1992 p 259 261 this carefully researched study is the first to chronicle the history of allied involvement in the
defense of british french and dutch possessions in the caribbean the study is extremely well researched and well
written the definitive work in this particular area of historical research based on all available sources in english
french and dutch published and unpublished choice although few military campaigns were fought in the caribbean the
region had strategic importance throughout world war ii for the united states and its allies this carefully
researched study is the first to chronicle the history of allied involvement in the defense of british french and
dutch possessions in the caribbean the first chapter examines the events and diplomacy that led in 1939 to britain's
granting the united states permission to base military facilities in bermuda st lucia and trinidad and to the
creation of the caribbean sea frontier later chapters detail the troubled course of british american cooperation as u
s military commitments and regional dominance increased also described is the role of the netherlands with britain
and the united states in the defense of the oil and bauxite reserves in the dutch caribbean territories and the
friction between britain and the united states over french caribbean possessions the final chapters analyze strategic
shifts occurring as a result of the war and influencing postwar settlements negotiated for the region 1 2 3
