Richmond's Priests and Prophets

2017-06-06

explores the ways in which white christian leaders in richmond virginia navigated the shifting legal and political battles around desegregation even as members of their congregations struggled with their own understanding of a segregated society douglas e thompson s richmond s priests and prophets race religion and social change in the civil rights era presents a compelling study of religious leaders impact on the political progression of richmond virginia during the time of desegregation scrutinizing this city as an entry point into white christians struggles with segregation during the 1950s thompson analyzes the internal tensions between ministers the members of their churches and an evolving world in the mid twentieth century american south white christians were challenged repeatedly by new ideas and social criteria neighborhood demographics were shifting public schools were beginning to integrate and ministers influence was expanding although many pastors supported the transition into desegregated society the social pressure to keep life divided along racial lines placed richmond s ministers on a collision course with forces inside their own congregations thompson reveals that to navigate the ideals of christianity within a complex historical setting white religious leaders adopted priestly and prophetic roles moreover the author argues that until now the historiography has not viewed white christian churches with the nuance necessary to understand their diverse reactions to desegregation his approach reveals the ways in which desegregationists attempted to change their communities minds while also demonstrating why change came so slowly highlighting the deeply emotional and intellectual dilemma of many southerners whose worldview was fundamentally structured by race and class hierarchies

Wars within a War

2009-06-01

Matthew Fontaine Maury, Father of Oceanography

2015-01-12

from ghost towns to circus performers to mass hysteria the bluegrass state is no stranger to the strange read stories of famed president abraham lincoln you ve never heard before find possible solutions to the mystery of pearl bryan s missing head and decipher the outrageous hoaxes involving an unsolvable puzzle and monkeys trained to perform farm work learn about the time when the author wrote to charles manson as a joke and manson wrote back four times join author keven mcqueen as he recounts some of the weirder vignettes from kentucky lore

From Jim Crow to Civil Rights

2004

other souths collects fifteen innovative essays that place issues of race class gender ethnicity and sexuality at the center of the narrative of southern history using a range of methodologies and approaches contributing historians provide a fresh perspective to key events and move long overlooked episodes into prominence pippa holloway edited the volume using a chronological and event driven framework with which many students and teachers will be familiar the book covers well recognized topics in american history wars reform efforts social movements and political milestones cultural topics are considered as well including the development of consumer capitalism the history of rock and roll and the history of sport the focus and organization of the essays underscore the value of southern history to the larger national narrative other souths reveals the history of what may strike some as a surprisingly dynamic and nuanced region a region better understood by paying closer and more careful attention to its diversity

Bizarre Bluegrass: Strange but True Kentucky Tales

2020-08-17

the gospel working up offers a history of three generations of baptist and methodist clergymen in nineteenth century virginia and through them of the congregations and communities in which they lived and worked schweiger examines the religious experience both before and after the civil war showing how southern

protestantism became an instrument of spiritual moral material and cultural progress

Supplement to Catalogue. No. 1. List of American Medical Journals

1872

offering a fresh look at interracial cooperation in the formative years of jim crow the uplift generation examines how segregation was molded not by virginia s white political power structure alone but rather through the work of a generation of virginian reformers across the color line who from 1900 to 1930 engaged in interracial reforms this group of paternalists and uplift reformers believed interracial cooperation was necessary to stem violence and promote progress although these activists had varying motivations they worked together because their progressive aims meshed finding themselves unlikely allies unlike later incarnations of interracialism this early work did not challenge segregation but rather helped to build and define it intentionally and otherwise the initiatives whose genesis ranged from private one on one communications to large scale interracial organizations shaped progressivism the emergence of a race conscious public welfare system and the eventual parameters of jim crow in virginia through extensive use of personal papers newspapers and other archival materials the uplift generation shares the stories of these fascinating yet often forgotten reformers and the complicated and sometimes troubling consequences of their work

Other Souths

2008

few north carolinians were as well known or as widely respected as william friday 1920 2012 although he never ran for elected office the former president of the university of north carolina was prominent in public affairs for decades and ranked as one of the most important american university presidents of the post world war ii era in this comprehensive biography william link traces friday s long and remarkable career friday s thirty years as president of the university from 1956 to 1986 spanned the greatest period of growth for higher education in american history and he played a crucial role in shaping the sixteen campus university during that time of tumultuous social change in the 1960s and 1970s he confronted a series of administrative challenges including the expansion of the university system the evolving role of the federal government in the affairs of a public university an intercollegiate athletics scandal the anticommunism crusade and the speaker ban and racial integration link also explores friday s

influential work outside the university in american higher education on the carnegie commission on the future of american education and the white house task force on education and in the development of the national humanities center and the growth of research triangle park after retiring from the university friday headed the william r kenan jr fund and the kenan charitable trust he died october 12 2012

The Gospel Working Up

2000-02-10

lee s young artilleryman looks at pegram as a case study to explore the worldview of slaveholders in the antebellum south

William Friday

2000-11-09

in august 1831 in southampton county virginia nat turner led a bloody uprising that took the lives of some fifty five white people men women and children shocking the south nearly as many black people all told perished in the rebellion and its aftermath nat turner and the rising in southampton county presents important new evidence about the violence and the community in which it took place shedding light on the insurgents and victims and reinterpreting the most important account of that event the confessions of nat turner drawing upon largely untapped sources david f allmendinger jr reconstructs the lives of key individuals who were drawn into the uprising and shows how the history of certain white families and their slaves reaching back into the eighteenth century shaped the course of the rebellion never before has anyone so patiently examined the extensive private and public sources relating to southampton as does allmendinger in this remarkable work he argues that the plan of rebellion originated in the mind of a single individual nat turner who concluded between 1822 and 1826 that his own masters intended to continue holding slaves into the next generation turner specifically chose to attack households to which he and his followers had connections the book also offers a close analysis of his confessions and the influence of thomas r gray who wrote down the original text in november 1831 allmendinger draws new conclusions about turner and gray their different motives the authenticity of the confession and the introduction of terror as a tactic both in the rebellion and in its most revealing document students of slavery the old south and african american history will find in nat turner and the rising in southampton county an outstanding example of painstaking research and imaginative family and community history the exhaustive research allmendinger presents greatly enriches our historical understanding of the southampton rebellion through the eyes of its key victims nat turner and the rising in southampton county reveals important dimensions of the rebellion s local history and contextualizes the event as nat turner did within the context of slavery in southampton county reviews in history allmendinger s great achievement is that he made full use of new primary sources related to the uprising of 1831 new sources hitherto hidden in plain sight most importantly he understood the significance of this material and knew exactly how to mine it for valuable new insights into virtually every aspect of nat turner s rebellion reviews in american history no one has done more to corroborate and sync the details nor to illuminate turner s inspirations and goals nat turner and the rising in southampton county is a model of historical methodology and goes further than any other previous work in helping readers understand turner s motives and meaning african american intellectual history society we are all in david allmendinger s debt for the labor of research that has given the rising in southampton county its absent material context law and history review though the subject of countless

histories novels videos and websites nat turner the leader of the largest slave insurrection in u s history remains an enigma yet in this new and challenging study the life and times of the legendary revolutionary come into much better focus a must read for historians of slave resistance and all others interested in the history of antebellum virginia and in particular southampton county register of the kentucky historical society allmendinger approaches a well trodden historical event from a distinctive perspective he provides the most complete historical context surrounding the rebellion ultimately allmendinger succeeds in providing a more complete understanding of the community of southampton virginia and offers a better explanation for the motivations that led turner and his followers down such a bloody path in 1831 choice david f allmendinger jr is professor emeritus of history at the university of delaware he is the author of paupers and scholars the transformation of student life in nineteenth century new england and ruffin family and reform in the old south

War Volunteering in Modern Times

2010-12-14

virginia played an important role during world war i supplying the allied forces with food horses and steel in 1915 and 1916 after america entered the war in 1917 virginians served in numerous military and civilian roles red cross nurses sailors shipbuilders pilots stenographers and domestic gardeners more than 100 000 were drafted more than 3600 lost their lives almost every city and county lost men and women to the war the author details the state s manifold contributions to the war effort and presents a study of monuments erected after the war

Roots of Secession

2003

this fresh examination of antebellum politics comprehensively examines the ways that gender issues and gendered discourse exacerbated fissures within the democratic party in the critical years between 1856 and 1861 whereas the cultural politics of gender had bolstered democratic unity through the 1850s the lecompton crisis and john brown s raid revealed that white manhood and its association with familial and national protection meant disparate and ultimately incompatible things in free and slave society in fierce debates over the extension of slavery gendered rhetoric hardened conflicts that ultimately led to the outbreak of the civil war lauren haumesser here traces how northern and southern democrats and their partisan media organs used gender to make powerful arguments about slavery as the sectional crisis grew from the emergence of the republican party to secession gendered charges and countercharges turned slavery into an intractable cultural debate raising the stakes of every dispute and making compromise ever more elusive

The War After the War

2022-06

political developments in georgia have always been baffling to those who did not live there this work picks up the story of the evolution of georgia political parties where the author left it in his first book politics on the periphery factions and parties in georgia 1783 1806 1986 carrying the story through 1845 by which date parties in georgia actually mirrored those at the national level it is a complicated story involving among other things the legacy of the yazoo land fraud the development of political parties on the national level and especially the presence of the creek and cherokee tribes in georgia during a period when white georgians were bent on expanding the culture of cotton it is an unlovely story but by the mid 1840s parties in georgia finally resembled those in other parts of the nation though if one looked closely at their principles questions remained
