a very steep learning curve many companies begin with no real idea of how to choose a platform how to craft their pitch or what they should be doing to drive people to their offer page and invest in this step by step guide you will learn the forces which have brought equity crowdfunding to where it is today how to tell whether equity crowdfunding will be a good fit for your company the biggest mistakes that can kill an offer before it has even begun how to build critical momentum one company raised 1 million in 96 seconds how to construct a marketing plan to get people literally counting down to your launch how to salvage an offer which is stuck and re ignite the momentum what past campaigns wished they had known before they had started the incredible impact equity crowdfunding can have on your business and profile the world s first comprehensive resource featuring the very best strategies from 20 real companies who have used equity crowdfunding to raise millions of dollars euros and pounds and the expert advice from 12 market leading platforms at the forefront of the equity crowdfunding revolution this book is truly global in scope featuring contributions from the united kingdom the united states france the netherlands germany sweden finland estonia canada the middle east australia and new zealand this is the complete guide with no prior knowledge assumed and will teach you equity crowdfunding from the ground up

out there it was a logistic regression flash forward several years and i m now one of the top experts in the crowdfunding industry i started the blog crowdcruX which did over one million views in 2015 i set up a forum called kickstarterforum which has attracted over six thousand members i even launched a popular podcast called crowdfunding demystified which has racked up more than 100 positive reviews in itunes finally i also put out training videos on youtube and i am proud to say that the channel is experiencing rapid growth that all sounds impressive but actually when i first stumbled on the website kickstarter i didn t have a clue how it worked it seemed super confusing and i had so many questions since 2012 i ve come to master the platform and discover the ins and outs of how crowdfunding really works i ve published many of my findings online and i ve been being linked to by sites like cnn the new york times the huffington post and even the wall street journal in this guide i m going to share with you the step by step launch strategy for absolutely crushing it on kickstarter in no time at all you ll be raising money for your startup or creative project i ll make it super easy to copy and implement these tactics and strategies i ll also share some jedi mind tricks that most marketers don t know about before you know it you ll be a crowdfunding expert now i bet you re thinking boy this all sounds like a lot of work do i really have to learn all of this i just want to get funding for my project truth be told it is a lot to master which is why having the right teacher can make all of the difference i ll make sure that you master this material as quickly as possible so that you can stop fundraising and get back to doing what you love either way whether you decide to run your own kickstarter campaign or outsource certain aspects it pays to know what you re doing i want to help you smash your kickstarter goal and then i hope you come on my podcast as a crowdfunding success story it s time to get serious about making that business you ve been dreaming about a reality it s finally time to get paid for your creative work let s get started
