Maine Register, State Year-book and Legislative Manual 1887

coaches are amongst the most visible figures in sport today but little is known about the history of their profession this book examines the history of coaching from the early nineteenth to the late twentieth century it uses a number of sports as case studies that includes cricket swimming rugby union athletics football and tennis the focus is largely english but international examples are used to illuminate the british context a number of themes are explored initially in the 1800s the coach was like an artisan who learned his skills on the job and coaching was similar to a craft early coaches were professionals but from the late nineteenth century an amateur elite governed british sport who inhibited and in some sports banned coaching as the twentieth century progressed though different sports at different stages began to embrace coaching as international competition intensified in addition the nature of coaching changed as a more scientific and managerial approach was applied finally in football the export of early british coaches is examined in light of the migration of international athletes and also as a process of knowledge transfer this book was published as a special issue of sport in history

Gas Age 1957-07

the first in the acclaimed a staircase in surrey quintet opens in oxford at the eponymous annual dinner laid on by fellows patullo finds himself embroiled in the problems faced by a

cabinet minister and also mogridge famous for an account of his adventures in south america but it doesn't stop there as pattullo acquires problems of his own

Coaching Cultures 2014-06-11

on battleships behind the trenches of the western front and in the midst of the desert war british servicemen and women have played sport in the least promising circumstances when 400 soldiers were asked in burma in 1946 what they liked about the army 108 put sport in first place well ahead of comradeship and leave and this book explores the fascinating history of organised sport in the life of officers and other ranks of all three british services from 1880 1960 drawing on a wide range of sources this book examines how organised sport developed in the victorian army and navy became the focus of criticism for edwardian army reformers and was officially adopted during the great war to boost morale and esprit de corps it shows how service sport adapted to the influx of professional sportsmen especially footballers during the second world war and the national service years

Catalogue of Printed Books 1954
