## **Formula For Life, Completely Revised And Updated 1999-08-18**

the first maxim of writing is to write about what you know the author lena irene siler definitely has done just that in this delightful book tracing the lives of her ancestors and the fascinating journeys they experienced in this semi autobiographical novel you will meet true pioneers itinerant preachers farmers scalawags and mule skinnners join the coal miners who braved death every time they descended in to the tunnels to bring out the fuel that powered this nation s emergence as a world power dealing with drought floods harsh winters and lack of modern medicines these hardy souls threw themselves into a difficult battle with nature corporate greed and deprivation they worked together worshiped together and helped their neighbors in every way possible in spite of the terrible odds they faced they persevered and became the spirit of america proud strong and willing to do whatever it took to make a new home for themselves and their families

**nonlinear optics and solid state lasers advanced  
concepts tuning fundamentals and applications springer**  
lena has done an amazing amount of research delving into  
governmental records journals and of course her own personal  
**series in optical sciences (PDF)**  
history these are her people and she presents them to you as  
real heroes these are stories of hope and faith you will  
treasure
