for a bowler taking all ten wickets in an innings is the ultimate statistical feat it is also a very rare one in nearly 60 000 first class matches it has been achieved only 81 times surprisingly although books have been written about hedley verity s world record ten for 10 in 1932 and jim laker s all ten in the 1956 old trafford test nobody has ever written a book describing every all ten until now all ten chronicles each all ten from edmund hinkly s at lord s in 1848 to zulfiqar babar s at multan over a century and a half later all tens have been taken at many different venues from famous test match grounds to outgrounds on which first class cricket is no longer played some were taken by great bowlers such as colin blythe and clarrie grimmitt some by less well known ones including harry pickett of essex and tom graveney s brother ken some bowlers were at the beginning of their careers some were nearing the end you will read about them all here and their very special feat and maybe wonder why the bowlers at the other end didn t strike even once why many of the greatest bowlers of all time never took an all ten and why all tens have become much rarer in the last half century
