Essential SQA Exam Practice: Higher Business Management Questions and Papers

2022-06-10

a number of public enterprise pe executives have long felt the need for a book which would provide necessary information and analysis of various dimensions of pe management and privatisation the book provides at one place a precise and authoritative account of the concept policy and analysis of major issues confronting pes public ownership per se does not make pe performance sub optimal the operation of the government system of which pe is a sub system has not been conducive to performance during the last six decades inadequate political will and vested interests have come in the way of freeing pes from excessive and throttling controls and demoralising accountability not letting the managers manage with the freedom required in the liberalised and globalised set up is the problem the multifarious and complex

managerial problems of pes which get compounded by faltering moves towards privatisation cannot be wished away these have been considered in the book at some length the book first published in 1980 continues to be a standard work on the subject this latest edition has been revised by dr r k mishra director institute of public enterprise hyderabad

Plumas National Forest (N.F.), Empire Vegetation Management Project

2005

this book presents case studies of south asian companies that have strategic business implications highlighting the complex interplay of business and social dynamics in south asia this region is a wide agglomeration of very different countries that share somewhat common cultures and issues and yet it is torn apart by religion and politics there is an abundance of local entrepreneurship but a widespread institutional void the book investigates how local companies survive and thrive in this environment and discusses those companies that have withstood the competitive pressure of mncs depicting their management and business practices in today s world where multinationals are so omnipresent that their management and business practices are considered as the de facto recipe for success there is a need to have an alternative view that challenges the ubiquitousness of multinational management practices the case studies in this book focus on the business and management practices of local organizations in south asia and thus provide that alternative viewpoint of how to achieve success in south asia exposing readers to a local perspective on doing business in south asia it is a valuable resource for students and practitioners of management
